SWTYMIKI ZWJ122

SWTYMIKI Shower Caddy Corner 3-Tier Instruction Manual

Model: ZWJ122 | Brand: SWTYMIKI

1. INTRODUCTION

Thank you for choosing the SWTYMIKI Shower Caddy Corner. This 3-tier rustproof bathroom corner shelf is designed to help you organize your shower essentials efficiently and keep your bathroom tidy. Its freestanding design and durable stainless steel construction ensure stability and longevity.

Key Features:

- **No-Swing Free Standing Design:** Engineered for stability with adjustable bases to prevent swinging.
- **Rustproof Stainless Steel:** Constructed from premium stainless steel for durability and rust resistance.
- **Fall-proof Sidebar Design:** 2-inch high side rails on each shelf to secure items and prevent falling.
- **Multifunctional Accessories:** Includes 4 hanging hooks and a dedicated soap holder for added convenience.
- **Protective Adjustable Base:** Rubber feet on adjustable bases protect floors and ensure stability on uneven surfaces.
- **Family-Friendly Size:** Compact yet spacious design (9.8*29.9 inches) suitable for various bathroom sizes, with 13 inches height between shelves.
- **Easy Assembly:** Designed for quick and straightforward setup.

2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Do not exceed the weight limit of each shelf. Overloading can lead to instability, product damage, or personal injury.
- Ensure all connections are securely tightened during assembly to maintain stability.
- Place the shower caddy on a flat, stable surface. Use the adjustable feet to compensate for any unevenness.

- Keep small parts away from children during assembly to prevent choking hazards.
- Regularly inspect the caddy for any signs of wear or damage. Discontinue use if any structural integrity issues are observed.

3. PACKAGE CONTENTS

Before assembly, please verify that all components are present and undamaged. Refer to the image below for a visual guide of the parts included.

- 3 x Corner Shelf Units
- 6 x Support Rods (various lengths for tiers)
- 4 x Adjustable Feet
- 4 x Hanging Hooks

- 1 x Soap Holder
- Screws and Allen Wrench for assembly

4. SETUP AND ASSEMBLY

The SWTYMIKI Shower Caddy is designed for quick and easy assembly. Follow these steps to set up your new shower caddy.

Assembly Video Guide:

Video: Step-by-step assembly instructions for the SWTYMIKI Shower Caddy Corner.

Step-by-Step Assembly:

1. Step 1: Attach Adjustable Feet to Base Shelf.

Identify the bottom shelf. Screw the four adjustable feet into the designated holes on the underside of this shelf. Ensure they are finger-tight for now.

Image: Close-up of the adjustable feet and their attachment to the shelf base.

2. Step 2: Connect Support Rods to Shelves.

Take the shorter support rods and screw them into the top of the bottom shelf. Then, place the middle shelf on top of these rods and secure it with screws using the provided Allen wrench. Repeat this process for the top shelf using the remaining support rods.

How to install?

3. Step 3: Attach Hooks and Soap Holder.

Once the main structure is assembled, attach the four hanging hooks to the side rails of the shelves as desired. The soap holder can be hung on any of the side rails for easy access.

4. Step 4: Adjust for Stability.

Place the assembled shower caddy in your desired corner. Adjust the height of each individual foot by turning it until the caddy is perfectly level and stable. This is crucial for preventing wobbling and ensuring safety.

- **Placement:** Position the caddy in any corner of your shower, bathtub, or bathroom floor. Ensure the adjustable feet are properly set to keep it stable.

- **Organizing Items:**

- Use the top shelf for taller bottles like shampoo and conditioner.
- The middle and bottom shelves are ideal for body wash, lotions, and other toiletries.
- Utilize the hanging hooks for loofahs, razors, washcloths, or small brushes.
- Place bar soap on the dedicated soap holder to keep it dry and easily accessible.

- **Weight Distribution:** Distribute items evenly across the shelves to maintain balance and stability. Avoid placing excessively heavy items on a single side.

6. MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your SWTYMIKI Shower Caddy.

- **Cleaning:**

Due to its stainless steel construction and hollow design, the caddy is easy to clean. Simply wipe down the shelves and frame with a damp cloth and mild detergent as needed. Rinse thoroughly and dry to prevent water spots.

Image: The perforated design of the shelves facilitates quick water drainage, aiding in cleanliness.

- **Rust Prevention:** While the caddy is rustproof, regular cleaning helps prevent mineral buildup from hard water, which can sometimes mimic rust stains. Ensure good ventilation in your shower area.
- **Adjustable Feet:** Periodically check the adjustable feet to ensure they remain securely tightened and the caddy is level.

7. TROUBLESHOOTING

If you encounter any issues with your shower caddy, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Caddy is wobbly or unstable.	Uneven floor surface; loose adjustable feet; improper assembly.	Ensure the caddy is placed on a flat surface. Adjust each foot individually until the caddy is level and stable. Re-tighten all assembly screws.
Items falling off shelves.	Overloading; items placed too close to the edge; caddy not level.	Ensure items are placed within the confines of the side rails. Distribute weight evenly. Verify the caddy is level using the adjustable feet.
Water pooling on shelves.	Drainage holes blocked by debris.	Clean the perforated shelves regularly to ensure water can drain freely.

8. SPECIFICATIONS

Attribute	Detail
