## 2. PRODUCT FEATURES

- **Size:** 10' x 14' (Rectangular)
- **Color:** Beige
- **Material:** Polyester with Rubber backing
- **Weave Type:** Flat Woven
- **Pile Height:** Low Pile (approximately 0.14 inches)
- **Construction Type:** Machine Made
- **Special Features:** Washable, Lightweight, Non-Slip, Stain Resistant, Foldable
- **Indoor Usage:** Suitable for various indoor rooms including bedrooms, dining rooms, home offices, kitchens, and living rooms.

***3.5mm perfect  
height for high  
traffic area***

Image 2.1: The rug features a low pile height of approximately 0.14 inches, ideal for high-traffic areas.

### **3. SETUP AND INITIAL PLACEMENT**

Upon unrolling your new RUUGME area rug, you may notice creases or wrinkles from packaging. Follow these steps for optimal setup:

1. **Unroll and Flatten:** Lay the rug face down on a clean, dry surface.
2. **Address Creases:** Lightly spray the creases and wrinkles with water using a spray bottle.
3. **Sunlight Method:** Take the rug outside and lay it face down in direct sunlight for approximately 20 minutes. This can help relax the fibers and remove creases without harming the rug.
4. **Final Placement:** Once creases are gone, place the rug in your desired indoor location. The non-slip backing helps keep it in place.

Image 3.1: The rug is designed for comfortable use in family spaces.

#### 4. OPERATING AND USAGE

This rug is designed for indoor use and is suitable for various rooms. Its low pile and soft texture make it comfortable underfoot and ideal for high-traffic areas. The stain-resistant properties help maintain its appearance.

Image 4.1: The rug's versatile design complements various interior styles, including bedrooms.

Image 4.2: The rug can also be used to define spaces in dining areas.

## 5. MAINTENANCE AND CARE

The RUUGME area rug is designed for easy maintenance. Regular cleaning helps preserve its appearance and extend its lifespan.

### 5.1. Stain Resistance

The rug's material is designed to resist stains. In case of spills, liquids tend to bead on the surface, allowing for quick cleanup before absorption. Promptly blot any spills with a clean, dry cloth.

# Waterproof & Stain Resistant

Image 5.1: Liquids bead on the rug's surface, making it easy to clean spills.

## 5.2. Machine Washing

For thorough cleaning, the rug is machine washable. It is recommended to wash rugs below 8 pounds in a home laundry machine. For larger sizes like the 10' x 14' model, a commercial-sized washing machine may be necessary. Use cold water and a gentle cycle with mild detergent. Air dry the rug after washing.

Image 5.2: The rug can be machine washed for easy cleaning.

### 5.3. Vacuuming

The low pile design allows for easy vacuuming. When using a robot vacuum, ensure it is set to a low suction setting to prevent it from getting stuck or lifting the rug. For traditional vacuums, use a low-pile setting or adjust the height to avoid excessive suction on the rug.

## Foldable Area Rug

Image 5.3: Robot vacuums can be used for daily cleaning.

## 6. SAFETY INFORMATION

This rug features a non-slip rubber backing designed to help keep it securely in place. However, exercise caution on wet surfaces, as the rug may still shift. Always ensure the rug is placed on a dry surface to minimize the risk of tripping hazards.

Image 6.1: The rug's non-slip backing provides stability.

## 7. SPECIFICATIONS

---

Attribute	Detail
Brand	RUUGME
Model Name	Area-rug-X (X23059F)
