PAWZ Road 1

PAWZ Road Mushroom Cat Tree Instruction Manual

Model: 1 (Adjustable Height 90.5"-100.4")

1. PRODUCT OVERVIEW

The PAWZ Road Mushroom Cat Tree is an adjustable floor-to-ceiling cat tower designed to provide a multi-functional activity center for indoor cats. It features a unique mushroom and tri-column design, offering various levels for climbing, scratching, and resting. This model includes a cat condo, cozy hammocks, and multiple sisal scratching posts to engage and entertain your feline companions.

2. SAFETY INFORMATION

- **Stability:** Ensure the cat tree is securely installed between the floor and ceiling. Regularly check the tension of the adjustable top pole to maintain stability.
- **Supervision:** Always supervise your pets, especially during initial use, to ensure they adapt safely to the new structure.
- **Inspection:** Periodically inspect all components for wear and tear, loose parts, or damage. Replace any damaged parts immediately to prevent injury.
- **Weight Limit:** The maximum static load capacity for this cat tree is 45 lbs (20.5 kg). Do not exceed this weight limit.
- **Placement:** Place the cat tree on a flat, stable surface away from windows, heating vents, or other potential hazards.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. Refer to the included parts list in your physical manual for exact quantities and identification. Typical components include:

- Base plate(s)
- Support posts (sisal-wrapped and plush-covered)
- Platforms/perches
- Cat condo enclosure
- Hammocks (small and large)
- Mushroom-shaped scratching pads/springboards
- Pompom balls (for play)
- Adjustable ceiling tension rod(s)
- Assembly hardware (screws, bolts, Allen wrench)

4. SETUP AND ASSEMBLY

Assembly of the PAWZ Road Mushroom Cat Tree is designed to be straightforward. All necessary tools are included in the package. Please follow the step-by-step instructions provided in your physical instruction manual for detailed guidance.

1. **Unpack:** Carefully unpack all components and lay them out. Identify each part using the provided labels and the parts list.
2. **Base Assembly:** Begin by attaching the lowest support posts and the cat condo to the base plate according to the manual.
3. **Layered Construction:** Continue assembling the platforms, hammocks, and additional posts in a layered fashion, working your way upwards. Ensure all connections are tightened securely.
4. **Adjustable Height Mechanism:** Once the main structure is built, attach the adjustable ceiling tension rod(s) to the top of the cat tree.
5. **Secure to Ceiling:** Position the cat tree in your desired location. Extend the adjustable rod(s) until they firmly press against the ceiling. **Tighten the screw** on the tension rod to create a secure, floor-to-ceiling fit. This ensures the stability of the entire structure.

Floor to Ceiling Design

Make full use of space, cover an area of an area small.

5. OPERATING AND USAGE

This cat tree is designed to cater to the natural instincts of cats, providing multiple areas for activity and rest.

- **Scratching:** The numerous sisal-wrapped posts and mushroom scratching pads allow cats to satisfy their scratching needs, helping to protect your furniture.

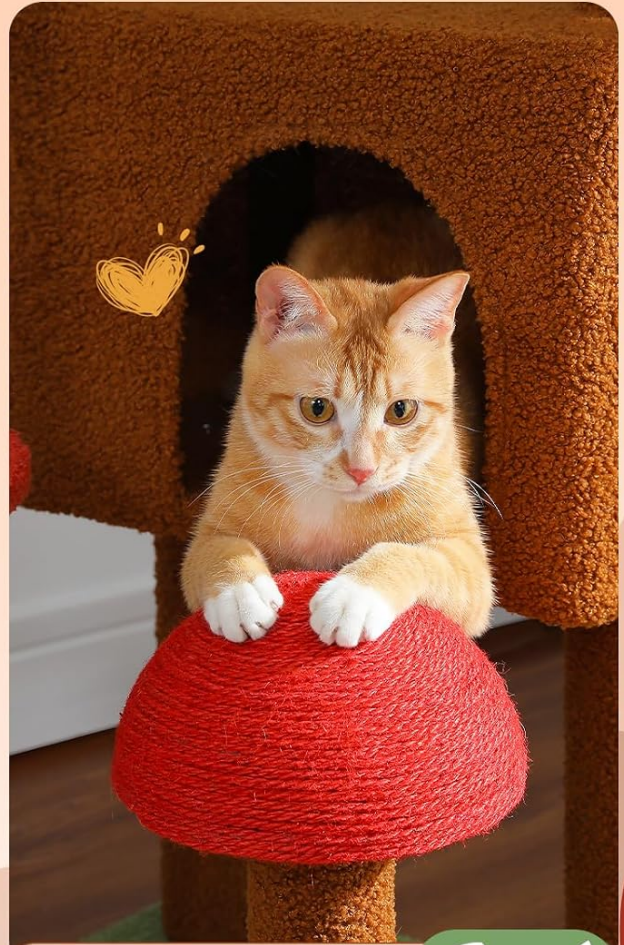

Scratching Support

Made of 100% natural sisal & keep them away from your furniture

- **Resting and Hiding:** The cat condo offers a private, enclosed space for napping or hiding. The cozy hammocks and various platforms provide elevated resting spots.

Ample Resting Place

Different type of spot can fulfill most cat's sleeping habit

Image 5.2: Examples of ample resting places including the cat condo, hammock, and platforms.

- **Climbing and Play:** With 7 levels and various platforms, the tree encourages climbing and exploration. Pom-pom balls are included for interactive play.
- **Multi-Cat Households:** The design accommodates multiple cats, providing individual spaces and reducing potential territorial disputes.

6. MAINTENANCE

- **Cleaning:** Use a lint roller or vacuum cleaner to remove pet hair from plush surfaces. For spot cleaning, use a damp cloth with mild soap and water, then air dry. Avoid harsh chemicals.
- **Sisal Posts:** Sisal material is durable for scratching. If it becomes frayed, trim loose threads to maintain its integrity.
- **Structural Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten the ceiling tension rod if any wobbling is observed.

7. TROUBLESHOOTING

- **Wobbling:** If the cat tree feels unstable, ensure the adjustable ceiling tension rod is properly tightened. Verify that the base is on a level surface. Check all assembly screws for tightness.
- **Parts Not Fitting:** Double-check the assembly instructions to ensure all parts are oriented correctly. Some parts may appear similar but have subtle differences.
- **Missing Parts:** If any parts are missing upon arrival, contact PAWZ Road customer support immediately.
- **Cats Not Using Tree:** Encourage use by placing treats or toys on different levels. Introduce cats to the tree gradually.

8. SPECIFICATIONS
