Thomasville B0D5RLLGNL

Thomasville Slide Jack Sleeper Sofa 68" Nordic Blue User Manual

Model: B0D5RLLGNL

IMPORTANT SAFETY INFORMATION

Please read all safety instructions before operating the Thomasville Slide Jack Sleeper Sofa. Failure to follow these instructions may result in injury or damage to the product.

- Always secure the sofa in place when the vehicle is in motion.
- Keep the sliding mechanism clear of obstructions to prevent accidents.
- Do not allow children or pets to play or sleep on the sofa while the vehicle is moving.
- Follow all manufacturer instructions for safe use and installation.
- Designed for indoor use only.

PRODUCT OVERVIEW

The Thomasville Slide Jack Sleeper Sofa is a versatile and space-saving furniture solution designed for comfort and functionality. It features a unique sliding futon mechanism that allows for easy conversion between a sofa and a bed, and a sliding base to optimize space against a wall.

Key Features:

- High-quality, unique sliding futon mechanism for easy conversion.
- Thick foam core cushion for comfortable support.
- "Click-clack" mechanism for folding into a sleeping surface.
- Sliding mechanism allows mounting close to a wall.

SETUP AND INSTALLATION

While the main sofa unit does not require assembly, installation of the sliding mechanism is required to integrate it into your living space, particularly in RVs or mobile homes.

Unpacking:

1. Carefully remove all packaging materials. Ensure no components are discarded with the packaging.
2. Inspect the sofa and all components for any signs of damage. Contact customer support immediately if any damage is found.

Placement and Mounting:

1. Choose a suitable location for the sofa, ensuring adequate clearance for both sofa and bed configurations, as well as for the sliding mechanism.
2. Position the sofa base in the desired location.
3. Securely mount the sliding mechanism to the floor or wall according to the specific instructions provided with the mounting hardware (not detailed here as it depends on the installation environment). Ensure all fasteners are tightened properly.
4. Verify that the sofa slides smoothly along its track and locks securely in both extended and retracted positions.

Note: Professional installation is recommended for optimal safety and functionality, especially in mobile environments.

OPERATING INSTRUCTIONS

The Thomasville Slide Jack Sleeper Sofa offers two primary modes: sofa and bed, along with a sliding feature to maximize space.

Converting from Sofa to Bed:

1. Ensure the area in front of the sofa is clear of obstructions.
2. Grasp the front edge of the seat cushion.
3. Lift the seat cushion upwards until you hear a "click" sound. This disengages the locking mechanism.
4. Gently pull the seat cushion forward and down. The backrest will simultaneously fold down to create a flat sleeping surface.
5. Ensure the bed is fully extended and stable before use.

The image below shows the sofa in its bed configuration.

Image: The Thomasville Slide Jack Sleeper Sofa fully converted into a flat bed, showing the three cushion sections aligned to form a sleeping surface.

Converting from Bed to Sofa:

1. From the bed position, lift the front edge of the sleeping surface upwards.
2. Push the surface back towards the base until the backrest begins to rise.
3. Continue pushing until the backrest clicks into its upright sofa position.
4. Ensure the sofa is securely locked in the upright position before sitting.

The image below shows the sofa in its upright sofa configuration.

Using the Sliding Mechanism:

1. To slide the sofa closer to the wall, ensure the sofa is in the upright position.
2. Locate the sliding release lever or button (if applicable, refer to your specific installation guide).
3. Engage the release and gently push the sofa along its track towards the wall.
4. Release the lever/button to lock the sofa in the desired position.
5. To slide the sofa away from the wall (e.g., for conversion to bed), engage the release and pull the sofa forward.

The image below shows the sofa in its upright sofa configuration, potentially with the cup holders visible.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Thomasville Slide Jack Sleeper Sofa.

Upholstery Care (Leather with Foam Cushioning):

- **Regular Cleaning:** Dust and vacuum regularly using a soft brush attachment to prevent dirt buildup.
- **Spot Cleaning:** For spills, immediately blot with a clean, dry cloth. Do not rub. For stubborn stains, use a mild leather cleaner specifically designed for the material, following the product instructions. Test on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the upholstery.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading and material degradation.

Mechanism Care:

- **Lubrication:** Periodically check the sliding and folding mechanisms. If they become stiff, apply a small amount of silicone-based lubricant to moving parts.
- **Clear Obstructions:** Ensure no debris, dirt, or foreign objects are lodged in the sliding tracks or folding joints.
- **Tighten Fasteners:** Periodically check and tighten any visible screws or bolts on the frame and mechanism.

TROUBLESHOOTING

If you encounter issues with your sleeper sofa, refer to the following common problems and solutions:

- **Sofa not converting smoothly:**
 - Check for any obstructions in the mechanism or under the sofa. Ensure the area is clear.
 - Verify that the "click-clack" mechanism is fully engaged or disengaged. Apply gentle, even pressure.
 - Lubricate moving parts if the mechanism feels stiff.

- **Sliding mechanism is stuck or stiff:**

- Inspect the tracks for dirt, debris, or damage. Clean the tracks thoroughly.
- Ensure the sofa is properly aligned on the tracks.
- Apply lubricant to the sliding components.

- **Sofa feels unstable:**

- Check all mounting points and fasteners to ensure they are securely tightened.
- Verify that the sofa is fully locked in its desired position (sofa, bed, or slid position).

If these steps do not resolve the issue, please contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	Thomasville (Distributed by Camping World)
Model	Slide Jack Sleeper Sofa
ASIN	B0D5RLLGNL
UPC	810150470864
Color	Nordic Blue
