

Homefy HFY0002-SMATLED-E23-RGB

Homefy Smart Light Bulbs User Manual

Model: HFY0002-SMATLED-E23-RGB

A19 Multicolor LED, 2.4Ghz WiFi, 800 Lumens, Compatible with Alexa & Google Home

1. INTRODUCTION

Thank you for choosing Homefy Smart Light Bulbs. These A19 Multicolor LED bulbs offer advanced lighting control, including 16 million colors, dimmable white light, and smart home integration. This manual provides essential information for installation, operation, and maintenance to ensure optimal performance and safety.

2. PACKAGE CONTENTS

- Homefy Smart Light Bulb(s)
- User Manual

3. PRODUCT FEATURES

- **Vivid RGB Color Palette:** Access 16 million customizable colors to set various moods.
- **Seamless Voice & App Control:** Control brightness, colors, and on/off functions hands-free with Alexa or Google Assistant, or via the smartphone app.
- **Music Sync & Scheduling:** Synchronize lighting with music and create custom schedules for automated lighting.
- **Energy-Saving & Eco-Friendly:** LED technology provides significant energy savings and a long lifespan.
- **Easy Setup, No Hub Required:** Direct connection to 2.4GHz WiFi network without the need for an additional hub.

4. SETUP INSTRUCTIONS

1. **Install the Bulb:** Carefully screw the Homefy Smart Light Bulb into a standard E26 light socket. Ensure

the power is off before installation.

2. **Power On:** Turn on the light switch. The bulb should blink rapidly, indicating it is in pairing mode. If it does not blink, turn the light off and on 3-5 times until it blinks rapidly.
3. **Download the App:** Download the 'Smart Life' or 'Tuya Smart' app from your smartphone's app store (iOS or Android).
4. **Register/Log In:** Open the app and register for a new account or log in if you already have one.
5. **Add Device:** In the app, tap '+' or 'Add Device'. Select 'Lighting' > 'Light Source (Wi-Fi)'.
6. **Connect to Wi-Fi:** Confirm the bulb is blinking rapidly. Enter your 2.4GHz Wi-Fi network name and password. The app will then connect to the bulb.
7. **Rename Device:** Once connected, you can rename the bulb for easier control (e.g., 'Living Room Lamp').

5. OPERATING INSTRUCTIONS

5.1 Basic Control via App

- **On/Off:** Tap the power icon next to the bulb's name in the app.
- **Brightness:** Use the slider in the app to adjust the light intensity from 1% to 100%.
- **Color Change:** Select the 'Color' tab in the app to choose from 16 million colors using the color wheel.
- **White Light Adjustment:** Select the 'White' tab to adjust the color temperature from warm white (2700K) to cool daylight (6500K).

Make Your Lights Sync with the Music!

Music Sync Mode – Where Lights Move to Every Beat

5.2 Voice Control Integration

The Homefy Smart Light Bulbs are compatible with Amazon Alexa and Google Home. Follow these steps to link your bulbs:

1. **Enable Skill/Action:** In the Alexa or Google Home app, search for and enable the 'Smart Life' skill or action.
2. **Link Account:** Link your Smart Life account to your Alexa/Google Home account using your Smart Life login credentials.
3. **Discover Devices:** Ask Alexa or Google Home to 'Discover devices' or manually initiate discovery in the app.
4. **Voice Commands:** Once discovered, you can use commands such as:
 - "Alexa/Hey Google, turn on [Light Name]."
 - "Alexa/Hey Google, dim [Light Name] to 50%."
 - "Alexa/Hey Google, change [Light Name] to blue."

5.3 Scheduling and Timers

Use the Smart Life app to create custom schedules and timers for your bulbs:

- **Schedule:** Set specific times for lights to turn on/off, change color, or adjust brightness. This can be used for daily routines or to simulate occupancy when away.
- **Timer:** Set a countdown timer for the light to turn off after a specified duration.

7. TROUBLESHOOTING

- **Bulb not connecting to Wi-Fi:**

- Ensure your Wi-Fi network is 2.4GHz. These bulbs do not support 5GHz networks.
- Make sure the bulb is blinking rapidly (pairing mode). If not, power cycle it 3-5 times.
- Check your Wi-Fi password for accuracy.
- Move the bulb closer to your Wi-Fi router during setup.

- **Voice control not working:**

- Verify that the 'Smart Life' skill/action is enabled and linked in your Alexa or Google Home app.
- Ensure your smart speaker is connected to the internet.
- Try rediscovering devices in your Alexa/Google Home app.

- **Bulb is unresponsive:**

- Check if the light switch is on.
- Verify your Wi-Fi connection.
- Try turning the bulb off and on at the switch to reset it.

8. MAINTENANCE

- **Cleaning:** Ensure the bulb is off and cool before cleaning. Wipe with a soft, dry cloth. Do not use liquid cleaners.
- **Storage:** If storing the bulb, keep it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Replacement:** These LED bulbs have a long lifespan. Replace only when necessary.

9. SAFETY INFORMATION

- Do not use with standard dimmers. These bulbs are dimmable only via the app or voice control.
- Not suitable for totally enclosed fixtures.
- Risk of electric shock. Do not open or modify the bulb.
- Ensure power is off before installing or removing the bulb.
- For indoor use only.

10. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the contact details provided with your purchase or visit the official Homefy website. Please retain your proof of purchase for any warranty claims.
