Crystal Quest CQE-SP-00898

Crystal Quest Gold Shower Filter (Model CQE-SP-00898)

Instruction Manual

1. INTRODUCTION

The Crystal Quest Gold Shower Filter (Model CQE-SP-00898) is designed to enhance your showering experience by providing cleaner, healthier water. This advanced multi-stage filtration system effectively reduces or removes various impurities, contributing to softer skin and hair.

2. PRODUCT FEATURES

- Advanced Multi-Stage Filtration:** Utilizes a cutting-edge system to remove chlorine, chloramines, THMs, pesticides, sulfur, heavy metals, hydrogen sulfide, and iron oxides.
- Optimal Hydration and Wellness:** Regulates contaminant levels for balanced water, supporting better hydration and overall wellness.
- Enhanced Skin and Hair Health:** Provides water that is gentle and beneficial, leaving skin feeling refreshed and hair healthier, shinier, and silkier.
- Stylish Design:** Features a luxurious gold finish to complement various bathroom decors.
- Certified Quality:** Manufactured by Crystal Quest, an ISO-certified business, ensuring high quality and sustainability. The product is BPA-free.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Crystal Quest Gold Shower Filter Unit
- Replaceable Multi-Stage Filter Cartridge
- Plumber's Tape
- Gaskets/O-rings
- Instruction Manual

ENJOY CLEANER, HEALTHIER WATER

Eco Friendly

BPA Free

ISO Certified

Made In USA

Utilizes Multi Stage filtration to improve water quality.

4. SETUP AND INSTALLATION

Installation of the Crystal Quest Gold Shower Filter is designed to be straightforward. No specialized tools are typically required.

- 1. Prepare the Shower Arm:** Unscrew your existing shower head from the shower arm. Clean any residue from the threads of the shower arm.
- 2. Apply Plumber's Tape:** Wrap plumber's tape (provided) clockwise around the threads of the shower arm approximately 3-5 times. This helps ensure a watertight seal.
- 3. Install the Filter Unit:** Screw the Crystal Quest Gold Shower Filter unit onto the shower arm. Hand-tighten until snug. Do not overtighten. Ensure a gasket is properly seated inside the filter's connection point.
- 4. Attach Shower Head:** Apply plumber's tape to the threads on the bottom of the filter unit. Screw your existing shower head onto the filter unit. Hand-tighten until snug. Ensure a gasket is properly seated inside the shower head's connection point.
- 5. Initial Flush:** Turn on the shower and let the water run for 60 seconds to flush out any loose carbon particles from the new filter cartridge. The water may appear discolored initially; this is normal and will

clear.

INSTALLATION INSTRUCTION

Water travels through the shower filter, passing through ERA-6500, ERA-9500, along with a combination of coconut GAC and Catalytic GAC for de-chlorination removal of chloramine and their by products, along with other contaminants.

5. OPERATING INSTRUCTIONS

Once installed, the Crystal Quest Gold Shower Filter operates automatically. Simply turn on your shower as usual. The multi-stage filtration process will immediately begin purifying your water.

For optimal performance, ensure the initial flush procedure (Step 5 in Setup and Installation) has been completed.

CRYSTAL QUEST SHOWER HEAD WATER FILTER

This **high-performance** shower filter combines easy operation and maintenance with ultimate structural integrity and reliability.

6. MAINTENANCE

Regular maintenance involves replacing the filter cartridge to ensure continuous effective filtration.

- 1. Filter Cartridge Replacement:** The filter cartridge should be replaced every 12 to 18 months, or sooner if you notice a decrease in water flow or filtration effectiveness.
- 2. Replacement Procedure:**
 - Turn off the water supply to the shower.
 - Unscrew the shower head from the filter unit.
 - Unscrew the filter unit from the shower arm.
 - Carefully open the filter housing to access the old cartridge.
 - Remove the old cartridge and insert a new Crystal Quest replacement cartridge, ensuring it is properly seated.
 - Reassemble the filter housing, screw the filter unit back onto the shower arm, and reattach the shower head.
 - Perform an initial flush as described in the Setup and Installation section.

CRYSTAL QUEST®
Water Filters

**GET FRESH WATER
IN NO TIME**

- ISO-certified and Made in the USA.
- Aligns with sustainable practices and is BPA-free.
- Available with or without an accompanying shower head.
- Removes or reduces chlorine, chloramines, THMs, sulfur, heavy metals, and more.

Figure 5: A view of the multi-stage filter cartridge, the core component responsible for water purification.

7. TROUBLESHOOTING

If you encounter any issues with your Crystal Quest Gold Shower Filter, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Water Leakage	Improperly installed plumber's tape or missing/damaged gaskets.	Ensure plumber's tape is applied correctly and all gaskets are properly seated and undamaged. Tighten connections hand-tight.
Reduced Water Flow	Clogged filter cartridge or mineral buildup in shower head.	Replace the filter cartridge if it's past its lifespan. Clean your shower head to remove any mineral deposits.
Water Discoloration (initial use)	Loose carbon particles from new filter.	This is normal. Continue flushing the filter for a few minutes until water runs clear.

8. SPECIFICATIONS

- **Model Number:** CQE-SP-00898
- **Material:** Polypropylene (PP)
- **Color:** Gold
- **Item Weight:** 1 Pound
- **Product Dimensions:** 9 x 4 x 5 inches
- **Flow Rate:** 2 Gallons Per Minute
- **Installation Method:** Wall Mounted
- **Filter Lifespan:** Up to 12-18 months (depending on water quality and usage)
