Lionelo LO-LEVI I-SIZE BLUE COBALT

LIONELO Levi i-Size Car Seat Instruction Manual

Model: LO-LEVI I-SIZE BLUE COBALT
Brand: Lionelo

1. Introduction

Thank you for choosing the Lionelo Levi i-Size Car Seat. This manual provides essential information for the safe and proper use, installation, and maintenance of your car seat. Please read this manual carefully before first use and keep it for future reference.
The Lionelo Levi i-Size car seat is designed to provide optimal safety and comfort for children from 76 to 150 cm in height (approximately 9-36 kg), complying with the strict R129 safety standard.

2. Safety Information

Your child's safety is paramount. Always adhere to the following safety guidelines:

- Ensure the car seat is correctly installed using the vehicle's seat belt system as described in this manual.
- Never leave your child unattended in the car seat.
- Always secure your child with the 5-point harness (for children 76-105 cm) or the vehicle's 3-point seat belt (for children 100-150 cm).
- Do not use the car seat if it has been involved in an accident, even if there is no visible damage. Internal damage may compromise its safety.
- Regularly check all parts for wear and tear. Replace damaged parts immediately.
- Do not modify the car seat in any way. Use only original Lionelo spare parts.
- Ensure the car seat is compatible with your vehicle's seating positions.

3. Product Components

Familiarize yourself with the main parts of your Lionelo Levi i-Size car seat:

- Headrest (adjustable in 10 positions)

- 5-point safety harness (removable for older children)
- Seat base
- Backrest
- Side protection elements
- Dri-Seat insert (for enhanced comfort)
- Shoulder pads and crotch pad

4. Setup and Installation

4.1. Adjusting the Headrest

The headrest can be adjusted to 10 different positions to accommodate your child's growth (76-150 cm). To adjust, locate the adjustment lever at the back of the headrest, squeeze it, and slide the headrest up or down to the desired height. Ensure the headrest is securely locked in place before use.

4.2. Installation with Vehicle Seat Belt (76-150 cm)

The Levi i-Size car seat is designed for installation using the vehicle's 3-point seat belt. Follow these steps:

1. Place the car seat on the vehicle's seat, ensuring it is stable.
2. Guide the vehicle's lap belt through the designated belt guides on the car seat base.
3. Pull the shoulder belt across the child and through the shoulder belt guide on the headrest.
4. Buckle the vehicle's seat belt.
5. Pull the shoulder belt tight to remove any slack, ensuring the car seat is firmly secured against the vehicle seat.

Important: Always refer to your vehicle's owner's manual for specific instructions on installing child restraint systems.

5. Operating Instructions

5.1. Securing Your Child (76-105 cm)

For children between 76-105 cm, use the integrated 5-point harness system:

1. Place your child in the car seat.
2. Bring the shoulder straps over your child's shoulders and connect the two buckle tongues into the central buckle until you hear a click.
3. Pull the harness adjustment strap to tighten the harness until it is snug against your child's body, ensuring no more than two fingers can fit between the harness and your child's collarbone.
4. Ensure the shoulder pads are positioned correctly on your child's shoulders.

Image: Detailed view of the 5-point harness system, highlighting the buckle and adjustment mechanism for securing the child.

5.2. Securing Your Child (100-150 cm)

For children between 100-150 cm, the 5-point harness should be removed, and the child secured using the vehicle's 3-point seat belt. Follow the installation steps in section 4.2.

5.3. Comfort Features

- **Dri-Seat Insert:** The breathable Dri-Seat insert provides enhanced comfort, especially during longer journeys. It can be removed as your child grows.
- **Memory Foam Headrest:** The headrest is reinforced with memory foam and EPE foam for superior side protection and comfort.

Image: Close-up view of the headrest, illustrating the memory foam and EPE foam layers for enhanced protection and comfort.

6. Maintenance

6.1. Cleaning the Covers

The car seat covers are removable and machine washable. Follow these steps:

1. Carefully remove the fabric covers from the car seat frame.
2. Machine wash the covers at a maximum of 30°C (86°F) on a gentle cycle. Do not bleach, tumble dry, iron, or dry clean.
3. Allow the covers to air dry completely before reattaching them to the car seat.

6.2. Cleaning the Frame

Wipe the plastic and metal parts of the car seat frame with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.

7. Troubleshooting

Problem	Possible Cause	Solution
Car seat feels loose after installation.	Seat belt not tightened sufficiently or incorrect belt path.	Re-read section 4.2 and ensure the vehicle seat belt is pulled tight and routed correctly. Push down on the car seat while tightening the belt.
Harness is difficult to tighten/loosen.	Harness straps are twisted or buckle is jammed.	Check for any twists in the harness straps. Ensure the buckle is free of debris.
Headrest does not adjust smoothly.	Mechanism might be obstructed or dirty.	Check for any foreign objects. Clean the adjustment mechanism if necessary. Do not force.

If you encounter issues not listed here or require further assistance, please contact Lionelo customer support.

8. Specifications
