

Inefala 7012B

Inefala 7012B 7-inch 2 DIN Car Stereo User Manual

Model: 7012B

INTRODUCTION

This manual provides detailed instructions for the installation, operation, maintenance, and troubleshooting of your Inefala 7012B 7-inch 2 DIN Car Stereo. This unit features a 7-inch touchscreen, integrated CarPlay and Android Auto, Bluetooth 5.1, Mirror Link functionality, FM radio, USB/AUX/TF inputs, steering wheel control support, and includes a backup camera for enhanced safety.

PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Inefala 7-inch 2 DIN Car Stereo with CarPlay
- 1 x Power Cord
- 1 x Speaker Cable
- 1 x Remote Control
- 1 x External Microphone
- 1 x Rear View Camera
- 1 x User Manual

SETUP AND INSTALLATION

Professional installation is recommended for car audio systems. Ensure the vehicle's power is disconnected before beginning installation.

1. Wiring Connections

Connect the power cord, speaker cable, external microphone, and rear view camera according to the wiring diagram provided in the separate wiring guide (if applicable) or the included manual. The unit uses a standard DIN connector. Pay close attention to the polarity of the ignition (ACC) and constant power (B+) wires to ensure proper operation and memory retention.

2. Mounting the Unit

Install the 2 DIN unit into your vehicle's dashboard opening. Secure it using the provided mounting brackets and screws.

3. Steering Wheel Control Configuration

After installation, access the steering wheel control settings in the unit's menu. Follow the on-screen prompts to program your vehicle's steering wheel buttons to control the car stereo functions.

OPERATING INSTRUCTIONS

1. Touchscreen Interface

The unit features a responsive 7-inch touchscreen with a resolution of 1024x600. Navigate through menus and control functions by tapping or swiping on the screen.

2. CarPlay and Android Auto

Connect your smartphone to the car stereo using your phone's original USB cable to activate CarPlay (for iPhone) or Android Auto (for Android phones). This allows access to navigation, calls, messages, music, and voice assistants (Siri/Google Voice) directly from the car stereo display.

Apple Carplay & Android Auto

Use the original USB cable to connect

 Navigate to the airport. 

 Hey, Siri! Play Music. 

Image: The car stereo screen showing various app icons, indicating active CarPlay or Android Auto. Two smartphones are depicted below, one connected for CarPlay and the other for Android Auto via USB cables.

3. Mirror Link Function

To use Mirror Link, connect your smartphone via its original USB cable. The car stereo will display your phone's screen content synchronously. This feature is useful for displaying navigation apps or sharing videos from your phone.

Mirror Link & HD Touchscreen

This touch screen car stereo can be synced to the onboard screen via the phone's original USB cable.

Image: A visual representation of the Mirror Link function, where a smartphone's display is duplicated onto the car stereo's HD screen, showing a snowboarder. USB cables illustrate the connection method.

4. Bluetooth 5.1 Connectivity

The unit features Bluetooth 5.1 for wireless audio streaming and hands-free calling. Pair your phone with the car stereo to make and receive calls, download your phonebook, and play music wirelessly. An external microphone is included for clear call quality.

5. FM Radio

Access the FM radio function to listen to your favorite stations. The unit supports a frequency range of 87.5-108.0 MHz and allows for 18 preset stations. Use the scan function to find available stations.

Image: The car stereo screen showing the FM radio interface, tuned to 87.50 MHz, with options for band selection, scanning, stereo/mono, and local/DX tuning.

6. USB, AUX, and TF Card Playback

The unit supports media playback from USB drives, AUX input, and TF (microSD) cards. Insert your storage device or connect an audio source to enjoy local video or music.

7. Backup Camera Operation

When the vehicle is shifted into reverse gear, the car stereo will automatically display the rear view camera feed on the screen. The included camera is waterproof and features night vision, providing a clear view with reversing reference lines for safer parking.

Backup Camera Included

When you pull the reverse gear, the device will show a rear view image automatically, making your daily reversing safer and easier.

MAINTENANCE

To ensure the longevity and optimal performance of your car stereo, follow these maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the touchscreen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid abrasive materials or harsh chemical cleaners.
- **General Cleaning:** Keep the unit free from dust and debris. Use a soft brush or compressed air to clean around buttons and ports.
- **Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, for extended periods.

TROUBLESHOOTING

If you encounter issues with your Inefala 7012B car stereo, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
No Sound Output	◦ Check all speaker wire connections. ◦ Ensure the volume is not muted or set to minimum. ◦ Verify the correct audio source is selected.
CarPlay/Android Auto Not Connecting	◦ Use your phone's original USB cable. ◦ Ensure your phone's operating system is up to date. ◦ Check if CarPlay/Android Auto is enabled in your phone's settings. ◦ Restart both the car stereo and your smartphone.
Bluetooth Connection Issues	◦ Ensure Bluetooth is enabled on both the car stereo and your phone. ◦ Delete previous pairings and re-pair the devices. ◦ Move the phone closer to the unit.
Distorted or "Piping" Sound	◦ Check for proper grounding of the unit. ◦ Ensure all wiring connections are secure and free from interference. ◦ Consult a professional installer if the issue persists.
Unit Not Powering On	◦ Check the vehicle's fuse box for blown fuses. ◦ Verify the power and ground connections to the unit.
