HBEZON ARIS

HBEZON Medicine Cabinet with LED Lights and Mirror - Model ARIS

Instruction Manual for 16 x 28 Inch Wall or Recessed Mounted Bathroom Cabinet

INTRODUCTION

Thank you for choosing the HBEZON Medicine Cabinet with LED Lights and Mirror. This manual provides essential information for the safe installation, operation, and maintenance of your new cabinet. Please read it thoroughly before installation and keep it for future reference.

This cabinet features smart touch controls, adjustable brightness, three color lighting modes, an anti-fog function, and a memory function. It can be installed as either a wall-mounted or recessed unit, offering versatile placement options for your bathroom.

IMPORTANT SAFETY INFORMATION

- **Electrical Safety:** Always turn off the main power supply at the circuit breaker before performing any adjustments or installation procedures involving the light settings or electrical connections.

- **Wet Environments:** Exercise caution when using the cabinet in wet bathroom environments. Ensure all electrical connections are properly sealed and protected from moisture.

- **Installation:** For safe installation, follow proper mounting techniques as described in the setup section. Due to the size and weight of the cabinet, it is recommended to have two people for handling and installation.

- **ETL Certification:** This medicine cabinet is ETL certified, ensuring it meets rigorous safety and performance standards.

SETUP AND INSTALLATION

Unpacking and Inspection

Carefully remove all components from the packaging. Inspect the cabinet and all parts for any damage. Do not proceed with installation if any damage is found. Contact customer support immediately.

Mounting Options

The HBEZON Medicine Cabinet offers two installation methods: wall-mounted or recessed-mounted.

- **Wall-Mounted:** The cabinet is mounted directly onto the wall surface.

- **Recessed-Mounted:** The cabinet is installed into a cutout in the wall for a seamless, flush appearance. Recessed installation is recommended for a more integrated look.

Note: If choosing recessed mounting, please remove the side panels of the cabinet before installation.

MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your HBEZON Medicine Cabinet.

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a non-abrasive glass cleaner to clean the mirror surface. Avoid spraying cleaner directly onto the mirror; instead, apply it to the cloth first. Do not use harsh chemicals or abrasive materials that could scratch the mirror or damage the LED components.
- **Cleaning the Cabinet:** Wipe the metal frame and interior shelves with a damp cloth and mild soap. Dry thoroughly with a clean cloth.
- **Electrical Components:** Ensure all electrical connections remain dry. If any moisture is observed near electrical parts, disconnect power immediately and allow to dry completely before restoring power.
- **Hinges:** The cabinet features silent piano hinges. Periodically check hinges for smooth operation and tighten any loose screws if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	No power supply; loose electrical connection; faulty touch sensor.	Check the main power supply at the circuit breaker. Ensure all hardwired connections are secure. Try short pressing the power button firmly.
Brightness or color mode cannot be adjusted.	Incorrect touch control usage; temporary sensor malfunction.	Ensure you are long-pressing for brightness and short-pressing the correct button for color mode. Try turning the light off and on again.
Anti-fog function is not working.	Anti-fog function is not activated; electrical issue.	Short press the anti-fog touch button to activate. Check power supply.
Mirror surface remains foggy.	Anti-fog function not activated; extreme humidity.	Ensure the anti-fog function is turned on. Allow a few minutes for the defogger to work. In extremely humid conditions, it may take longer.
Cabinet door does not close smoothly.	Loose hinges; obstruction.	Check hinges for tightness and adjust if necessary. Ensure no items inside the cabinet are obstructing the door's path.

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact HBEZON customer support.
