

## SCHWAIGER RAFM0100

# SCHWAIGER RAFM0100 Bathroom Radio Plug User Manual

Model: RAFM0100 | Brand: SCHWAIGER

## 1. INTRODUCTION

Thank you for choosing the SCHWAIGER RAFM0100 Bathroom Radio Plug. This device combines an FM radio, Bluetooth speaker, alarm clock, and an integrated light sensor into a compact plug-in unit. This manual provides essential information for the safe and efficient operation of your device. Please read these instructions carefully before use and retain them for future reference.

## 2. SAFETY INSTRUCTIONS

- Ensure the device is connected to a properly grounded power outlet.
- Do not expose the device to extreme temperatures, direct sunlight, or high humidity.
- Avoid placing the device near water sources or in areas where it may be splashed.
- Do not attempt to open or repair the device yourself. Refer all servicing to qualified personnel.
- Keep out of reach of children.
- Unplug the device from the power outlet before cleaning.

## 3. PACKAGE CONTENTS

- 1x SCHWAIGER RAFM0100 Bathroom Radio Plug
- 1x User Manual

## 4. PRODUCT OVERVIEW

The SCHWAIGER RAFM0100 is designed for convenience and functionality, featuring an integrated plug for direct power connection. It includes an LED display, control buttons, a rotary volume knob, a speaker,

and a light sensor.

Detailed diagram of the SCHWAIGER RAFM0100 controls, showing buttons for volume, track navigation, power/mode, and alarm.

## Controls and Indicators:

- **LED Display:** Shows time, FM frequency, and mode indicators.
- **Volume Knob:** Rotary control for adjusting audio volume. Press to Power On/Off or Play/Pause.
- **Previous Button (<):** Skips to the previous track in Bluetooth mode or tunes down in FM mode.
- **Next Button (>):** Skips to the next track in Bluetooth mode or tunes up in FM mode.
- **Mode/Alarm Button (/M):** Switches between FM, Bluetooth, and AUX modes. Long press to enter alarm setting.
- **Light Sensor:** Automatically activates LED lighting in dark environments when noise is detected.

## 5. SETUP

1. **Power Connection:** Plug the device directly into a standard wall power outlet. The LED display will illuminate.
2. **Initial Power On:** Press the Volume knob (Power/Play/Pause button) to turn on the device.

## 6. OPERATING INSTRUCTIONS

### 6.1 Power On/Off

- **To Power On:** Press the Volume knob.
- **To Power Off:** Press and hold the Volume knob for a few seconds.

### 6.2 FM Radio Operation

The SCHWAIGER RAFM0100 radio plug highlighting its FM radio functionality, with a graphic representation of radio waves.

1. **Select FM Mode:** Press the Mode/Alarm button ( /M) until 'FM' is displayed.
2. **Automatic Station Search:** Press and hold the Play/Pause button (Volume knob) in FM mode to initiate an automatic scan for available stations. The radio will save found stations.
3. **Manual Tuning:** Briefly press the Previous (<<) or Next (>>) buttons to manually tune to the next available station.

### 6.3 Bluetooth Pairing

The SCHWAIGER RAFM0100 radio plug in a bathroom setting, connected via Bluetooth to a smartphone playing music.

1. **Select Bluetooth Mode:** Press the Mode/Alarm button ( /M) until 'BT' is displayed on the screen. The device will enter pairing mode.
2. **Enable Bluetooth on Your Device:** On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings and enable Bluetooth.
3. **Connect:** Search for 'SCHWAIGER RAFM0100' in the list of available devices and select it to pair. A confirmation sound will indicate successful pairing.
4. **Play Music:** Once paired, you can play audio from your connected device through the radio's speaker. Use the Previous (<<), Next (>>), and Play/Pause (Volume knob) buttons to control playback.

## 6.4 Volume Adjustment

- Rotate the Volume knob clockwise to increase the volume.
- Rotate the Volume knob counter-clockwise to decrease the volume.

## 6.5 Alarm Function

- **Set Alarm:** Press and hold the Mode/Alarm button ( /M) to enter alarm setting mode. Use the Previous (<<) and Next (>>) buttons to adjust the hour and minute, and press the Mode/Alarm button

to confirm each setting.

- **Activate/Deactivate Alarm:** Briefly press the Mode/Alarm button to toggle the alarm on or off. An alarm icon will appear on the display when active.
- **Snooze:** When the alarm sounds, press any button to activate snooze.
- **Stop Alarm:** To stop the alarm completely, press and hold the Volume knob.

## 6.6 Integrated Light Sensor

Side view of the SCHWAIGER RAFM0100 radio plug, showing the speaker grille and the integrated light sensor at the bottom.

The device features an integrated light sensor that, in dark environments, will automatically activate the LED display and ambient lighting when it detects noise. This provides a convenient night light function.

## 7. MAINTENANCE

- **Cleaning:** Disconnect the device from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or solvents.
- **Storage:** If not in use for an extended period, unplug the device and store it in a cool, dry place.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Not properly plugged in; Power outlet not active.	Ensure the device is securely plugged into a working power outlet. Test the outlet with another device.
Poor FM radio reception.	Weak signal; Interference from other electronics.	Try repositioning the device. Move away from other electronic devices that may cause interference.
Cannot pair via Bluetooth.	Bluetooth not enabled on source device; Device already paired; Out of range.	Ensure Bluetooth is enabled on your device and it's in pairing mode. Make sure the radio is in 'BT' mode. Unpair from other devices if necessary. Keep devices within 10 meters.
No sound or low volume.	Volume too low; Muted; Incorrect mode selected.	Increase volume using the rotary knob. Check volume on the connected Bluetooth device. Ensure the correct mode (FM/BT) is selected.
