SETUP

1. Initial Charge

Before first use, place the earbuds into the charging case and connect the case to a power source using the provided USB-C cable. Ensure the earbuds and case are fully charged. A full charge provides up to 40 hours of total playback time with the charging case.

2. Pairing with a Device

1. Open the charging case with the earbuds inside.
2. The earbuds will automatically enter pairing mode (indicated by a flashing light on the case).
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for "realme Air 6 Pro" in the list of available Bluetooth devices.
5. Select it to connect. Once connected, the indicator light will stop flashing.

For optimal performance, ensure your device supports Bluetooth 5.3 for stable connection and 55ms ultra-low latency.

Long Press (Left Earbud)	Toggle Noise Cancellation/Transparency Mode
Long Press (Right Earbud)	Activate Voice Assistant

realme Link App Customization

Download the realme Link app from your device's app store to unlock additional features and customization options, including:

- Customizing touch controls
- Adjusting EQ settings and sound profiles
- Firmware updates
- Battery status monitoring

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive materials or harsh chemicals.
- **Eartips:** Remove and clean the eartips periodically. Ensure they are completely dry before reattaching.
- **Water Resistance:** The earbuds are IP55 water resistant, meaning they can withstand light splashes and sweat. Do not submerge them in water or expose them to heavy rain. Dry them thoroughly if they get wet.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged.

TROUBLESHOOTING

Common Issues and Solutions:

- **Earbuds not pairing:** Ensure both earbuds are in the charging case and the case lid is open. Check if Bluetooth is enabled on your device. Try forgetting the device in your Bluetooth settings and re-pairing.

- **No sound from one earbud:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again. This often re-syncs them.
- **Poor sound quality:** Ensure the eartips provide a good seal in your ear. Clean any debris from the earbud speakers. Check the audio source quality.
- **Charging issues:** Verify the charging cable and adapter are working correctly. Ensure the charging contacts on the earbuds and inside the case are clean and free of obstruction.
- **Touch controls unresponsive:** Ensure your fingers are clean and dry. Try restarting the earbuds by placing them in the case and closing the lid.

If issues persist, refer to the realme Link app for further diagnostic tools or visit the official realme support website for detailed troubleshooting guides.

SPECIFICATIONS

Feature	Detail
