BOLDR Klima

Boldr Klima Smart Thermostat User Manual

Model: Klima | Brand: BOLDR

INTRODUCTION

The Boldr Klima Smart Thermostat is designed to provide intelligent climate control for your home, compatible with Window A/C units, Mini Splits, and Heat Pumps. It offers remote control via a dedicated app, voice command integration with Amazon Alexa and Google Home, and advanced energy-saving features.

Video 1: An unboxing guide for the Boldr Klima Smart Thermostat, detailing all included items and initial setup steps.

- 1x Klima Smart Thermostat (Aluminum Silver)
- 1x Power Plug (with interchangeable USA, EU, UK, AUS adapters)
- 1x USB-C Cable
- 1x Power Brick
- 1x Magnetic Wall Mount (with built-in level and 3M mounting tape)
- 1x Quick Guide (Harmonica Manual)

SETUP GUIDE

1. **Power On:** Plug the Klima thermostat into a standard power outlet using the provided USB-C cable and power brick.
2. **Download App:** Scan the QR code in the Quick Guide or search for "Boldr Home" in your device's app store (iOS/Android).
3. **Account Creation:** Follow the in-app instructions to create a new account and verify your email address.
4. **Pairing:** The app will guide you through pairing the Klima with your home Wi-Fi network. Ensure your Wi-Fi is active and within range.
5. **AC Integration:** The app will assist in identifying and integrating with your specific Window A/C, Mini Split, or Heat Pump model. The Klima is compatible with any A/C or heat pump brand that uses a remote control with a display.
6. **Mounting:** The included magnetic wall mount features a built-in level and 3M mounting tape for easy, tool-free installation. Simply peel off the protective backing from the tape, align the level, and press firmly onto the wall. The Klima unit magnetically attaches to the mount. For repositioning, pull the tabs on the mounting tape to remove without damage.

Figure 3: The Boldr Klima can be easily mounted on a wall or placed on a flat surface using the optional dock.

7. **Optional Dock Mount:** An optional dock mount (sold separately) allows you to place the Klima on any flat surface, such as a table or bookshelf.

OPERATING INSTRUCTIONS

The Boldr Klima offers multiple ways to control your climate:

App Control

The Boldr Home app provides comprehensive control over your Klima thermostat from anywhere. You can adjust temperature, fan speed, mode (cooling, heating), and access advanced features.

Figure 4: Control your entire home's climate from the Boldr Home app.

Voice Control

Klima is compatible with Amazon Alexa and Google Assistant. Link your Klima account to your preferred voice assistant for hands-free control.

- "Alexa, turn on my A/C."
- "Hey Google, set the living room to 72 degrees."

"Alexa, turn on my A/C"

Klima was designed to operate with working on WiFi or Thread communication protocols.

Figure 5: The Klima thermostat integrates seamlessly with Amazon Alexa and Google Home for voice commands.

Manual Control

The Klima thermostat features a mirror glass display with touch-sensitive control buttons for direct adjustments. Simply tap the up/down arrows to change the temperature or cycle through modes.

Smart Features

Customizable Schedules

Set personalized weekly schedules through the intuitive app interface to maintain optimal temperatures throughout your day, saving energy when you're away.

Smart scheduling

Set up a room-by-room, hour-by-hour schedule to suit your day.

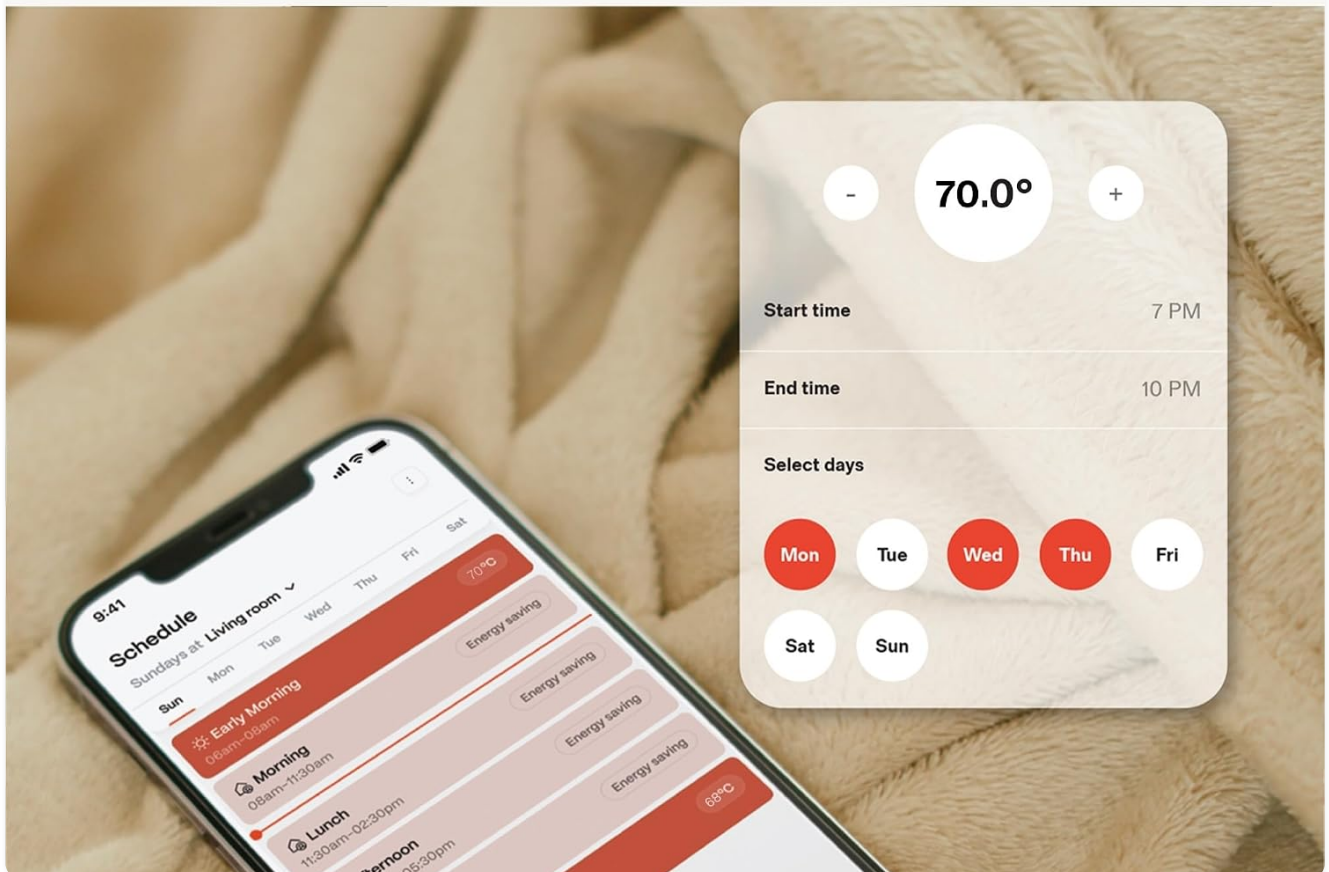

Figure 6: Create detailed room-by-room, hour-by-hour schedules.

Geofencing & Auto-Away Mode

Utilize geofencing technology to automatically turn off your A/C when the last person leaves home and pre-cool or pre-heat your space before you return, ensuring comfort and energy savings.

Energy Monitoring

Track your energy usage and costs in real-time through the app. This feature helps you understand your consumption patterns and optimize settings for maximum efficiency and bill reduction.

Energy monitoring

Measure your consumption in real-time and get accurate bill predictions for the month.

MAINTENANCE

- **Cleaning:** Gently wipe the mirror glass display and aluminum body with a soft, dry cloth. Avoid abrasive cleaners or solvents.
- **Software Updates:** Ensure your Boldr Home app and Klima firmware are up to date. The app will notify you of available updates.
- **Connectivity:** Periodically check your Wi-Fi connection to ensure stable operation.

TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Klima not powering on.	Power cable disconnected or faulty outlet.	Check USB-C cable connection and try a different power outlet.
Cannot connect to Wi-Fi.	Incorrect Wi-Fi password, out of range, or network issues.	Double-check password, move Klima closer to router, restart router.
A/C not responding to Klima.	Incorrect A/C model selected in app, IR signal blocked, or A/C remote not compatible.	Verify A/C model in app, ensure clear line of sight to A/C, confirm remote has a display.
App features not working.	Outdated app version or firmware.	Update Boldr Home app and Klima firmware via the app.

For further assistance, please refer to the full online manual or contact Boldr customer support.
