

FORIOUS FF0023C-NP

FORIOUS Kitchen Faucet and Water Filter Faucet Combo

MODEL: FF0023C-NP

Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your FORIOUS Kitchen Faucet and Water Filter Faucet Combo. Please read this manual thoroughly before installation and use to ensure proper function and longevity of your product.

Safety Information

- Always turn off the main water supply before beginning any installation or maintenance.
- Wear appropriate personal protective equipment, such as safety glasses, during installation.
- Ensure all connections are secure to prevent leaks. Do not overtighten.
- If you are unsure about any part of the installation, consult a qualified plumber.
- Keep small parts away from children.

Package Contents

Verify that all components are present before installation:

- Kitchen Faucet with Pull-Down Sprayer
- Water Filter Faucet
- Deck Plate (for 3-hole installation)
- Installation Hardware (steel gasket, rubber gasket, fixed nut)
- Water Supply Hoses (pre-attached to kitchen faucet)
- Sprayer Hose Weight
- Water Filter Faucet Quick Connectors (1/4" and 3/8")
- Instruction Manual (this document)

Tools Required (Not Included)

- Adjustable Wrench
- Phillips Head Screwdriver
- Plumber's Putty or Silicone Sealant (optional, for deck plate)
- Flashlight
- Bucket (for catching drips)

Installation Instructions

Refer to the video below for a visual guide to the installation process.

Video: Installation guide for the FORIOUS Kitchen Faucet and Water Filter Faucet Combo. This video demonstrates the step-by-step process of installing both faucets, including securing them to the countertop, connecting hoses, and attaching the sprayer weight.

1. **Prepare the Countertop:** Ensure the countertop is clean and dry. If using the deck plate for a 3-hole sink, place it over the holes. For a single-hole installation, the deck plate is optional.
2. **Insert Kitchen Faucet:** Insert the main kitchen faucet into the center hole of the countertop (or the single hole).
3. **Secure Kitchen Faucet:** From underneath the countertop, locate the steel gasket, rubber gasket, and fixed nut. Slide them onto the faucet shank in the correct order (rubber gasket first, then steel gasket, then fixed nut). Screw the nut and tighten it securely to hold the faucet in place.
4. **Connect Sprayer Hose:** Guide the pull-down sprayer hose through the faucet body and connect it to the fast-connect fitting located underneath the sink. Ensure it clicks into place.
5. **Install Sprayer Weight:** Clasp the provided weight onto the sprayer hose at the designated label position. This ensures the sprayer retracts smoothly.
6. **Connect Water Supply Lines:** Connect the hot and cold water supply hoses (pre-attached to the kitchen faucet) to your angle valves. If the size is too small, use the adapter provided in the package.
7. **Install Water Filter Faucet:** Insert the water filter faucet into its designated hole. Secure it from underneath the countertop using the provided hardware.
8. **Connect Water Filter Faucet:** Connect the water filter faucet hose to your under-counter purification or filtration system (not included) using the appropriate quick connector size (1/4" or 3/8").
9. **Test for Leaks:** Slowly turn on the main water supply and check all connections for leaks. Tighten any leaking connections as needed.

Operating Instructions

Kitchen Faucet with Pull-Down Sprayer

The kitchen faucet features a single handle for controlling water flow and temperature. The pull-down sprayer offers three distinct modes:

- **Stream Mode:** Provides a steady, aerated flow for everyday tasks like filling pots.
- **Spray Mode:** Delivers a powerful spray for rinsing dishes and cleaning the sink. Activate by pressing the button on the sprayer head.
- **Pause Mode:** Temporarily stops water flow without turning off the main faucet. Useful for moving the sprayer between tasks or preventing splashes. Activate by pressing the pause button on the sprayer head.

The 18-inch retractable hose and 360° rotating sprayer ensure efficient coverage of your sink.

MULTI-FUNCTION KITCHEN FAUCET

The pull-down sprayer offers Stream, Spray, and Pause modes for versatile use.

Water Filter Faucet

The dedicated drinking water faucet provides purified water when connected to a compatible under-counter Reverse Osmosis or filtration system (not included). Simply turn the handle to activate the flow of filtered water.

DECLICIOUS, HEALTHY WATER

Works with most filtration systems (not included)

The water filter faucet provides convenient access to filtered water for various uses.

Maintenance

- **Cleaning:** Clean the faucet regularly with a soft cloth and mild soap. Avoid abrasive cleaners, steel wool, or harsh chemicals, as these can damage the finish.
- **Sprayer Nozzles:** The rubber nozzles on the sprayer head can be wiped clean to prevent mineral buildup and ensure a steady flow of water.
- **Check Connections:** Periodically check all water connections for tightness to prevent leaks.

Troubleshooting

Problem	Possible Cause	Solution
Low Water Flow	Mineral buildup in sprayer nozzles or aerator.	Clean rubber nozzles on sprayer head. Unscrew and clean aerator if necessary.
Leaks from Faucet Base	Loose mounting nut or damaged gasket.	Tighten mounting nut underneath the sink. Check and replace gaskets if damaged.

Problem	Possible Cause	Solution
Sprayer Not Retracting	Sprayer hose weight is improperly positioned or obstructed.	Ensure the weight is securely clasped to the labeled position on the hose and that the hose path is clear of obstructions.
Water Temperature Issues	Incorrect hot/cold water supply connection or issue with water heater.	Verify hot and cold supply lines are correctly connected. Check water heater settings.

Specifications

- **Brand:** FORIOUS
- **Model Name:** Kitchen Faucet and Water Filter Faucet Combo
- **Item Model Number:** FF0023C-NP
- **Material:** SUS 304 Stainless Steel (Lead-Free)
- **Finish Type:** Stainless Steel
- **Color:** Stainless Steel
- **Mounting Type:** Deck Mount
- **Installation Type:** Single Hole (Deck Plate included for 3-hole compatibility)
- **Number of Handles:** 1
- **Maximum Flow Rate:** 1.8 Gallons Per Minute
- **Spout Height:** 6.69 Inches
- **Spout Reach:** 9.84 Inches
- **Special Features:** 360° Swivel, Easy to Install, Lead Free, Pull Down Sprayer, Pull Out Sprayer
- **Item Weight:** 5.19 pounds
- **Product Dimensions:** 9.84 x 10.04 x 14.76 inches
