KEMIMOTO 82QT UTV Rear Cargo Storage Box Instruction Manual

Model: B0113-17520-BK

INTRODUCTION

This manual provides essential information for the proper installation, operation, and maintenance of your KEMIMOTO 82QT UTV Rear Cargo Storage Box. Please read these instructions carefully before use to ensure safe and efficient operation.

COMPATIBILITY

The KEMIMOTO 82QT UTV Rear Cargo Box (OEM #2889611 replacement) is compatible with the following Polaris RZR XP 1000 models:

- 2024 Polaris RZR XP 1000 / 4 1000 (Ultimate/Sport/Premium)
- 2025 Polaris RZR XP 1000 / 4 1000 (Ultimate/Sport/Premium)
- 2026 Polaris RZR XP 1000 / 4 1000 (Ultimate/Sport/Premium)

Ensure to verify your UTV model and specifications for proper fitment. The box features a trapezoidal design, wider at the top and narrower at the bottom, to maximize storage while ensuring a precise fit without interference.

FEATURES

- **82 Quart Storage Capacity:** Designed to hold maintenance tools, spare clothes, work gloves, hiking boots, fishing rods and tackle, lighting gear, personal safety kits, and camping supplies.
- **Durable Construction:** Made from high-quality, injection-molded, UV-resistant polypropylene (PP) material. Engineered to withstand extreme temperature fluctuations and harsh outdoor conditions.
- **Reinforced Structure:** Provides superior pressure resistance and stability, with a weight capacity of up to 220 lbs (100 kg).
- **Water-Resistant and Dustproof:** Features a reinforced waterproof seal to protect contents from moisture, mud, and dust.
- **Easy Access:** Equipped with front handles for easy lid opening and quick retrieval of items.
- **Quick Lock Design:** Two lockable latches ensure secure closure.
- **Side Handles:** Facilitate easy movement and removal from the UTV rear bed.

INSTALLATION

Installation of the UTV Rear Cargo Box is designed to be quick and tool-free, typically taking less than five minutes.

1. **Positioning:** Carefully place the cargo box into the rear bed of your Side-by-Side (SXS) vehicle. Ensure it is seated correctly and aligned with the bed's contours.
2. **Securing:** Once positioned, secure the box using the two integrated locks. No additional tools are required for this step.

The box is also easy to remove for cleaning or drainage purposes.

OPERATION

To open the cargo box, unlatch the two quick-lock latches located on the front. Lift the lid using the integrated front handles. To close, lower the lid and secure both latches firmly until they click into place.

MAINTENANCE

The KEMIMOTO UTV Rear Cargo Box requires minimal maintenance. Due to its water-resistant and dustproof properties, it can be easily cleaned.

- **Cleaning:** If the box becomes dirty, simply rinse it clean with water. For stubborn dirt, use a mild soap solution and a soft brush, then rinse thoroughly.
- **Seal Inspection:** Periodically inspect the waterproof rubber seal around the lid for any signs of wear, cracks, or damage. A well-maintained seal ensures continued protection against elements.
- **Latch Check:** Ensure the quick-lock latches operate smoothly and securely. Clean any debris that might hinder their function.

TROUBLESHOOTING

- **Lid not closing securely:** Check for any obstructions around the lid or latches. Ensure the rubber seal is properly seated and not damaged.
- **Water leakage:** Inspect the waterproof rubber seal for damage or misalignment. Ensure the latches are fully engaged and providing adequate pressure to seal the lid.
- **Difficulty removing box:** Ensure the side handles are used for leverage. If the box is heavily loaded, remove some contents before attempting to lift.
