Maintenance

Proper care will extend the life and appearance of your dining set:

- **Cleaning:** Wipe surfaces with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly.
- **Cushions:** The thickened cushions are made from 230 grams of light-beige SDP fabric, which is soft, skin-friendly, fade-resistant, and durable. They feature a zipper design for easy removal and cleaning.
- **Frame:** The steel frames feature a 3-step corrosion protection process (meticulous cleaning pretreatment, electrocoat bath, and final powder coat) for superior durability and toughness.
- **Wicker:** The black wicker has 2000UVH durability, making it anti-crack and fade-resistant.
- **Storage:** During prolonged periods of non-use or harsh weather, it is recommended to cover the furniture or store it indoors to protect it from elements.

Troubleshooting

If you encounter any issues with your dining set, please refer to the following common solutions:

- **Wobbly Table/Chairs:** Check all bolts and nuts to ensure they are securely tightened. Uneven surfaces can also cause wobbling; try moving the furniture to a level area.
- **Difficulty Expanding/Retracting Table:** Ensure there are no obstructions in the expansion mechanism. Apply a small amount of silicone lubricant to the sliding parts if movement is stiff.
- **Cushion Discoloration:** While cushions are fade-resistant, prolonged exposure to direct sunlight can still cause some fading over time. Store cushions indoors or use covers when not in use.
