SAFETY INFORMATION

- **Adult Supervision:** Recommended for users under 14 years of age.
- **Battery Safety:** Use only the provided charging cables and batteries. Do not overcharge or short-circuit batteries. Remove batteries from the car and remote when not in use for extended periods.
- **Operating Environment:** Avoid operating the car in wet conditions, near water, or on public roads. Ensure a clear operating area free from obstacles and people.
- **Impact Avoidance:** Do not intentionally crash the car into hard surfaces or objects, as this may cause damage to the product or injury.
- **Choking Hazard:** Small parts are included and may pose a choking hazard for young children. Keep out of reach of children under 3 years old.
- **Disposal:** Dispose of batteries and electronic components according to local regulations.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x 6-Wheeled Stunt RC Car
- 1 x Remote Controller
- 1 x User Manual (this document)
- 1 x Water Filler
- 2 x USB Charging Cables
- 2 x 3.7V 500mAh Rechargeable Batteries

Figure 2: Package Contents

SETUP GUIDE

1. Charging the Batteries

1. Connect the provided USB charging cable to a 5V/2A USB power adapter (not included).
2. Connect the battery to the charging cable. The indicator light on the cable will illuminate during charging and turn off when fully charged.
3. Charging typically takes approximately 60 minutes.

Figure 3: Rechargeable Batteries

2. Installing Car Battery

1. Using a small screwdriver, open the battery compartment on the underside of the car.
2. Connect one fully charged 3.7V 500mAh battery to the car's connector.
3. Carefully place the battery inside the compartment and close the lid, securing it with the screw.

3. Installing Remote Controller Batteries

1. Using a small screwdriver, open the battery compartment on the back of the remote controller.
2. Insert two AA batteries (not included) into the compartment, ensuring correct polarity.
3. Close the battery compartment and secure it with the screw.

Figure 4: Remote Controller

4. Pairing the Car and Remote

1. Turn on the RC car using the power switch located on the underside.
2. Turn on the remote controller by pressing the ON/OFF button.
3. The remote and car will automatically pair. The indicator light on the remote will stop flashing and remain solid once paired.

5. Filling Water for Spray Function

1. Locate the water filler cap on the top of the car.
2. Use the provided water filler bottle to carefully add clean water into the reservoir.
3. Close the cap securely.

Description: This video demonstrates the unboxing, battery installation, and initial setup of the Veenix 2370 RC Stunt Car, including how to prepare it for operation.

OPERATING INSTRUCTIONS

The remote controller allows for precise control and various stunt maneuvers. Familiarize yourself with the button layout:

Basic Movement

- **Forward/Backward:** Use the left joystick to move the car forward or backward.
- **Left/Right Turn:** Use the right joystick to steer the car left or right.
- **360° Rotation:** The unique wheel design allows for precise 360-degree rotations. Experiment with joystick combinations for various spin maneuvers.

Description: This video showcases the 360-degree drifting and rotation capabilities of the Veenix 2370 RC Stunt Car.

Stunt Features

- **Double-Sided Driving:** The car is designed to drive on both sides. If it flips over, it can continue operating without interruption.
- **One-Button Stunts:** Press the designated stunt button on the remote for pre-programmed stunt sequences.
- **Forward/Reverse Lifting:** Use the dedicated buttons to lift the front or rear of the car for dynamic maneuvers.

Description: This video demonstrates the double-sided driving and various stunt performances of the Veenix 2370 RC Stunt Car.

Light and Spray Effects

- **LED Lights:** The car features dazzling LED lights for enhanced visual appeal, especially in low-light conditions.
- **Spray Function:** Press the "Spray" button on the remote controller to activate the mist spray, mimicking real car exhaust effects. Ensure the water reservoir is filled.

MAINTENANCE

- **Cleaning:** Wipe the car with a soft, dry cloth after each use. Avoid using water or chemical cleaners directly on electronic components.
- **Battery Storage:** Store batteries in a cool, dry place away from direct sunlight. If storing for extended periods, partially charge the batteries (around 50%) to prolong their lifespan.
- **General Care:** Inspect the wheels and chassis regularly for any debris or damage. Ensure all screws are tight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Car does not respond to remote.	◦ Car or remote is off. ◦ Batteries are low or dead. ◦ Not paired correctly. ◦ Out of range.	◦ Ensure both are powered on. ◦ Charge/replace batteries. ◦ Re-pair the car and remote. ◦ Bring the car closer to the remote.
Short battery life.	◦ Batteries not fully charged. ◦ Old or damaged batteries.	◦ Ensure batteries are fully charged before use. ◦ Replace with new rechargeable batteries.
Spray function not working.	◦ Water reservoir is empty. ◦ Nozzle is blocked.	◦ Refill water reservoir. ◦ Gently clear any blockage from the nozzle.

SPECIFICATIONS

- **Model Number:** 2370
- **Brand:** Veeniix
- **Product Dimensions:** 8.3 x 6.1 x 2.4 inches
- **Item Weight:** 1.32 pounds
- **Recommended Age:** 6 - 13 years
- **Batteries:** 2 x 3.7V 500mAh Lithium Ion (included)
- **Control Frequency:** 2.4 GHz (for remote controller)
- **Features:** 6-wheel drive, double-sided driving, 360° rotation, spray function, LED lights.

WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the contact details provided on the product packaging or visit the official Veeniix website. Keep your purchase receipt as proof of purchase for any warranty claims.
