

VECELO KHD-SC4T01-WHT

VECELO 4-Tier Plastic Tall Narrow Storage Cabinet User Manual

Model: KHD-SC4T01-WHT

1. INTRODUCTION

Thank you for choosing the VECELO 4-Tier Plastic Tall Narrow Storage Cabinet. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new storage cabinet. Please read this manual thoroughly before assembly and retain it for future reference.

This slim, versatile storage solution is designed to maximize space in various rooms, offering adjustable shelving and easy mobility.

2. SAFETY INFORMATION

WARNING: To prevent serious injury, always follow these safety precautions.

- Do not exceed the maximum storage capacity of 27 gallons. Overloading may cause instability.
- Ensure the cabinet is placed on a flat, stable surface.
- Utilize the anti-tip hardware provided to secure the cabinet to a wall, especially in households with children or pets.
- Keep hands clear of moving parts during assembly and when adjusting shelves.
- Do not allow children to climb on or play with the cabinet.
- Avoid placing hot items directly on the plastic surfaces.

Anti-tip Design

Offer extra security and stability

Image: Illustration demonstrating the anti-tip design of the cabinet, showing how it should be secured to a wall for stability and safety, contrasting with an unsecured cabinet that could tip over.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Storage Cabinet Sections (4 tiers)
- Adjustable Shelves (quantity may vary based on configuration)
- Wheels (4 pieces)
- Magnetic Door Handles (4 pieces)
- Anti-tip Hardware Kit
- User Manual (this document)

4. ASSEMBLY INSTRUCTIONS

The VECELO storage cabinet is designed for easy, tool-free assembly. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Attach Wheels:** If desired, snap the four wheels into the designated slots on the bottom base section of the cabinet. Ensure they are securely fastened.
3. **Assemble Tiers:** Stack each cabinet tier one by one, aligning the connection points and pressing firmly until they click into place. Start from the bottom tier and work your way up.
4. **Insert Adjustable Shelves:** Open the cabinet doors. Insert the adjustable shelves into the desired height slots within each compartment. The shelves can be repositioned as needed.
5. **Attach Door Handles:** Secure the magnetic door handles to the pre-drilled holes on each door.
6. **Install Anti-tip Hardware:** For added safety, especially if the cabinet is tall or in an active area, install the anti-tip hardware to secure the top of the cabinet to a wall. Refer to the separate anti-tip hardware instructions for detailed steps.

5. OPERATING INSTRUCTIONS

Using your VECELO storage cabinet is straightforward:

- **Opening/Closing Doors:** The cabinet features magnetic doors for secure closure. Gently pull the gold-plated handle to open and push to close.
- **Adjusting Shelves:** To adjust a shelf, simply lift it from its current position and place it into another set of grooves at the desired height. This allows for customization based on item size.
- **Moving the Cabinet:** If the wheels are installed, the cabinet can be easily moved by pushing or pulling it. The wheels are designed for smooth 360-degree swivel. Ensure the path is clear of obstacles.
- **Storage:** Organize items within the compartments. The transparent doors allow for easy visibility of contents.

6. MAINTENANCE

To ensure the longevity and appearance of your VECELO storage cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the cabinet surfaces with a damp cloth. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals, as they may damage the plastic.
- **Dusting:** Regularly dust the cabinet to prevent buildup, especially on the transparent doors.
- **Inspection:** Periodically check all connections and the anti-tip hardware to ensure they remain secure.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause discoloration or material degradation over time.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet feels unstable or wobbly.	Not on a flat surface; sections not fully clicked; anti-tip hardware not installed.	Ensure cabinet is on a level surface. Press down firmly on each tier to ensure all connections are secure. Install or re-check anti-tip hardware.
Doors do not close properly.	Magnetic handles misaligned; obstruction inside.	Check if handles are securely attached. Ensure no items are blocking the door's path.
Wheels do not roll smoothly.	Debris in wheels; wheels not fully inserted.	Clean any debris from the wheels. Ensure wheels are fully snapped into place.

8. SPECIFICATIONS

Feature	Detail
Model	KHD-SC4T01-WHT
