DOOGEE V MAX Plus

DOOGEE V MAX Plus 5G Rugged Smartphone User Manual

Model: V MAX Plus

INTRODUCTION

This user manual provides comprehensive instructions for the DOOGEE V MAX Plus 5G Rugged Smartphone. It covers setup, operation, maintenance, and troubleshooting to help you maximize your device's capabilities. The DOOGEE V MAX Plus is designed for durability and high performance, featuring a massive 22000mAh battery, advanced camera system, and robust protection against water, dust, and drops.

Getting Started

Package Contents

Ensure all items are present in your package:

- DOOGEE VMAXPLUS Rugged Phone
- Charging Cable
- Power Adapter

- SIM Ejector Tool
- User Manual (this document)

SIM Card and MicroSD Card Installation

The DOOGEE V MAX Plus supports Dual SIM functionality and expandable storage via a MicroSD card.

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards and/or MicroSD card into the designated slots on the tray. Ensure they are correctly oriented.
4. Carefully push the tray back into the phone until it clicks into place.

Initial Charging and Power On/Off

Before first use, it is recommended to fully charge the device.

- Connect the charging cable to the phone's USB-C port and the power adapter. Plug the adapter into a wall outlet.
- The phone supports 33W fast charging. A full charge from 0% to 100% can be achieved rapidly.
- To power on, press and hold the Power button (located on the side) until the DOOGEE logo appears.
- To power off, press and hold the Power button, then select "Power off" from the options on the screen.

Camera Features

The DOOGEE V MAX Plus is equipped with a versatile camera system:

- **200MP Main Camera:** Capture high-resolution photos with exceptional detail.
- **32MP Front Camera:** Ideal for clear and vibrant selfies, supporting beauty modes.
- **20MP Night Vision Camera:** Utilizes infrared technology for clear imaging in low-light or complete darkness.
- **8MP Wide-angle Camera:** For expansive landscape shots and group photos.
- **8MP Telephoto Camera:** Adds artistic depth to your images.

Connectivity and Other Features

- **5G Connectivity:** Supports high-speed 5G networks. Verify carrier compatibility with the provided frequency bands.
- **Wi-Fi 6:** For faster and more stable wireless internet connections.
- **NFC:** Enables contactless payments and quick data sharing.
- **GPS:** Supports L1+L5 accurate navigation with GPS, Glonass, Galileo, Beidou, and AGPS.
- **Side Fingerprint Recognition:** For quick and secure unlocking.
- **Customizable Button:** A programmable button for quick access to frequently used functions.
- **3.5mm Headphone Jack:** For wired audio connections.

Maintenance and Care

The DOOGEE V MAX Plus is built to be rugged, but proper care ensures its longevity.

- **Water and Dust Resistance:** The phone is IP68/IP69K rated and MIL-STD-810H certified for water, dust, and drop resistance. Ensure all port covers are securely closed before exposing the device to water or dust.
- **Cleaning:** Use a soft, damp cloth to clean the device. Avoid harsh chemicals or abrasive materials.
- **Battery Care:** To prolong battery life, avoid extreme temperatures. While the phone supports fast charging, occasional full discharge and recharge cycles can help maintain battery health.

Troubleshooting

If you encounter issues with your DOOGEE V MAX Plus, refer to the following common solutions:

Problem	Possible Solution
Phone does not turn on	Ensure the battery is charged. Connect to the charger for at least 10 minutes before attempting to power on. If unresponsive, perform a forced restart by holding the Power button for 10-15 seconds.
Poor network signal	Check if your SIM card is properly inserted. Ensure you are within network coverage. Restart the phone. Verify carrier compatibility with the phone's frequency bands.
Battery drains quickly	Close unused apps running in the background. Reduce screen brightness. Disable Wi-Fi, Bluetooth, or GPS when not in use. Check battery usage in settings to identify power-hungry apps.
Apps crashing or freezing	Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear cache). Update the app to the latest version. If the issue persists, uninstall and reinstall the app.

For more complex issues, please contact DOOGEE customer support.
