HOTLINEGAMES Ninjutso Sora V2

HOTLINEGAMES Grip Upgrade 2.0 Plus Anti Slip Grip Tape for Ninjutso Sora V2 Wireless Gaming Mouse - Instruction Manual

Enhance your gaming experience with improved grip and control.

1. Introduction

Thank you for choosing the HOTLINEGAMES Grip Upgrade 2.0 Plus Anti-slip Grip Tape. This product is designed to provide superior grip and comfort for your Ninjutso Sora V2 Wireless Gaming Mouse, ensuring consistent performance during intense gaming sessions. Please read this manual carefully before application to ensure optimal results.

2. Package Contents

Your HOTLINEGAMES Grip Upgrade 2.0 Plus package includes:

- 1 Set of Anti-Slip Grip Tape (pre-cut for Ninjutso Sora V2)
- 1 Pair of Tweezers for application
- 1 Special Cleaning Cloth (replaces cleaning wipes in new batches)

3. Key Features

- **Improved Grasping Performance:** The 2.0 Plus version enhances grip, even for users with dry or non-sweating hands, ensuring consistent control.
- **Diamond Texture Surface:** Features a new diamond texture design for better sweat absorption and improved friction coefficient, preventing slips during intense mouse movements.
- **Excellent Water Absorption:** Made with a unique polymer chemical material from American 3M, offering superior water and sweat absorption for a reliable anti-slip effect.
- **Specially Calibrated Size:** Designed specifically for the Ninjutso Sora V2 Wireless Gaming Mouse, with pre-removed scraps and pre-cut pieces for easy application.
- **Easy to Use:** Utilizes American 3M adhesive for strong adhesion without leaving residue upon removal. Includes tweezers for precise application.

4. Setup and Application

Follow these steps for proper application of your HOTLINEGAMES Grip Upgrade 2.0 Plus Anti-slip Grip Tape:

1. **Clean the Mouse Surface:** Thoroughly clean the surface of your Ninjutso Sora V2 mouse. Ensure it is completely dry and free of dust, oils, or any residue. Using the provided special cleaning cloth is recommended.
2. **Peel Off the Grip Tape:** Carefully peel off the Mouse Anti-Slip Tape from its backing. Use the included tweezers to avoid touching the sticky side with your fingers, which can reduce adhesion.
3. **Position and Apply:** Align the grip tape precisely with the corresponding areas on your mouse. Gently place it down, ensuring a snug fit.
4. **Secure the Bond:** Exert firm, even pressure on the applied grip tape for approximately 30 seconds to ensure a strong and lasting bond. Work from the center outwards to remove any air bubbles.

5. Operating Tips

Once applied, the HOTLINEGAMES Grip Upgrade 2.0 Plus Anti-slip Grip Tape provides an immediate enhancement to your mouse control. The diamond texture surface is engineered to increase friction, ensuring your hand remains stable even during rapid and strenuous mouse movements. This allows for more precise aiming and consistent performance in competitive gaming environments.
For an even better gaming experience, consider pairing your grip tape with Hotline Games Mouse Skates, a Gaming Mouse Pad, and a Mouse Bungee.

6. Care and Maintenance

To maintain the performance and longevity of your grip tape:

- **Cleaning:** Use the provided special cleaning cloth to gently wipe the surface of the grip tape. Avoid harsh chemicals or abrasive materials that could damage the texture or adhesive.
- **Sweat Absorption:** The grip tape is designed for excellent sweat absorption. If it feels saturated, allow it to air dry naturally.
- **Removal:** The American 3M adhesive ensures strong adhesion but is designed to be removed without leaving residue. When removing, peel slowly and evenly.

7. Troubleshooting

If you encounter any issues with your grip tape, consider the following:

- **Poor Adhesion:** Ensure the mouse surface was thoroughly cleaned and dry before application. Avoid touching the adhesive side during application. Re-apply pressure to ensure a firm bond.
- **Bubbles or Uneven Application:** If bubbles appear, gently press them out from the center towards the edges during application. For stubborn bubbles, carefully lift a small section and re-apply.
- **Reduced Grip Over Time:** Regular cleaning with the special cleaning cloth can help restore the grip's texture. Excessive wear may require replacement.

8. Specifications

Attribute	Detail
Product Name	Grip Upgrade 2.0 Plus Anti Slip Grip Tape
Brand	HOTLINEGAMES
Compatibility	Ninjutso Sora V2 Wireless Gaming Mouse
Material	Unique polymer chemical material (American 3M adhesive)
Texture	Diamond texture
Special Feature	Sweat Resistant, Pre-cut, Residue-free removal
