

Dowinx LS

Dowinx Gaming Chair User Manual

Model: LS | Brand: Dowinx

INTRODUCTION

Thank you for choosing the Dowinx Gaming Chair. This manual provides essential information for the proper assembly, operation, and maintenance of your new chair. Designed for comfort and durability, this chair features a fabric finish with a pocket spring cushion, massage lumbar support, adjustable headrest, and a retractable footrest, making it ideal for gaming, working, or relaxing.

SAFETY INFORMATION

Please read all safety warnings and instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limit:** Do not exceed the maximum recommended weight capacity of 290 lbs (131.5 kg). Note that the support effect of the spring cushion may decrease if the weight is ≥ 220 lbs.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep children and pets away during assembly.
- Use the chair on a flat, stable surface.
- Avoid standing on the chair or using it as a step stool.

COMPONENTS LIST

Before beginning assembly, ensure all parts are present and undamaged. Refer to the assembly diagram (if provided in physical manual) for visual identification.

- Backrest
- Seat Cushion with Pocket Springs
- Armrests (Patented Linkage Design)
- Gas Lift Cylinder (Class 4)
- Base with 360° Smooth-Glide Casters
- Headrest Pillow

- Lumbar Support Pillow (Vibration-Infused)
- Retractable Footrest
- Assembly Hardware (Screws, Hex Key)

SETUP AND ASSEMBLY

Assembly of the Dowinx Gaming Chair is designed to be straightforward. It is recommended to assemble the chair on a soft, clean surface to prevent scratches.

1. **Attach Casters to Base:** Insert the 5 casters into the holes at the end of each leg of the chair base. Push firmly until they click into place.
2. **Install Gas Lift:** Place the gas lift cylinder into the center hole of the assembled base.
3. **Attach Mechanism to Seat:** Secure the chair's control mechanism to the underside of the seat cushion using the provided screws. Ensure the front of the mechanism aligns with the front of the seat.
4. **Connect Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder, ensuring it is centered and stable.
5. **Attach Backrest to Seat:** Align the backrest with the mounting brackets on the seat. Secure it using the designated screws. The backrest is fixed with a steel plate and triangular screw distribution for enhanced stability.
6. **Install Armrests:** Attach the armrests to the sides of the seat and backrest, following the specific attachment points.
7. **Attach Headrest and Lumbar Pillows:** Position the headrest pillow at the top of the backrest and the lumbar support pillow at the lower back. Both are detachable and adjustable to suit your height and comfort needs.
8. **Assemble Footrest:** Attach the retractable footrest mechanism to the underside of the seat as per instructions.

OPERATING INSTRUCTIONS

Adjusting Chair Functions

- **Height Adjustment:** Use the lever located under the seat on the right side to adjust the chair's height. Pull the lever up to raise the chair (when no weight is applied) or lower it (when seated). Release the lever to lock the height.
- **Backrest Recline (90°-135°):** The chair features a reclining function. Use the recline lever (typically on the left side) to adjust the backrest angle. Lean back to your desired position and release the lever to lock. This allows for various postures, from upright gaming to relaxed napping.
- **360° Rotation:** The chair's base allows for full 360-degree swivel, providing flexibility and ease of movement.
- **Retractable Footrest:** Pull the footrest out from under the seat when you wish to extend your legs. Push it back in when not in use. This feature is ideal for full-body relaxation when reclining.
- **Vibration-Infused Lumbar Pillow:** The lumbar pillow provides a massage function. Connect the USB-A cord from the pillow to a compatible USB power source (e.g., computer, power bank). Note that there is no separate on/off switch; the massage function activates upon connection.
- **Detachable Head & Lumbar Pillows:** These pillows can be moved or removed to best suit your ergonomic needs and comfort preferences.

ADAPT ANYWHERE GAME EVERYWHERE

The Ultimate Multi-Position Gaming Chair

90° Game

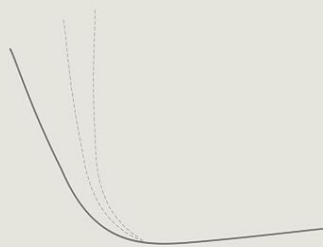

110° Read

145° Relax

Figure 2: The chair adapts to various activities, including gaming, reading, and relaxing, with its multi-position recline.

ADJUSTABLE BACKREST

Tilt and lock at your perfect angle – whether you're gaming, working, or just chilling.

Figure 3: Visual representation of the adjustable backrest, allowing users to tilt and lock at their preferred angle.

RETRACTABLE FOOTREST

Kick back in style! Extend the footrest for full-body relaxation when you recline.

Figure 4: The retractable footrest extends for full-body relaxation and can be neatly stored when not in use.

VIBRATION-INFUSED LUMBAR PILLOW

Relax with soothing massage modes to melt away tension after hours of play.

Figure 5: The lumbar pillow features a vibration function to help alleviate tension during extended use.

MAINTENANCE

- **Cleaning:** The chair's fabric surface should be dry cleaned. For minor spills, gently blot with a clean, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all screws and bolts to ensure they are tight. Re-tighten any loose fasteners to maintain stability and safety.
- **Caster Care:** Keep the casters clean from dust and debris to ensure smooth movement.
- **General Care:** Avoid exposing the chair to direct sunlight or extreme temperatures, which can affect the fabric and foam integrity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair wobbles or feels unstable.	Loose screws or uneven assembly.	Check and tighten all assembly screws. Ensure the chair is on a flat surface.
Chair does not adjust height smoothly.	Gas lift issue or obstruction.	Ensure no obstructions are blocking the gas lift mechanism. If the issue persists, the gas lift may need replacement.
Footrest is difficult to extend/retract.	Mechanism obstruction or misalignment.	Check for any debris or objects obstructing the footrest rails. Ensure it is properly aligned.
Lumbar massage not working.	USB power issue or cable disconnection.	Ensure the USB-A cable is securely connected to a working power source. Try a different USB port or power adapter.
Spring cushion feels less supportive.	Exceeding recommended weight limit.	The support effect may decrease if the user's weight is ≥ 220 lbs. Ensure the chair is used within its specified weight capacity.

SPECIFICATIONS

Feature	Detail
Brand	Dowinx
Model Number	LS
Color	Black
Product Dimensions (D x W x H)	32"D x 22"W x 9"H
Size	Standard
