SAFETY INFORMATION

To reduce the risk of fire, electric shock, or personal injury, always follow these basic safety precautions:

- Always disconnect power at the main circuit breaker or fuse box before installation, servicing, or cleaning.
- Consult a qualified electrician if you are unsure about the installation process.
- This fixture is designed for indoor use only. Do not install in wet locations or outdoors.
- Ensure all electrical connections are secure and comply with local codes and ordinances.
- Do not modify the fixture in any way. Any modifications may void the warranty and create a safety hazard.
- Handle the acrylic lampshade with care to prevent damage.

SETUP AND INSTALLATION

Installation should be performed by a qualified individual. Ensure power is OFF at the circuit breaker before proceeding.

1. **Prepare the Area:** Turn off the power to the electrical box at the circuit breaker. Ensure the wall surface is clean and dry.
2. **Mount the Back Plate:** Secure the USA standard installation back plate to the electrical box using the provided mounting hardware. Ensure it is firmly attached.
3. **Make Electrical Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using the provided wire nuts. Ensure all connections are tight and secure.
4. **Attach the Fixture:** Carefully align the light fixture with the mounted back plate and secure it in place with the provided screws. Some disassembly of parts may be required for proper alignment; patience is advised.
5. **Test the Light:** Once the fixture is securely mounted, restore power at the circuit breaker and test the light.

This fixture supports both horizontal and vertical installation, allowing for versatile placement above a mirror or alongside it.

OPERATING INSTRUCTIONS

The Ralbay Matte Gold 40-inch Bathroom Vanity Light is designed for simple operation.

- **Power On/Off:** This fixture is hardwired and does not have an integrated switch or plug. It is controlled by a standard wall switch connected to the electrical circuit. Flip the wall switch to the 'ON' position to illuminate the light and to the 'OFF' position to turn it off.
- **Brightness:** The integrated LED light bar provides a consistent 5500K white light with 1690 lumens. This fixture does not support dimming functionality.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your Ralbay vanity light.

- **Cleaning:** Before cleaning, ensure the power to the fixture is turned off at the circuit breaker. Use a soft, dry, or slightly damp cloth to wipe down the metal finish and acrylic lampshade. Avoid abrasive cleaners, solvents, or polishes as they may damage the finish.
- **Durability:** The fixture features a matte gold metal finish that is anti-rust and anti-oxidation. Its sealed design provides waterproof and dustproof properties, contributing to its longevity.
- **LED Longevity:** The built-in LED light source is designed for long-term use and does not require bulb replacement.

TROUBLESHOOTING

If you encounter issues with your Ralbay vanity light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power to the fixture; Loose wiring connection; Faulty wall switch.	Check the circuit breaker and ensure it is ON. Verify all wire connections are secure. Test the wall switch or consult an electrician.
Light flickers	Loose wiring; Incompatible dimmer switch (if one is installed).	Ensure all wiring connections are tight. This fixture is not dimmable; remove any dimmer switch and replace with a standard ON/OFF switch.
Light is too bright	High lumen output; No dimmer function.	This fixture provides a fixed 5500K white light at 1690 lumens and is not dimmable. Consider if this brightness level is suitable for your space before purchase.
Fixture appears loose	Mounting screws not tightened; Back plate not securely fastened.	Ensure power is off, then re-tighten all mounting screws and verify the back plate is securely attached to the electrical box.
