Labymos SK8

Labymos Q SK8 Wired In-Ear Headphones User Manual

Model: SK8
Brand: Labymos

1. Introduction

Thank you for choosing the Labymos Q SK8 Wired In-Ear Headphones. These headphones are designed to provide a high-fidelity audio experience with a comfortable ear-hook fit and convenient in-line controls. This manual provides instructions for proper setup, operation, and maintenance to ensure optimal performance and longevity of your device.

4. Setup

4.1 Connecting to an Audio Source

1. Locate the 3.5mm audio jack on your audio device (smartphone, tablet, computer, MP3 player, etc.).
2. Insert the 3.5mm gold-plated plug of the Q SK8 headphones firmly into the audio jack until it clicks into place.
3. Ensure the connection is secure to prevent audio interruptions.

4.2 Wearing the Headphones

The Q SK8 headphones feature an ear-hook design for a secure and comfortable fit, especially during physical activity.

1. **Select the Correct Earcaps:** Choose the pair of earcaps that best fit your ear canal. A proper seal is crucial for optimal sound quality and bass response, as well as noise isolation. The package includes additional sizes.
2. **Position the Earbuds:** Gently insert the earbud into your ear canal.

3. **Adjust the Ear Hook:** Guide the flexible ear hook over the top and behind your ear. Adjust it until the earbud feels secure and comfortable in your ear, and the cable runs smoothly down.

5. Operating Instructions

The Q SK8 headphones are equipped with an in-line remote control and microphone for convenient management of audio playback and calls.

5.1 In-line Remote Control Functions

The in-line remote typically features three buttons. Functions may vary slightly depending on your audio device's operating system (iOS/Android).

- **Center Button (Multi-function):**
  - Press once: Play/Pause music, Answer/End call.
  - Press twice: Next track.

    - Press three times: Previous track.
    - Press and hold: Activate voice assistant (e.g., Siri, Google Assistant).
- **Volume Up (+) Button:** Press to increase volume.
- **Volume Down (-) Button:** Press to decrease volume.
- **Microphone:** The built-in microphone allows for hands-free calling. Ensure the microphone is positioned clearly towards your mouth for optimal voice pickup.

6. Maintenance

Proper care will extend the life of your Labymos Q SK8 headphones.

- **Cleaning:**
    - Regularly clean the earcaps with a soft, dry cloth.
    - If necessary, remove the earcaps and wash them gently with mild soap and water, then allow them to dry

completely before reattaching.
    - Use a small, soft brush or cotton swab to carefully remove any earwax or debris from the earbud nozzles.
    - Wipe the cable and earbud housings with a soft, slightly damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:**
    - When not in use, store the headphones in a clean, dry place, preferably in a protective pouch or case to prevent tangling and damage.
    - Avoid extreme temperatures and direct sunlight.
- **Cable Care:**
    - Do not pull the cable forcefully when disconnecting from a device; always grasp the plug.
    - Avoid sharp bends or kinks in the cable, as this can damage the internal wires.

7. Troubleshooting

If you encounter issues with your Q SK8 headphones, refer to the following common solutions:

Problem	Possible Cause / Solution
No sound or low volume	◦ Ensure the 3.5mm plug is fully inserted into the audio device. ◦ Check the volume level on your audio device and on the in-line remote. ◦ Test with another audio device to rule out a device issue. ◦ Inspect the cable for any visible damage. ◦ Ensure earcaps are properly seated and not blocked by debris.
Microphone not working	◦ Ensure the 3.5mm plug is fully inserted. Some devices require a specific type of 3.5mm jack for microphone functionality. ◦ Check your device's audio settings to ensure the external microphone is selected. ◦ Test with another device to confirm if the microphone itself is faulty.
Poor sound quality / Static	◦ Ensure the 3.5mm plug is clean and free of debris. ◦ Try adjusting the plug slightly in the jack. ◦ Test with another audio source. ◦ Ensure earcaps provide a good seal in your ear.

8. Warranty and Support

Labymos products are manufactured to high-quality standards. For warranty information, please refer to the warranty card included with your purchase or contact the retailer where you purchased the product. For technical support or further assistance, please contact Labymos customer service through their official website or the contact information provided with your product.
