FitStand 71x31 Inch Height Adjustable Electric Standing Desk User Manual

Model: 7131 | Brand: FitStand

INTRODUCTION

Thank you for choosing the FitStand 71x31 Inch Height Adjustable Electric Standing Desk. This manual provides essential information for the safe assembly, operation, and maintenance of your new desk. Please read these instructions thoroughly before use and retain them for future reference.

SAFETY INFORMATION

Important: Exceeding the weight limit of 176 pounds (80 kilograms) could cause damage or injury. Proper assembly is necessary to ensure stability and prevent tipping. Always use the collision avoidance sensor correctly. Be cautious while adjusting the height to avoid pinching fingers or other body parts. Refer to the user manual for detailed safety instructions.

PACKAGE CONTENTS

Your FitStand electric standing desk will be delivered in two packages, which may arrive separately. Please ensure you have received both packages before beginning assembly.

- Package 1: Desktop
- Package 2: Desk Frame

SETUP AND ASSEMBLY

Assembly of the FitStand electric standing desk typically requires two people and takes approximately 1 to 1.5 hours. All necessary tools are included. The desktop consists of two spliced panels, reinforced with brackets and metal pieces for stability.

Assembly Steps:

1. Unpack all components from both packages and verify against the parts list in the included manual.
2. Assemble the desk frame according to the detailed instructions provided in the user manual. Ensure all screws are securely tightened.
3. Attach the two desktop panels together using the provided dowels and screws, ensuring the reinforcing brackets are correctly installed.
4. Carefully attach the assembled desktop to the desk frame.
5. Connect the control panel and motor cables as indicated in the manual.
6. Adjust the leveling feet at the base of the desk to ensure stability on uneven surfaces.
