## KU XIU X40

# KU XIU X40 Foldable Magnetic Wireless Charger User Manual

Model: X40 | Brand: KU XIU

## 1. INTRODUCTION

---

The KU XIU X40 is a versatile 3-in-1 foldable magnetic wireless charging station designed for Apple devices. It provides simultaneous charging for your iPhone, Apple Watch, and AirPods, offering a compact and portable solution for both home and travel. Its durable aluminum alloy construction ensures efficient heat dissipation and a stable charging experience.

## 2. WHAT'S IN THE BOX

---

Please check the package contents to ensure all items are present:

- 1 x KU XIU X40 3-in-1 Wireless Charger
- 1 x 20W USB-A PD Wall Adapter
- 1 x USB-C to USB-C Cable
- 1 x Travel Case

### 3. SETUP INSTRUCTIONS

---

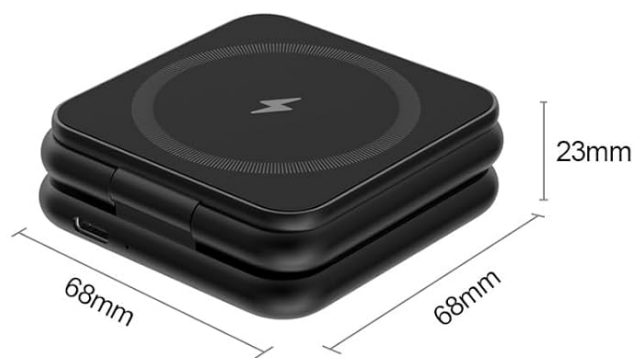

Follow these steps to set up your KU XIU X40 wireless charger:

1. **Connect Power:** Plug the provided USB-C to USB-C cable into the charging port on the KU XIU X40 and connect the other end to the 20W USB-A PD Wall Adapter. Plug the adapter into a power outlet.
2. **Unfold the Charger:** Gently unfold the charging station into your desired configuration. The flexible roll axes allow for various angles and heights.
3. **Place Devices:**
  - **iPhone:** Place your MagSafe-compatible iPhone (or iPhone with a MagSafe case) onto the magnetic charging surface. It can be charged in both portrait and landscape orientations.
  - **Apple Watch:** Stretch out the middle mini pad and place your Apple Watch onto the dedicated charging area.
  - **AirPods:** Place your AirPods (with wireless charging case) on the base of the charger.

SMART DESIGN

# FOLDABLE

You can easily take it  
anywhere

## 4. OPERATING MODES

The KU XIU X40 offers multiple operating modes to suit your needs:

- **Vertical Mode:** Ideal for FaceTime calls, video conferencing, or viewing notifications.
- **Horizontal Mode:** Perfect for watching videos, browsing content, or using Nightstand Mode on your Apple Watch.
- **Folded Mode:** For quick charging of your iPhone when space is limited, or for maximum portability.
- **Adjustable Angles:** The flexible roll axes allow you to adjust the height and viewing angle of your smartphone for optimal comfort.

**Horizontal Mode**  
Watch video, read messages

**Vertical Mode**  
FaceTime Calls

**Folded Mode**  
Charge your iPhone quickly

<b>Color</b>	Black
<b>Material</b>	Aluminum
<b>Mounting Type</b>	Tabletop Mount
<b>Power Source</b>	Corded Electric
<b>Specification Met</b>	FCC

## 8. TROUBLESHOOTING

---

If you encounter issues with your KU XIU X40 charger, please refer to the following common solutions:

- **Device Not Charging:**

- Ensure the charger is properly connected to the power adapter and a working power outlet.
- Verify that your device is correctly aligned on the charging surface. For iPhones, ensure MagSafe compatibility or a MagSafe-compatible case.
- Remove any thick phone cases (over 2.5mm) that might interfere with wireless charging.
- Check for any foreign objects between the device and the charging surface.

- **Slow Charging:**

- Confirm you are using the provided 20W USB-A PD Wall Adapter and USB-C cable. Using a lower wattage adapter may result in slower charging speeds.
- Ensure your device supports fast wireless charging.

- **Overheating:**

- While the charger has built-in temperature control, excessive heat can occur if the device is not properly aligned or if the environment is too hot. Relocate the charger to a cooler area.
- Remove any thick cases that might trap heat.

**Note:** The KU XIU X40 wireless charger is protected by a registered US patent (Patent No. USD1030658S US11936224B1). Please verify the authenticity of your purchase.

## 9. WARRANTY AND SUPPORT

---

For warranty information or technical support, please refer to the documentation included with your purchase or contact KU XIU customer service through their official channels. Keep your purchase receipt for warranty claims.
