4. Setup and Assembly

Follow the step-by-step instructions provided in the separate assembly guide included in your package. Ensure all parts are correctly identified and assembled securely. It is recommended to assemble the mirror unit first before attaching it to the main vanity desk to prevent potential damage.

1. Unpack all components and verify against the package contents list.
2. Lay out all hardware and tools.

3. Assemble the stool according to the instructions.
4. Assemble the main vanity desk frame and tabletop.
5. Assemble the LED mirror unit separately, then carefully attach it to the vanity desk.
6. Insert the fabric drawers into their designated slots.
7. Attach the removable hooks and side storage pocket as desired.
8. Connect the power outlet unit and LED mirror power cables.

Ensure all connections are firm and stable before use. Inspect the product for any instability or loose parts after assembly.

5. Operating Instructions

5.1 LED Mirror Operation

The round LED mirror features touch controls for power, lighting modes, and brightness adjustment.

- **Power On/Off:** Lightly touch the power icon on the mirror surface to turn the lights on or off.
- **Change Lighting Mode:** With the lights on, short press the mode icon to cycle through the three lighting modes: cool light (office), natural light (sunlight), and warm light (dining room).
- **Adjust Brightness:** With the lights on, long press the brightness icon to adjust the light intensity from 10% to 100%.

Why Do You Need 3 Color Lights?

Create professionally flawless makeup even at home.

5.2 Built-in Power Outlet Usage

The vanity desk includes a built-in charging station for your convenience.

- **AC Outlets:** Plug in standard electrical devices (e.g., hair dryer, curling iron) into the two 125V/12A AC sockets.
- **USB Ports:** Connect USB-powered devices (e.g., smartphone, tablet) to the two 5V/2A USB ports for charging.

Ensure the vanity desk is properly connected to a power source for the outlets and USB ports to function.

6. Maintenance

- **Cleaning the Desk Surface:** Wipe the desk surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cleaning the Mirror:** Use a glass cleaner and a soft, lint-free cloth to clean the mirror surface. Do not spray cleaner directly onto the mirror to prevent liquid from entering the electrical components.
- **Fabric Drawers:** The fabric drawers can be spot cleaned with a mild detergent and damp cloth. Allow to air dry completely.
- **General Care:** Regularly check all screws and connections to ensure they remain tight. Avoid placing excessively heavy items on the desk or stool.

7. Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED Mirror lights do not turn on.	Power cable not connected or loose. Mirror unit not receiving power.	Ensure the mirror's power cable is securely plugged into the vanity's power unit and the vanity is plugged into a wall outlet. Check the wall outlet for power.
Power outlets/USB ports are not working.	Vanity not plugged into a wall outlet. Power unit cable loose.	Verify the main power cord of the vanity is securely plugged into a functional wall outlet. Check the connection of the power unit within the desk.
Desk or stool feels unstable.	Loose assembly screws. Uneven floor surface.	Tighten all assembly screws. If the floor is uneven, use furniture pads or shims to stabilize the unit.

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact customer support.
