Tribesigns 6-Tier Shoe Cabinet with Shutter Doors Instruction Manual

Model: NY224250227

IMPORTANT SAFETY INFORMATION

This product includes safety features such as rounded edges and an anti-tip device. Please follow all instructions carefully to ensure safe assembly and use.

- Always follow assembly instructions carefully.
- Ensure all parts are securely fastened before use.
- Use the included anti-tip device to secure the cabinet to a wall, preventing accidental toppling.
- Keep small parts away from children during assembly.
- Do not overload shelves.

Ensure all necessary hardware is included. Refer to the assembly video for visual identification of hardware.

- Cam Locks and Dowels

- Screws (various sizes)
- Hinges
- Door Handles
- Shelf Support Pegs
- Anti-tip Device
- Adjustable Feet

ASSEMBLY INSTRUCTIONS

This section provides step-by-step guidance for assembling your Tribesigns 6-Tier Shoe Cabinet. Ensure you have all parts and hardware before beginning. A screwdriver (not included) will be required.

Video: Comprehensive Assembly Guide for Tribesigns 6-Tier Shoe Cabinet. This video provides a visual guide for the complete assembly process of the Tribesigns Shoe Cabinet, detailing each step from unboxing to final setup.

Follow the detailed instructions provided in the included manual, using the corresponding hardware for each step. Pay close attention to the orientation of each panel and the secure fastening of all components.

Key Assembly Steps:

1. Attach the adjustable feet to the bottom panel.
2. Connect the side panels and middle divider to the bottom panel using cam locks and dowels.
3. Install the back panels into the grooves.
4. Secure the top panel to the assembled frame.
5. Install the hinges onto the louver doors and then attach the doors to the cabinet.
6. Insert the shelf support pegs into the desired holes and place the adjustable shelves.
7. Finally, install the anti-tip device to secure the cabinet to a wall for safety.

OPERATING INSTRUCTIONS

Adjustable Shelves

The cabinet features five adjustable shelves. To adjust a shelf, carefully remove the shelf and reposition the support pegs into the desired holes along the side panels. Ensure all four pegs are securely inserted before placing the shelf back. This allows for customized storage to accommodate different shoe heights, including boots, heels, and flats.

Image: Adjustable shelves allow for flexible storage configurations to fit various shoe types and sizes.

Louver Doors

The two louvered doors slide smoothly to open and close, providing access to the internal storage. The louver design ensures air circulation, which is beneficial for footwear, preventing odor buildup and extending shoe lifespan.

Video: Tribesigns 6-Tier Farmhouse Shoe Cabinet with Shutter Doors. This short video demonstrates the sliding mechanism of the louvered doors and the internal storage capacity.

MAINTENANCE

To maintain the appearance and longevity of your shoe cabinet, follow these simple guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or moisture damage.
- **Ventilation:** Ensure the louver doors are not constantly blocked to allow for proper air circulation.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the wood finish.

TROUBLESHOOTING

Doors not closing smoothly

- Check if any items on the shelves are obstructing the door's path.
- Ensure the cabinet is placed on a level surface. Adjust the feet if necessary.
- Verify that the hinges are properly installed and tightened according to the assembly instructions.

Cabinet feels unstable

- Confirm all screws and fasteners are tightened.
- Ensure the anti-tip device is correctly installed and secured to the wall.
- Adjust the leveling feet on the bottom of the cabinet to stabilize it on uneven floors.

Shelves are not level

- Remove the shelf and ensure all four support pegs are fully inserted into the corresponding holes.
- Check that the holes chosen for the pegs are at the same height on both side panels.

SPECIFICATIONS

Image: The diagram illustrates the overall dimensions of the shoe cabinet: 33.46 inches (W) x 13.78 inches (D) x 43.31 inches (H). Internal shelf height is 5.51 inches.
