WYBOT C1 Pro

WYBOT C1 Pro Robotic Pool Cleaner Instruction Manual

Model: C1 Pro

Brand: WYBOT

1. INTRODUCTION

The WYBOT C1 Pro is an advanced robotic pool cleaner designed to provide efficient and comprehensive cleaning for various pool types. Featuring intelligent route planning, powerful suction, and smart app control, it simplifies pool maintenance, allowing you to enjoy a pristine swimming environment with minimal effort.

2. WHAT'S IN THE BOX

Upon unboxing your WYBOT C1 Pro, please ensure all the following components are present:

- WYBOT C1 Pro Robotic Pool Cleaner Unit
- Power Adapter for Charging
- Retrieval Hook (for use with a standard pool pole)
- User Manual
- Spare Rubber Rings (for wheels)
- Filter Basket (pre-installed)

3. SETUP

3.1 Initial Charging

Before first use, fully charge the WYBOT C1 Pro. The charging port is located on the top of the unit. Connect the power adapter and allow approximately 2.5 hours for a full charge. The indicator lights will confirm charging status.

3.2 Attaching the Retrieval Buoy

The retrieval buoy is designed to float above the water, allowing easy access to the cleaner if it stops in the middle of the pool or when the cleaning cycle is complete. Attach the buoy to the designated port on the cleaner's top surface by twisting it securely.

3.3 Brush Installation

The cleaner comes with a brush that easily presses into place on the underside of the unit. Ensure it is securely fitted before operation.

4. OPERATING INSTRUCTIONS

4.1 Powering On and Mode Selection

To start the cleaner, press and hold the power button located on the top of the unit. You can select cleaning modes directly on the device by pressing the button to cycle through options: Floor Cleaning, Wall Cleaning, or Full Pool Cleaning. The indicator lights will show the selected mode.

Once a mode is selected, gently place the cleaner into the pool. Ensure all air bubbles escape from the unit as it sinks to the bottom. The cleaner will automatically begin its cycle.

4.2 App Integration and Personalized Cleaning

For a personalized cleaning experience, download the WYBOT app. The app allows you to:

- Select specific cleaning areas (floor only, walls only, or entire pool).
- Set up regular cleaning schedules with time cycle features.

- Receive ongoing OTA (Over-The-Air) algorithm updates for improved performance.

4.3 Cleaning Performance

The C1 Pro is equipped with a powerful 65W motor and a durable PVC roller brush to effectively remove leaves, fine debris, grime, and waterline stains. New infrared sensors enable the cleaner to recognize underwater obstacles and avoid entrapment, ensuring thorough coverage.

4.4 Auto-Parking Feature

When the cleaning cycle is complete or the battery level is low, the WYBOT C1 Pro will automatically park itself near the edge of the pool for easy retrieval. Use the provided retrieval hook to safely lift the unit from the water.

5. MAINTENANCE

5.1 Cleaning the Filter Basket

After each use, it is essential to clean the filter basket to maintain optimal performance. The filter basket is easily accessible by opening the top cover of the unit. Remove the basket, empty collected debris, and rinse it thoroughly with running water. Reinstall the clean filter basket and close the cover securely.

5.2 General Product Care

- Always charge the battery when needed.

- Regularly clean and maintain the robot to ensure proper function.
- Only use the cleaner in water.
- Store the cleaner in a cool, dry place when not in use.

6. SPECIFICATIONS

Feature	Detail
Model Name	C1 Pro
Power Source	Battery Powered
Special Feature	Self Propelled, Wall Climbing, App Control
Motor Power	65W
Battery Type	Lithium-Ion (21.6 Volts, 99.36 Watt Hours)
Charging Time	2.5 Hours
Run Time	Up to 150 Minutes
Max Pool Coverage	1614 sq.ft
Product Dimensions	18.17 x 17 x 11.1 inches
Item Weight	23.3 pounds
Control Method	App, On-device Button
Material	Plastic
Color	Green

7. TROUBLESHOOTING

If you encounter any issues with your WYBOT C1 Pro, please refer to the following common troubleshooting tips:

- **Cleaner not moving or stopping prematurely:** Ensure the battery is fully charged. Check the filter basket for excessive debris that might be obstructing movement or suction.
- **Poor cleaning performance:** Clean the filter basket. Verify that the selected cleaning mode is appropriate for your pool's needs (e.g., wall climbing for wall cleaning).

- **App connectivity issues:** Ensure your device's Bluetooth is enabled and the cleaner is within range. Restart both the app and the cleaner.
- **Obstacle avoidance issues:** Ensure the infrared sensors are clean and unobstructed.

For further assistance, please contact WYBOT customer support.

8. SAFETY INFORMATION

- Keep the unit away from fire.
- Only operate the cleaner when fully submerged in water.
- Do not allow children to operate the cleaner without adult supervision.
- Ensure the charging port is dry before connecting the power adapter.
- Avoid direct sunlight or water exposure to the power adapter while charging.

9. WARRANTY AND SUPPORT

The WYBOT C1 Pro comes with a **2-year warranty**. For warranty claims, technical support, or any product-related inquiries, please refer to the contact information provided in your product packaging or visit the official WYBOT website.
