- **Hair Salon Fun:** Role-play as a stylist cutting and styling hair, or as a client getting a new look. The salon features wigs and various tools for creative makeovers.

- **Creative Storytelling:** Combine the different elements of the set to create unique stories and interactions between characters. The set promotes social play and imaginative flair.

Maintenance

Proper care will extend the life and enjoyment of your building block set.

- **Cleaning:** To clean the blocks, gently wipe them with a damp cloth using mild soap and water. Rinse thoroughly and allow them to air dry completely before storing. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store all blocks and accessories in the provided storage box. This helps prevent loss of pieces and keeps the set organized. Ensure the base plate lid is securely fastened.
- **Inspection:** Periodically inspect all pieces for any signs of wear, damage, or breakage. Discard any broken pieces to prevent potential hazards.

Troubleshooting

If you encounter any issues with your building block set, please refer to the following common solutions:

- **Missing Parts:** If you believe there are missing parts, first double-check the packaging and ensure all bags have been opened. Sometimes, smaller pieces can be overlooked. Incorrect assembly can also make parts seem to be missing. If parts are genuinely missing, please contact customer support with details of the missing components.
- **Difficulty Assembling:** Ensure you are following the instruction booklet step-by-step. Sometimes, a small error in an earlier step can affect subsequent assembly. Disassemble the problematic section and re-attempt.
- **Loose Connections:** Ensure blocks are firmly pressed together. Some connections may require a bit more pressure to secure properly.
