echosari Smart Star String Lights User Manual

Model: S01-ES-10M-StarL

Brand: echosari

1. INTRODUCTION

The echosari Smart Star String Lights are 32.8-foot long string lights featuring 66 LED acrylic stars. These lights are designed with a frosted shell, making them non-fragile and capable of emitting a soft, non-dazzling light. They are suitable for creating a romantic and dreamy atmosphere in both indoor and outdoor environments, ideal for decorating spaces such as kids' bedrooms, tents, and gardens.

2. SETUP

Follow these steps to set up your Smart Star String Lights:

1. **Unpack:** Carefully remove the string lights, remote control, and USB controller from the packaging.
2. **Power Connection:** Connect the USB plug of the string lights to a compatible USB power source (e.g., USB wall adapter, power bank, computer USB port).
3. **App Download:** Download the free "ZENGGE" smart app from your device's app store.
4. **Initial Pairing:** Open the "ZENGGE" app and follow the on-screen instructions to pair your string lights. Ensure Bluetooth is enabled on your device for successful pairing.
5. **Placement:** Arrange the string lights in your desired indoor or outdoor location.

3. OPERATING INSTRUCTIONS

Your Smart Star String Lights offer multiple control options for versatile lighting experiences.

3.1. Smart App Control

The "ZENGGE" smart app provides comprehensive control over your lights. It offers dynamic lighting effects and various modes of operation, including Colorful, Scenes, Playlist, Scribble, Rhythm, Schedule, and Link. You can create unique lighting displays for any occasion.

- **Color Selection:** Choose from 16 million colors to customize your lighting.
- **Scene Modes:** Access over 24 pre-set dynamic scene modes for different moods and occasions.
- **DIY Mode:** Create and save your own custom color patterns and lighting effects.

Figure 3.2: Customize colors and dynamic lighting effects using the app.

3.2. Remote Control

The included 24-button remote control allows you to change colors, adjust brightness, and switch between various modes without using the app.

3.3. USB Controller Button

A button on the USB controller allows for basic control, enabling you to switch between light modes and colors directly.

3.4. Music Sync

The LED twinkle lights can synchronize color changes with the rhythm of music or sounds. Select any music within the app to create a romantic, relaxed, or joyful immersive atmosphere for dances, family gatherings, and birthday parties. This feature allows for interesting DIY ambient lighting and dynamic scenes.

3.5. Timer Schedule

Utilize the timer functions within the app to personalize the lighting schedule according to your lifestyle. This feature helps conserve energy by automatically turning the lights on and off at set times.

3.6. Group Control

The exclusive app allows you to set up a smart group for multiple string light sets (up to 5 sets). This is convenient for decorating larger areas and achieving synchronized lighting shows. *Note: These lights are not designed for end-to-end connection.*

4. MAINTENANCE

To ensure the longevity and proper functioning of your Smart Star String Lights, observe the following maintenance guidelines:

- **Water Resistance:** The fairy lights are wrapped with three strands of wire inside a layer of waterproof plastic, making them safe and durable for both outdoor and indoor use (IP65 rated).
- **USB Port:** The USB connector is **not waterproof**. Ensure it is protected from water exposure when used outdoors.
- **Cleaning:** Gently wipe the lights with a soft, dry cloth to remove dust or dirt. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the lights in a cool, dry place, away from direct sunlight and extreme temperatures.

Figure 4.1: The lights are designed for outdoor use, but the USB port requires protection from water.

5. TROUBLESHOOTING

If you encounter issues with your Smart Star String Lights, consider the following common solutions:

- **Lights Not Turning On:**

- Ensure the USB power source is functioning correctly and providing adequate power.
- Check all connections to ensure they are secure.
- Verify that the lights are not set to a very low brightness or turned off via the app or remote.

- **Remote Control Not Working:**

- Check if the remote control's battery needs replacement.
- Ensure there are no obstructions between the remote and the USB controller.

- **App Connectivity Issues:**

- Ensure Bluetooth is enabled on your smartphone and it is within range of the lights.
- Restart the "ZENGGE" app.
- Try unplugging and re-plugging the lights to reset them.

- **Inconsistent Light Patterns/Colors:**

- Verify that the correct mode or scene is selected in the app or via the remote.
- If using music sync, ensure the microphone is not obstructed and the volume is adequate.

If these steps do not resolve the issue, please contact echosari customer support for further assistance.

6. SPECIFICATIONS

Feature	Specification
Model Number	S01-ES-10M-StarL
Brand	echosari
Light Type	LED Star String Lights
Length	32.8 Feet (10 Meters)
