Benzara BM308815

Benzara Lee Full Size Bed

INSTRUCTION MANUAL - MODEL BM308815

Introduction

Thank you for purchasing the Benzara Lee Full Size Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Important Safety Information

- Always assemble the bed on a soft, clean surface to prevent damage.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten as necessary.
- Do not use power tools for assembly unless specifically instructed, as this may overtighten or damage components.
- Keep small parts away from children during assembly.
- This product is designed for indoor use only.
- Do not exceed the recommended weight capacity for a full-size bed.

Package Contents

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Headboard with LED lighting and tufted faux leather upholstery
- Footboard
- Side Rails (2)
- Bed Slats and Supports
- Assembly Hardware (bolts, washers, nuts, Allen wrench)

Note: Mattress and bedding are not included.

Setup and Assembly

Assembly of the Benzara Lee Full Size Bed is required. It is recommended that two adults perform the assembly. Please follow these general steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify each component using the parts list (not provided in this manual, refer to included physical instructions).
2. **Attach Side Rails to Headboard:** Securely attach the side rails to the headboard using the provided hardware. Ensure all connections are firm.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard, tightening all hardware.
4. **Install Bed Slats:** Place the bed slats across the side rails. Secure them in place according to the specific design, often involving screws or plastic clips. Ensure even spacing and stability.
5. **Connect LED Power:** If the headboard includes a separate power cord for the LED lighting, connect it to a suitable power outlet.
6. **Final Check:** Before placing a mattress on the bed, ensure all bolts and screws are fully tightened and the bed frame is stable.

Operating Instructions (LED Lighting)

The Benzara Lee Full Size Bed features integrated LED lighting in the headboard. To operate the LED lights:

- **Power Connection:** Ensure the bed's power cord is securely plugged into a functional electrical outlet.
- **Activation:** Locate the power switch or touch sensor, typically found on the headboard or an attached cable. Press or touch to turn the LED lights on or off.
- **Brightness/Mode (if applicable):** If your model includes brightness adjustment or different lighting modes, these functions are usually controlled by repeated presses or a long press on the same switch/sensor. Refer to the specific instructions included with your bed for detailed control options.

Care and Maintenance

Proper care will extend the life and appearance of your Benzara Lee Full Size Bed.

- **Cleaning the Frame:** Wipe the wood and mirror surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Cleaning Faux Leather:** For the faux leather upholstery, use a mild soap solution and a soft cloth. Wipe gently and then dry with a clean cloth. Do not saturate the material.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability.
- **LED Care:** The LED lights are designed for long-term use. If a light fails, contact customer support for assistance; do not attempt to replace individual LEDs yourself.

Troubleshooting

If you encounter issues with your Benzara Lee Full Size Bed, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose hardware.	Check and tighten all bolts and screws. Ensure all connections are secure.

Problem	Possible Cause	Solution
LED lights are not turning on.	Power cord not connected; switch off; power outage.	Verify the power cord is securely plugged into a working outlet. Ensure the LED switch is in the "on" position. Check your home's circuit breaker.
Squeaking noises.	Loose connections; friction between parts.	Re-tighten all hardware. Apply a small amount of lubricant (e.g., silicone spray) to contact points between metal or wood components if necessary.

If the problem persists after attempting these solutions, please contact customer support.
