EnHomee B0D53Z2PSZ

EnHomee Plant Stand Instruction Manual

Model: B0D53Z2PSZ - 5 Rows with 2 Hanging Rods

1. INTRODUCTION

Thank you for choosing the EnHomee Plant Stand. This manual provides detailed instructions for the assembly, operation, and maintenance of your new plant stand. Please read this manual thoroughly before assembly and retain it for future reference.

This versatile 4-tier wood plant stand is designed to accommodate up to 20 pots, featuring 5 rows and 2 hanging rods for optimal space utilization. It is suitable for both indoor and outdoor environments.

2. SAFETY INFORMATION

- Ensure all connections are securely fastened during assembly to prevent instability.
- Do not exceed the maximum load capacity of 560 lbs for the entire stand or 45 lbs per individual shelf.
- Place heavier plants and items on lower shelves to maintain stability.
- Use the provided wall anchor kit to secure the stand to a wall, especially if placed in high-traffic areas or if there is a risk of tipping.
- Keep small children and pets away from the stand during assembly.
- Wear the provided gloves during assembly to protect hands from potential splinters and wood residue.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. The package typically includes:

- Wood pieces (various lengths for shelves and vertical supports)
- Plastic triangular connectors
- Assembly tools: gloves, small mallet, screwdriver
- Instruction manual
- Small gardening tools (rake, spade, shovel)

4. SETUP AND ASSEMBLY

Assembly of the EnHomee Plant Stand is designed to be straightforward. Follow the clear instructions provided in the package. One person can typically assemble the stand within 20 minutes.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and tools.
2. **Wear Gloves:** Put on the provided gloves to protect your hands from potential splinters and wood residue.
3. **Connect Wood Pieces:** Insert the wood pieces into the plastic triangular connectors. Use the provided mallet to gently tap the pieces into place, ensuring a snug and secure fit.
4. **Build Tiers:** Construct the tiers according to the diagram in the instruction manual, paying attention to the

varying heights and configurations.

5. **Install Hanging Rods:** Attach the two hanging rods to the designated top sections of the stand.
6. **Secure the Stand:** Once fully assembled, use the wall anchor kit to secure the stand to a wall for added stability, especially if it will hold many plants or heavy items.

A large, multi-tiered wooden plant stand is shown, filled with various potted plants. The stand has a grid-like structure with multiple shelves. Dimensions are indicated: a height of 47" on the left, a depth of 11.78" at the bottom left, and a width of 56.1" at the bottom right. The word "SIZE" is written in a stylized font in the top right corner. Below the stand, there are three green boxes with icons and text: a potted plant icon for "The plant stand can hold 20 POTS", a stack of coins icon for "Each plant shelf can hold 45LB", and a weight icon for "Load-bearing capacity is 560LB".

SIZE

47"

11.78"

56.1"

The plant stand can hold **20 POTS**

Each plant shelf can hold **45LB**

Load-bearing capacity is **560LB**

5. OPERATING INSTRUCTIONS

The EnHomee Plant Stand is designed for versatile use, providing ample space for various items.

- **Plant Placement:** The 4-tier design with varying heights allows for strategic placement of plants based on their size and light requirements. Ensure adequate sunlight or grow light exposure for all plants.
- **Weight Distribution:** Place heavier pots and items on the bottom shelves to enhance the stand's stability. Each shelf can support up to 45 lbs.
- **Hanging Rods:** Utilize the two hanging rods for hanging plants or other decorative items, maximizing vertical space.
- **Multi-functional Use:** Beyond plants, the stand can serve as a storage solution for books, decorations, photo albums, or other household items.
- **Indoor and Outdoor Use:** The wood has undergone high-temperature firing treatment, making it suitable for both indoor and outdoor environments, including patios, balconies, living rooms, and gardens.

6. MAINTENANCE

To ensure the longevity and appearance of your EnHomee Plant Stand, follow these maintenance guidelines:

- **Cleaning:** Wipe the stand regularly with a soft, damp cloth to remove dust and dirt. Avoid harsh chemicals or abrasive cleaners that could damage the wood finish.
- **Outdoor Care:** While the wood is treated for water resistance, prolonged exposure to extreme weather conditions (heavy rain, direct scorching sun) may affect its lifespan. Consider covering or moving the stand indoors during severe weather.
- **Check Connections:** Periodically inspect all plastic connectors and wood joints to ensure they remain tight and secure. Re-tighten if necessary.

Image: Detail of the carbonized wood, highlighting its enhanced durability and water resistance.

7. TROUBLESHOOTING

If you encounter any issues with your plant stand, refer to the following common solutions:

- **Stand is Wobbly:** Ensure all wood pieces are fully inserted into the plastic connectors. Use the mallet to tap them firmly into place. Verify that the stand is on a flat, even surface.
- **Difficulty Assembling:** Refer to the detailed assembly instructions and diagrams. Ensure you are using the correct wood pieces for each section. If pieces are difficult to fit, apply gentle, even pressure with the mallet.
- **Wood Residue:** Some wood pieces may have a natural residue. This is normal. Wear the provided gloves during assembly to prevent staining your hands or clothing.

8. SPECIFICATIONS

Brand	EnHomee
Model Number	B0D53Z2PSZ
Product Dimensions (L x W x H)	56.1 x 11.62 x 47.2 inches
Item Weight	13.26 pounds (6.03 Kilograms)
Material	Wood Shelves, Plastic Connectors
Color	Brown
