HTC HP01

HTC HP01 Wireless Bluetooth Headphones with Active Noise Cancellation User Manual

Model: HP01

INTRODUCTION

Thank you for choosing the HTC HP01 Wireless Bluetooth Headphones. This manual provides detailed instructions for setting up, operating, and maintaining your headphones to ensure optimal performance and longevity. Please read this manual thoroughly before using the product.

Safety Information

- Do not expose the headphones to extreme temperatures, humidity, or corrosive substances.
- Avoid dropping or subjecting the headphones to strong impacts.
- Do not disassemble or attempt to repair the headphones yourself. This will void the warranty.
- Clean the headphones with a soft, dry cloth. Do not use harsh chemicals.
- Prolonged listening at high volume levels may cause hearing damage.

WHAT'S IN THE BOX

Carefully unpack your HTC HP01 headphones and ensure all items are present:

- HTC HP01 Wireless Bluetooth Headphones
- USB Type-C Charging Cable
- 3.5mm Auxiliary Audio Cable
- User Manual
- Warranty Card

HTC 5.3

- Botón de encendido
- Puerto de audio
- Indicador LED
- Interfaz type-c
- Interruptor de reducción de ruido ANC

Image: Diagram showing the location of controls and ports on the HTC HP01 headphones. These include the power button, audio port, LED indicator, Type-C interface, and ANC noise reduction switch.

- **Power Button:** Used to power on/off and for Bluetooth pairing.
- **Audio Port (3.5mm):** For wired connection using the auxiliary cable.
- **LED Indicator:** Shows power status, pairing status, and charging status.
- **Type-C Interface:** For charging the headphones.
- **ANC Noise Reduction Switch:** Activates or deactivates Active Noise Cancellation.
- **Volume Buttons:** Adjust volume up/down.
- **Multi-function Button:** Play/pause, answer/end calls.

Design Features

Image: Illustrates the design features of the HTC HP01 headphones, including a foldable design for easy storage, soft viscoelastic foam ear pads for comfort, adjustable earcups, and rotating earcups for a customized fit.

- **Foldable Design:** Allows for compact storage and portability.
- **Soft Viscoelastic Foam Ear Pads:** Provides enhanced comfort during extended listening sessions.
- **Adjustable Earcups:** Ensures a secure and comfortable fit for various head sizes.
- **Rotating Earcups:** Offers flexibility and ergonomic adjustment.

SETUP

Charging the Headphones

Before first use, fully charge your headphones. Use the provided USB Type-C cable.

1. Connect the USB Type-C end of the cable to the charging port on the headphones.
2. Connect the USB-A end of the cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (e.g., red for charging, blue for fully charged).

A full charge typically takes approximately 2-3 hours.

Bluetooth Pairing

To connect your headphones wirelessly to a device:

1. Ensure the headphones are charged and powered off.
2. Press and hold the Power Button for approximately 5-7 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select "HTC HP01" from the list of found devices.
5. Once connected, the LED indicator will flash blue slowly or turn solid blue (depending on model).
6. If prompted for a password, enter "0000".

Image: Demonstrates both wireless Bluetooth connection to a mobile phone and wired connection via the 3.5mm auxiliary cable to a PC, highlighting multi-device compatibility.

The headphones support Bluetooth 5.3 for stable and efficient wireless connectivity.

Wired Connection

For a wired connection, use the provided 3.5mm auxiliary audio cable:

1. Plug one end of the 3.5mm audio cable into the audio port on the headphones.
2. Plug the other end into the 3.5mm audio jack of your device.

3. The headphones will function in passive mode, and battery power is not required for audio playback in wired mode, though ANC may still require power.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Power Button for 3 seconds. The LED indicator will light up.
- **Power Off:** Press and hold the Power Button for 3 seconds. The LED indicator will turn off.

Active Noise Cancellation (ANC)

The HTC HP01 headphones feature Adaptive Noise Cancellation to reduce ambient noise.

Image: Illustrates the effect of Active Noise Cancellation (ANC) and Environmental Noise Cancellation (ENC), showing a quieter environment after noise reduction compared to before.

- **Activate ANC:** Slide the ANC Noise Reduction Switch to the ON position. A dedicated LED indicator may light up (refer to product for specific indicator).
- **Deactivate ANC:** Slide the ANC Noise Reduction Switch to the OFF position.

Note: ANC functionality requires battery power. Battery life will be reduced when ANC is active.

Music Playback

- **Play/Pause:** Press the Multi-function Button once.
- **Volume Up:** Press the Volume Up button.
- **Volume Down:** Press the Volume Down button.
- **Next Track:** Press and hold the Volume Up button (or double-press, refer to specific model controls).
- **Previous Track:** Press and hold the Volume Down button (or triple-press, refer to specific model controls).

Phone Calls

- **Answer/End Call:** Press the Multi-function Button once.
- **Reject Call:** Press and hold the Multi-function Button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function Button.

Battery Life

Image: Displays the approximate battery life of the HTC HP01 headphones: 58 hours with Active Noise Cancellation (ANC) deactivated, and 32 hours with ANC activated.

- Approximately 58 hours of playback with ANC deactivated.
- Approximately 32 hours of playback with ANC activated.

- Actual battery life may vary based on volume level and audio content.

MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, dry, lint-free cloth. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. Utilize the foldable design for compact storage.
- **Battery Care:** To preserve battery life, charge the headphones regularly, even if not used frequently. Avoid fully discharging the battery for extended periods.

TROUBLESHOOTING

Problem	Possible Solution
Headphones won't power on.	Ensure the headphones are fully charged. Connect to a power source using the USB Type-C cable.
Cannot pair via Bluetooth.	- Ensure headphones are in pairing mode (LED flashing blue/red). - Make sure Bluetooth is enabled on your device. - Move headphones closer to your device. - Forget "HTC HP01" from your device's Bluetooth list and try pairing again. - Restart both the headphones and your device.
No sound in wireless mode.	- Check if headphones are properly paired and connected. - Adjust volume on both headphones and your device. - Ensure the correct audio output device is selected on your source device.
ANC is not effective.	- Ensure the ANC switch is in the ON position. - Check if the earcups are properly sealed around your ears. - ANC is most effective against low-frequency, constant noise.
No sound in wired mode.	- Ensure the 3.5mm audio cable is fully inserted into both the headphones and the audio source. - Test with a different audio cable if available. - Check the audio output settings on your source device.
