Motorola Moto G04s

Motorola Moto G04s Smartphone User Manual

Model: Moto G04s | Brand: Motorola

INTRODUCTION

Welcome to the user manual for your new Motorola Moto G04s smartphone. This guide provides detailed instructions on how to set up, operate, maintain, and troubleshoot your device. The Moto G04s features a sleek design with Corning® Gorilla® Glass 3 protection, a 50 MP camera with Night Vision and AI capabilities, up to 8 GB of RAM with RAM Boost, a 6.6-inch 90 Hz super-bright display with Dolby Atmos® sound, and convenient fingerprint and facial unlock options. Its 5000 mAh battery ensures extended usage.

GETTING STARTED: SETUP

1. Unboxing and Initial Charge

Upon unboxing your Moto G04s, ensure all components are present: the smartphone, a USB cable, and a power adapter. It is recommended to fully charge your device before first use.

Figure 2: Included Components - Phone, USB Cable, and Adapter

2. Inserting SIM Card and microSD Card

Locate the SIM tray on the side of your device. Use the provided SIM ejector tool to open the tray. Insert your Nano-SIM card(s) and an optional microSD card (for expanded storage) into the designated slots. Ensure the cards are correctly oriented as shown in the diagram. Gently push the tray back into the phone until it clicks into place.

Figure 3: Side View with Buttons and SIM Tray

3. Powering On and Initial Setup

Press and hold the Power button (located on the side) until the Motorola logo appears. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account sign-in, and setting up security features like fingerprint and facial recognition.

OPERATING YOUR DEVICE

1. Screen and Navigation

The Moto G04s features a 6.6-inch display with a 90 Hz refresh rate for smooth visuals. Navigate the interface using touch gestures: tap to select, swipe to scroll, pinch to zoom. The device runs on Android 14, offering an intuitive user experience.

2. Camera Features

Your Moto G04s is equipped with a 50 MP main camera featuring Moto AI and Night Vision.

- **Moto AI:** Enhances photos automatically by recognizing scenes and adjusting settings for optimal results.
- **Night Vision:** Improves low-light photography, capturing brighter and more detailed images in dark environments.

To access the camera, tap the camera icon on your home screen or lock screen. Explore various modes like Photo, Video, Portrait, and Night Vision within the camera app.

Câmera com Night Vision e Inteligência Artificial

Tire fotos lindas com a câmera de 50 MP com Night Vision e Inteligência Artificial. Seus cliques saem perfeitos, prontos para compartilhar nas redes.

Cinema no seu bolso

Mergulhe em uma experiência audiovisual multidimensional com o Dolby Atmos® e a tela HD+ com superbrilho de 6,6" e taxa de atualização de 90 Hz².

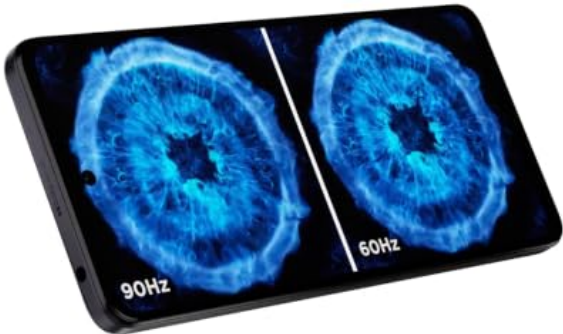

Figure 5: Camera with Night Vision and AI, and 90Hz Display

3. RAM Boost Feature

The Moto G04s includes a RAM Boost feature that converts a portion of your internal storage into virtual RAM, providing up to 8 GB of total RAM (4 GB physical + 4 GB virtual). This enhances multitasking performance and app fluidity.

Figure 6: RAM Boost Technology

4. Security Features: Fingerprint and Facial Unlock

Unlock your device quickly and securely using the side-mounted fingerprint sensor or facial recognition.

- **Fingerprint Sensor:** Located on the side power button. Register your fingerprints in Settings > Security & privacy > Device unlock.
- **Facial Unlock:** Set up facial recognition in Settings > Security & privacy > Device unlock. Ensure good lighting for optimal performance.

Acesso com um toque ou um olhar

Chega de senhas. Desbloqueie tocando no sensor de impressão digital localizado na lateral do dispositivo. Ou simplesmente olhe para a câmera.

5. Battery Management

The 5000 mAh battery provides extended usage. To maximize battery life:

- Reduce screen brightness.
- Disable Wi-Fi, Bluetooth, and GPS when not in use.
- Close unused apps running in the background.
- Utilize Battery Saver mode.

MAINTENANCE

1. Cleaning Your Device

To clean your Moto G04s, use a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner designed for electronics. Avoid using harsh chemicals or abrasive materials.

2. Software Updates

Keep your device's software up to date to ensure optimal performance, security, and access to new features. You can check for updates in Settings > System > System updates.

3. Battery Care

To prolong battery lifespan, avoid extreme temperatures and do not leave the device fully charged or fully discharged for extended periods. Use only approved chargers and cables.

TROUBLESHOOTING

If you encounter issues with your Moto G04s, try the following common solutions:

- **Device not responding:** Press and hold the Power button for about 10-15 seconds to force a restart.
- **Apps crashing or freezing:** Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage & cache > Clear cache). If the issue persists, try reinstalling the app.
- **Connectivity issues (Wi-Fi/Bluetooth):** Toggle Wi-Fi or Bluetooth off and on. Restart your router for Wi-Fi issues.
- **Poor battery life:** Review the "Battery Management" section for tips. Check battery usage in Settings > Battery to identify power-hungry apps.
- **Storage full:** Delete unnecessary files, clear app caches, or move media to a microSD card.

For more complex issues, consider performing a factory reset (Settings > System > Reset options > Erase all data (factory reset)). **Warning: This will erase all data on your phone. Back up important data before proceeding.**
