

VEVOR YQ-062

VEVOR Wood Outdoor Bench (Model YQ-062) Instruction Manual

Model: YQ-062 | Brand: VEVOR

INTRODUCTION

This manual provides essential information for the safe assembly, operation, and maintenance of your VEVOR Wood Outdoor Bench, Model YQ-062. This 2-person garden bench is designed for outdoor use, featuring a robust wood construction with a load capacity of 800 lbs. It includes a backrest and armrests for comfort and is built to withstand various weather conditions. Please read these instructions thoroughly before assembly and use.

SAFETY INFORMATION

- Always assemble the bench according to the provided instructions.
- Secure the bench to the ground to prevent tipping, especially in windy conditions.
- Protect the bench from weather damage by covering it when not in use or applying a weatherproof finish periodically.
- Do not exceed the maximum weight limit of 800 lbs (363 kg).
- Ensure all bolts and screws are tightened securely before use and check periodically for tightness.
- Keep children and pets away from the assembly area.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x User Manual
- 1 x Backrest
- 1 x Seat Board
- 1 x Left Rear Leg

- 1 x Right Rear Leg
- 1 x Left Armrest
- 1 x Right Armrest
- Hardware pack (screws, bolts, hex wrench)

ASSEMBLY INSTRUCTIONS

The VEVOR Wood Outdoor Bench is designed for easy assembly, typically taking about 15 minutes. Follow these steps carefully:

1. **Step 1: Attach Legs to Armrests.** Secure the left and right rear legs to their respective armrest components using the provided screws (A and B). Ensure the rounded edges of the armrests are facing upwards for proper ergonomic seating.
2. **Step 2: Connect Seat Board.** Attach the seat board to the assembled left and right armrest components. Align the pre-drilled holes and secure with the appropriate hardware.
3. **Step 3: Attach Backrest.** Finally, attach the backrest to the left and right legs. Ensure it is firmly secured.

4. **Final Check:** Once all parts are assembled, double-check that all screws and bolts are tightened securely. Avoid overtightening to prevent damage to the wood.

Image: Visual guide for the 3-step assembly process.

Note: Some users have found that using a personal hex wrench of better quality than the included one can make tightening screws easier and prevent stripping. Applying a small amount of screw lubricant can also aid in assembly.

OPERATION AND USAGE

Your VEVOR Wood Outdoor Bench is designed for comfortable seating in various outdoor environments.

- **Comfortable Seating:** The bench features a backrest angled over 90° for relaxed leaning and streamlined armrests for support, enhancing your outdoor relaxation experience.
- **Capacity:** This bench can comfortably seat 1-3 people, with a maximum load capacity of 800 lbs (363 kg).
- **Versatile Placement:** Its natural wood grain and classic style allow it to blend seamlessly into gardens, parks, patios, yards, or front porches.

MAINTENANCE

To ensure the longevity and appearance of your VEVOR Wood Outdoor Bench, regular maintenance is recommended.

- **Cleaning:** Wipe the bench clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the wood finish.
- **Weather Protection:** Although designed for all-weather use, covering the bench during extreme weather conditions (heavy rain, snow, intense sun) or applying a suitable outdoor wood sealant annually can significantly extend its lifespan and maintain its appearance.
- **Hardware Check:** Periodically inspect all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your VEVOR Wood Outdoor Bench, consider the following:

- **Instability/Wobbling:** Check all assembly points. Ensure all screws and bolts are fully tightened. Uneven ground can also cause wobbling; try moving the bench to a flat surface.
- **Difficulty with Screws:** If screws are difficult to insert or appear to strip, ensure you are using the correct size and type of driver. Pre-drilled holes should align correctly. If issues persist, contact VEVOR customer support.
- **Wood Discoloration/Wear:** This is normal for outdoor wood products over time. Regular cleaning and application of a wood sealant or stain can help protect and restore the finish.

SPECIFICATIONS

Attribute	Detail
