2. SETUP AND CHARGING

Initial Use

Before first use, it is recommended to fully charge the flashlight to ensure optimal performance and battery longevity.

Charging Instructions

1. Locate the Type-C charging port on the flashlight.
2. Connect the provided USB Type-C cable to the flashlight's charging port.
3. Connect the other end of the USB cable to any compatible USB power source (e.g., wall adapter, power bank, computer USB port, car charger).
4. The blue power indicator lights on the tail of the flashlight will illuminate to show charging progress. Each light represents approximately 25% charge.
5. Charging is complete when all four blue indicator lights are solid. A full charge typically takes about 2.5 hours.

Power Display

The flashlight features a 4-level blue power indicator on the tail, allowing you to monitor the battery status:

- 1 light: 25% battery
- 2 lights: 50% battery
- 3 lights: 75% battery
- 4 lights: 100% battery

3. OPERATING INSTRUCTIONS

Power On/Off and Mode Cycling

The flashlight features 6 lighting modes and a memory function for convenience.

- **To Turn On/Off:** Press the power button once to turn on. Press again to cycle through modes (High → Medium → Low → Strobe → SOS).
- **TURBO Mode:** Double-click the power button at any time to instantly activate the brightest TURBO mode.
- **One-Key Turn Off:** To turn off the flashlight directly from any mode, long press the power button for 3 seconds. Alternatively, if the flashlight has been in a specific mode for more than 5 seconds, a single press will turn it off.
- **Memory Function:** If the flashlight is turned off after being in a mode for more than 5 seconds, it will remember that mode. The next time you turn it on, it will resume in the last used mode.

Zoomable Function

The flashlight features a zoomable head to adjust the beam from a wide floodlight to a focused spotlight.

- **To Zoom In (Floodlight):** Push the light head forward to widen the beam for illuminating a larger area.
- **To Zoom Out (Spotlight):** Pull the light head backward to narrow the beam for long-distance illumination.

ZOOMABLE DESIGN

Emergency Power Bank Function

The Banral K-2316-B can also function as an emergency power bank to charge small electronic devices.

- Connect your device's charging cable to the USB-A output port on the flashlight.
- The flashlight will begin charging your device. This feature is ideal for charging GPS devices, earbuds, or cameras in emergency situations.

4. CARE AND MAINTENANCE

Proper care and maintenance will ensure the longevity and optimal performance of your Banral flashlight.

- **Cleaning:** Wipe the flashlight with a clean, soft cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures. If storing for extended periods, charge the battery every 3-6 months to maintain battery health.
- **Water Resistance:** The flashlight is IPX5 water-resistant, meaning it can withstand splashing water from any direction. Do not submerge the flashlight in water. Ensure the charging port cover is securely closed when not charging to maintain water resistance.
- **Impact Resistance:** The flashlight is designed to be impact resistant up to 10 feet. While durable, avoid unnecessary drops to prevent damage.

5. TROUBLESHOOTING

If you encounter issues with your Banral flashlight, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Flashlight does not turn on.	Low or depleted battery.	Charge the flashlight fully using the provided Type-C cable.
Light is dim or flickers.	Low battery.	Recharge the flashlight.
Cannot cycle through modes.	Button malfunction or low battery.	Ensure battery is charged. If issue persists, contact customer support.
Flashlight not charging.	Faulty cable, power source, or charging port.	Try a different USB cable or power source. Ensure cable is fully inserted.

If the problem persists after trying these solutions, please contact Banral customer support for assistance.

7. SAFETY GUIDELINES

Please observe the following safety precautions to prevent injury or damage to the flashlight:

- **Do Not Stare Directly into Beam:** The high lumen output can cause temporary vision impairment or eye damage.

- **Keep Out of Reach of Children:** This flashlight is not a toy.
- **Avoid Disassembly:** Do not attempt to disassemble or modify the flashlight, as this may void the warranty and cause damage.
- **Battery Safety:** Use only the specified battery type. Do not expose batteries to fire or extreme temperatures.
- **Charging Environment:** Charge the flashlight in a well-ventilated area and avoid charging near flammable materials.

8. WARRANTY AND CUSTOMER SUPPORT

Warranty Information

Banral provides a free replacement warranty for products for 12 months from the date of purchase. This warranty covers manufacturing defects and issues arising from normal use.

Customer Support
