

T'nB HPMOON

T'nB Moon Night Light with Integrated Wireless Speaker User Manual

Model: HPMOON

1. INTRODUCTION

Thank you for choosing the T'nB Moon Night Light with Integrated Wireless Speaker. This device combines a soothing night light with a Bluetooth speaker, offering customizable lighting and audio for a relaxing environment. This manual provides essential information for safe and effective use of your product.

2. SAFETY INFORMATION

Please read all safety instructions before using the product. Keep this manual for future reference.

- Do not expose the device to water or excessive moisture.
- Do not disassemble, repair, or modify the product. This may void the warranty and pose safety risks.
- Keep away from heat sources, direct sunlight, and flammable materials.
- Use only the provided charging cable.
- This product is for indoor use only.
- Ensure the product is placed on a stable surface to prevent falling.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- Moon Speaker
- 1 Infrared Remote Control
- 1 Charging Cable
- 1 User Manual

4. PRODUCT OVERVIEW

The T'nB Moon Night Light features a spherical lamp with a textured surface resembling the moon, mounted on a wooden base. It includes an integrated speaker and is controlled via an infrared remote.

5. SETUP

5.1. Assembly

Carefully unpack all components. Assemble the wooden base by interlocking the two pieces. Place the Moon lamp securely on the assembled base.

5.2. Charging

Before first use, fully charge the Moon Night Light. Connect the provided charging cable to the charging port on the lamp

and to a compatible USB power adapter (not included). The indicator light will show charging status.

6. OPERATION

6.1. Remote Control Functions

The Moon Night Light is controlled using the included infrared remote control. Ensure the remote is pointed towards the lamp for optimal response.

Télécommande infrarouge

Image: The infrared remote control with buttons for power, volume, light intensity, and color selection.

- **Power Button** (●): Turns the lamp on or off.
- **Light (LED) Button**: Cycles through light modes or turns light on/off.
- **Volume Buttons (VOL+, VOL-)**: Adjusts speaker volume.
- **Previous/Next Track Buttons**: Skips to the previous or next song when playing music via Bluetooth.
- **Play/Pause Button**: Plays or pauses music.

- **Color Buttons:** Selects specific light colors (e.g., red, green, blue, white, etc.).
- **Brightness Buttons:** Adjusts light intensity (usually up/down arrows or specific buttons).

6.2. Light Control

The Moon Night Light offers multiple light colors and three intensity levels.

Jusqu'à 10 options lumineuses

Image: Eight T'nB Moon Night Lights, each displaying a different color from its range of options.

1. Press the **Power Button** on the remote to turn on the light.
2. Use the **Color Buttons** to select your desired light color.
3. Use the **Brightness Buttons** (if available, or cycle through modes with the Light button) to adjust the light intensity.

6.3. Bluetooth Speaker Pairing

The Moon Night Light features an integrated Bluetooth speaker for audio playback.

1. Ensure the Moon Night Light is powered on.
2. Activate Bluetooth on your smartphone or audio device.
3. Search for available Bluetooth devices. The Moon Night Light will appear as "HPMOON" or similar.
4. Select "HPMOON" to pair. A confirmation sound may indicate successful pairing.
5. Once paired, you can play music from your device, controlling volume and tracks via your phone or the remote control.

To disconnect Bluetooth, simply turn off Bluetooth on your device or power off the Moon Night Light.

7. MAINTENANCE

7.1. Cleaning

To clean the Moon Night Light, gently wipe the surface with a soft, dry cloth. Do not use abrasive cleaners, solvents, or immerse the device in water.

7.2. Storage

When not in use for extended periods, store the device in a cool, dry place, away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Low battery; Power button not pressed.	Charge the device; Press the power button on the remote.
Remote control not working.	Remote battery low; Obstruction between remote and lamp; Remote not pointed correctly.	Replace remote battery; Ensure clear line of sight; Point remote directly at the lamp.
Bluetooth not connecting.	Bluetooth not enabled on device; Lamp not in pairing mode; Device too far.	Enable Bluetooth on your smartphone; Ensure the lamp is on; Move your device closer to the lamp.
No sound from speaker.	Volume too low; Device not paired; Music paused.	Increase volume on lamp/device; Re-pair Bluetooth; Press play on device/remote.
