## 1. SETUP

### 1.1 Unpacking

Carefully remove the garden chairs from their packaging. Inspect all components for any signs of damage. If any parts are missing or damaged, please contact customer support.

### 1.2 Unfolding the Chair

The vidaXL Garden Chairs are designed to be foldable for easy storage and transport. To set up the chair for use:

1. Place the folded chair on a flat, stable surface.
2. Gently pull the backrest upwards while simultaneously pushing the seat downwards until the chair fully extends and locks into its open position. Ensure all joints are securely engaged.
3. Verify that the chair is stable before sitting on it.

## 2. OPERATING INSTRUCTIONS

### 2.1 Folding the Chair for Storage

To fold the chair for compact storage or transport:

1. Ensure no one is sitting on the chair and remove any items from it.
2. Locate the folding mechanism (typically hinges on the side).
3. Gently lift the seat upwards while pushing the backrest forward until the chair collapses into its folded position. Exercise caution to avoid pinching fingers.
4. Once folded, the chair can be easily carried or stored upright.

### 3. MAINTENANCE

---

#### 3.1 Cleaning

- **Wood Frame:** Wipe the acacia wood frame with a damp cloth. For stubborn dirt, use a mild soap solution, then wipe clean with a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Fabric:** The polyester fabric can be spot cleaned with a mild detergent and water. Allow to air dry completely. Do not machine wash or tumble dry.

## 3.2 Wood Care

The acacia wood frame has an oil finish for protection. To maintain its appearance and prolong its lifespan, it is recommended to re-oil the wood periodically, especially if the chairs are exposed to direct sunlight or rain frequently. Follow the instructions of your chosen wood oil product.

## 3.3 Storage

During periods of harsh weather (heavy rain, snow, extreme temperatures) or when not in use for extended periods, it is advisable to store the chairs indoors or under a protective cover. This will help preserve the wood and fabric condition.

# 4. TROUBLESHOOTING

---

## 4.1 Chair Feels Unstable or Wobbly

- Ensure the chair is fully unfolded and all locking mechanisms (if any) are engaged.
- Check that the chair is placed on a flat and even surface.
- Inspect all screws and bolts to ensure they are tightened. Do not overtighten.

## 4.2 Stains on Fabric or Wood

- Refer to the cleaning instructions in Section 3.1. Address stains promptly for best results.
