Altec Lansing HydraTrek

Altec Lansing HYDRATREK Magnetic Bluetooth Speaker User Manual

Model: HydraTrek

Brand: Altec Lansing

INTRODUCTION

The Altec Lansing HYDRATREK Magnetic Bluetooth Speaker is designed for outdoor adventures, offering robust sound and extreme durability. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your speaker to ensure optimal performance.

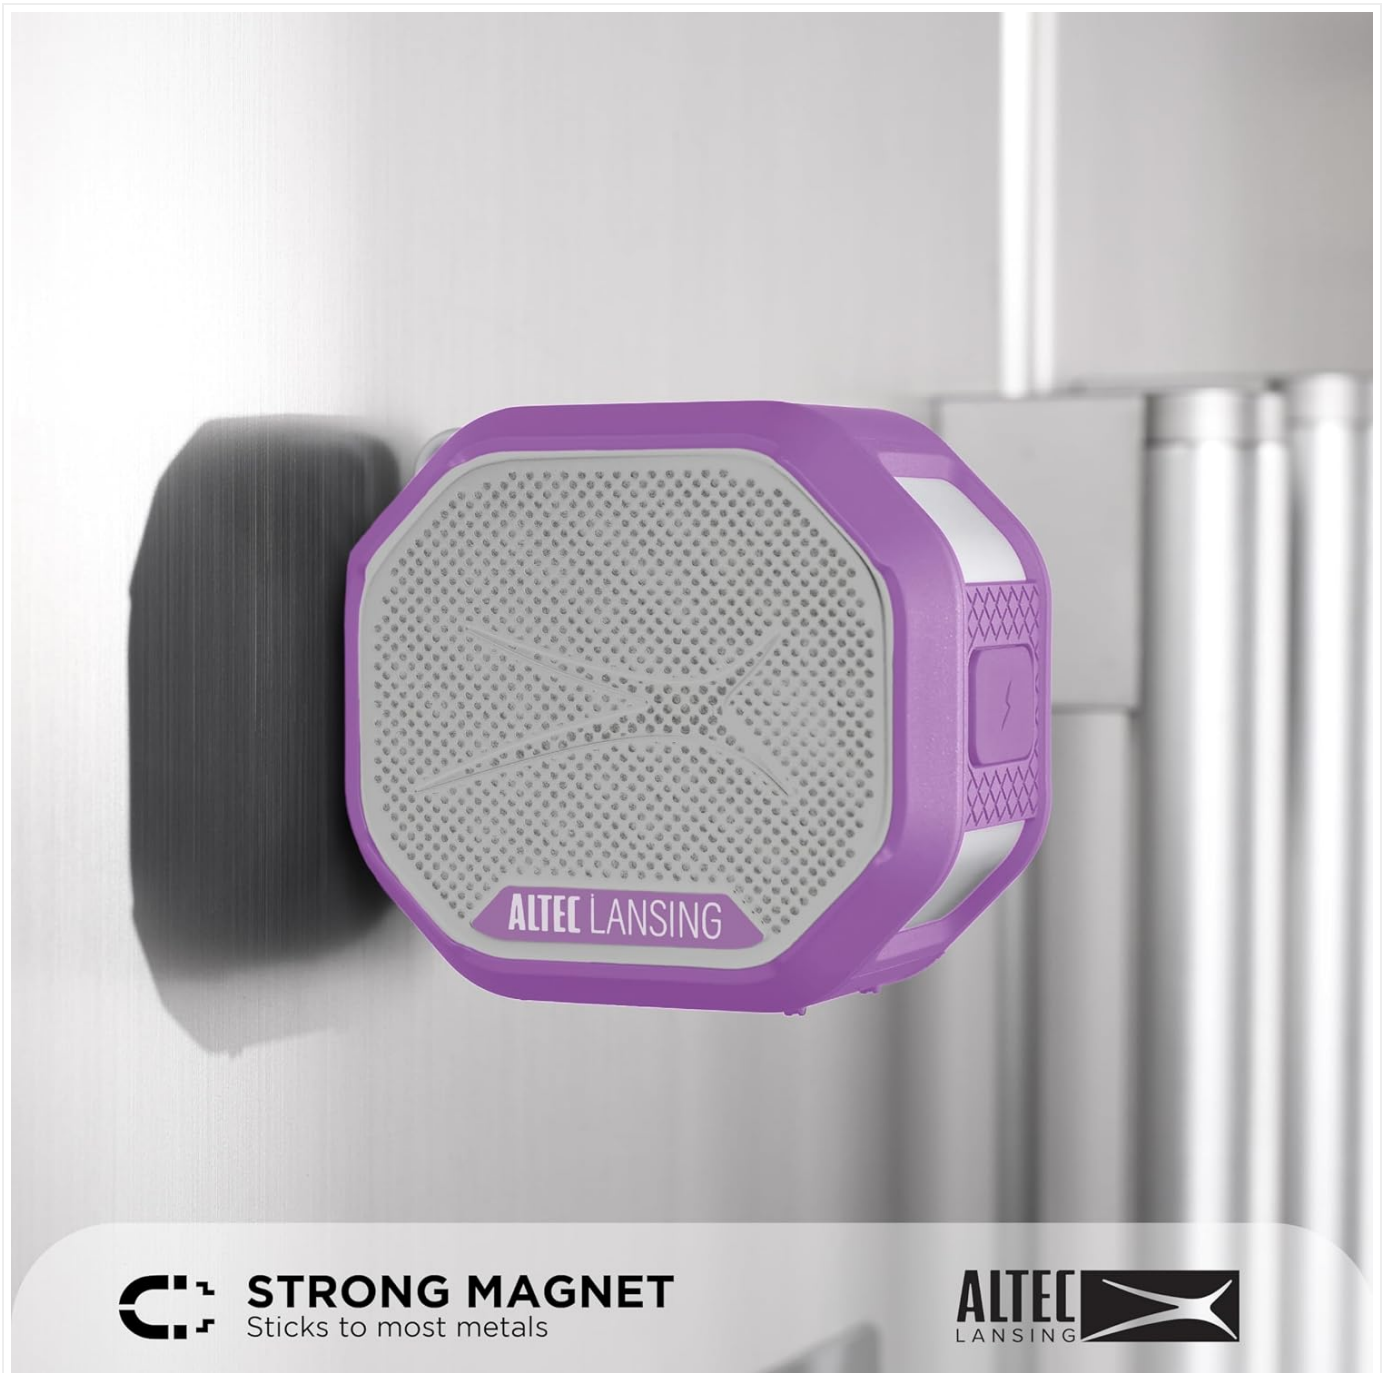

Figure 1: Altec Lansing HYDRATREK Magnetic Bluetooth Speaker (Purple/White variant).

PRODUCT FEATURES

- **Magnetic Mounting:** Securely attach the speaker to any metal surface for hands-free listening.
- **Ultimate Durability:** IP67 rated, making it Waterproof, Sandproof, Snowproof, and Shockproof. It is designed to float in water.
- **Powerful Sound Output:** Features a 5W RMS output with a dynamic 2" Neo driver and a dedicated 2" x 1pcs passive radiator for crystal-clear audio and enhanced bass.
- **Extended Battery Life:** Provides up to 6 hours of continuous playtime on a single charge.
- **Expanded Connectivity:** Offers a 100ft Bluetooth range (BT V5.3 Plus LE Audio) and supports True Wireless Pairing to connect two HYDRATREK speakers for immersive stereo sound.
- **USB-C Quick Charge:** Allows for fast charging to get a full battery quickly.
- **Voice Assistant:** Compatible with voice assistants like Siri.
- **Built-in Microphone:** For hands-free calling.
- **Mountable Carabiner Clip:** Included for easy portability and attachment.

 **STRONG MAGNET**
Sticks to most metals

ALTEC
LANSING 

Figure 3: The strong magnet allows the speaker to stick to most metal surfaces.

SETUP

1. Charging the Speaker

Before first use, fully charge your HYDRATREK speaker. The speaker uses a USB-C port for quick charging.

1. Locate the USB-C charging port on the speaker. It is typically covered by a waterproof flap.
2. Carefully open the waterproof flap.
3. Connect the provided USB-C cable to the speaker's charging port and the other end to a compatible USB power source (e.g., wall adapter, computer USB port).
4. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off.
5. After charging, ensure the waterproof flap is securely closed to maintain the speaker's IP67 rating.

Figure 4: Top view showing the power, volume up, and volume down buttons.

2. Powering On/Off

- To power on, press and hold the **Power button** (usually marked with a circle and vertical line) for a few seconds until you hear an audible cue or see an indicator light.
- To power off, press and hold the **Power button** again until the speaker shuts down.

3. Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (indicated by a blinking LED light, typically blue). If not, press and hold the **Bluetooth button** (if available, or the Power button if it doubles as pairing) to enter pairing mode.
2. On your mobile device (smartphone, tablet, computer), go to the Bluetooth settings.
3. Search for available devices. You should see "Altec Lansing HYDRATREK" or a similar name in the list.
4. Select the speaker from the list to connect. Once connected, the LED indicator will typically turn solid blue, and you may hear a confirmation tone.

4. True Wireless Pairing (TWS)

To achieve stereo sound, you can pair two HYDRATREK speakers together.

1. Ensure both HYDRATREK speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be your primary speaker), press and hold the **TWS button** (if available, or a combination of buttons as per specific model instructions).
3. The primary speaker will search for the secondary speaker. Once found, they will automatically connect, and you will hear a confirmation tone. The LED indicators on both speakers will confirm the TWS connection.
4. Now, connect your mobile device to the primary speaker via Bluetooth as described in step 3. Audio will play in stereo through both speakers.

5. Mounting Options

The HYDRATREK speaker offers versatile mounting options:

- **Magnetic Attachment:** The speaker has a strong built-in magnet on its base, allowing it to securely attach to any metal surface.
- **Carabiner Clip:** Use the included carabiner clip to attach the speaker to backpacks, belt loops, or other gear.
- **Mount (Included):** A dedicated mount is included for attaching the speaker to handlebars (e.g., on a bike or scooter). This mount typically screws into the speaker's base.

Figure 5: The speaker comes with a mountable carabiner clip and a separate mount.

Figure 6: The speaker attached to a bicycle handlebar using the included mount.

OPERATING INSTRUCTIONS

Basic Controls

- **Power On/Off:** Press and hold the **Power button**.
- **Volume Up:** Press the **'+' button**.
- **Volume Down:** Press the **'-' button**.
- **Play/Pause:** Press the **Power button** once while music is playing.
- **Next Track:** Press and hold the **'+' button**.
- **Previous Track:** Press and hold the **'-' button**.

Voice Assistant

Activate your device's voice assistant (e.g., Siri) by pressing the **Voice Control button** (if available, or a specific button combination as per model instructions). Refer to your device's manual for specific voice assistant commands.

Call Handling

When connected to a smartphone, you can manage calls directly from the speaker:

- **Answer Call:** Press the **Power button** once.
- **End Call:** Press the **Power button** once during a call.
- **Reject Call:** Press and hold the **Power button** for 2 seconds.

MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the speaker. Avoid harsh chemicals or abrasive cleaners.
- **Waterproof Integrity:** Always ensure the USB-C port cover is securely sealed before exposing the speaker to water or moisture to maintain its IP67 rating. Failure to do so may result in water damage and void the warranty.
- **Storage:** Store the speaker in a cool, dry place when not in use. Avoid extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the speaker frequently. Charge it regularly, even if not in constant use.

Figure 7: The HYDRATREK speaker is designed to be waterproof.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully using the provided USB-C cable.
Cannot pair via Bluetooth.	Speaker is not in pairing mode or already connected to another device.	Ensure the speaker is in pairing mode (blinking LED). Disconnect from any other devices. Turn Bluetooth off and on on your device.
No sound or low volume.	Volume too low on speaker or device; speaker not connected.	Increase volume on both the speaker and your connected device. Re-establish Bluetooth connection.
Poor sound quality (crackling, muffled).	Interference; speaker too far from device; port cover not sealed.	Move speaker closer to your device. Ensure no obstructions. Securely close the USB-C port cover.
Speaker automatically turns off.	Low battery; idle for too long.	Charge the speaker. Some speakers have an auto-off feature after a period of inactivity to save battery.

SPECIFICATIONS

Feature	Detail
