ZAFRO A4216A-8K

ZAFRO 8,000 BTU Portable Air Conditioner Instruction Manual

Model: A4216A-8K | Brand: ZAFRO

1. Product Overview

The ZAFRO 8,000 BTU Portable Air Conditioner is a versatile unit designed to provide efficient cooling, dehumidification, and air circulation for indoor spaces up to 350 sq.ft. It combines four essential modes: Cool, Dehumidifier, Fan, and Sleep, ensuring optimal comfort and air quality. Equipped with an upgraded high-efficiency compressor, it operates at a low noise level, making it suitable for bedrooms and dorms. Its portable design with rolling casters and built-in handles allows for easy movement between rooms.

Key Features:

- Fast Cooling: Suitable for rooms up to 350 sq.ft.
- Energy-saving: Efficient operation compared to traditional large AC units.
- 4 Modes: Cool, Dehumidifier, Fan, Sleep.
- Low Noise Level: Ensures minimal disturbance, especially during sleep.
- Easy to Move & Install: Features wheels and a simple window adapter kit.
- Removable & Washable Air Filter: For fresh air circulation.
- Remote Control: Convenient operation from a distance.

2. Included Components

Your ZAFRO Portable Air Conditioner package includes the following items:

- Exhaust Hose (1.5m)
- Hose Connector
- Window Kit Adapter
- Window Kits
- Water Pipe (1m)
- Remote Control
- Use Manual

3. Setup Guide

Follow these steps for quick and easy installation of your portable air conditioner:

1. Connect the hose connector to one end of the exhaust hose.
2. Connect the window kit adapter to the other end of the exhaust hose.
3. Extend the adjustable length of the window kit to fit your window opening. Ensure the hose hole is not obstructed by the window frame.
4. Attach the hose connector to the exhaust air outlet of the air conditioner.
5. Extend the exhaust hose and insert the window kit adapter into the window kit.
6. Plug into the power point, then switch it on, adjust the modes, and enjoy.

4. Operating Modes

Your ZAFRO Portable Air Conditioner offers four distinct operating modes to suit your comfort needs:

- **Cool Mode:** Provides powerful cooling to lower room temperature.
- **Dehumidifier Mode:** Removes excess moisture from the air, ideal for humid environments.
- **Fan Mode:** Circulates air without cooling, offering a refreshing breeze.
- **Sleep Mode:** Operates quietly with dimmed lights for undisturbed rest while maintaining a comfortable temperature.

Control Panel & Remote:

The unit can be controlled via the intuitive LED display on top or with the included remote control. The remote allows for convenient adjustment of temperature, mode, fan speed, and timer settings from a distance.

5. Maintenance

Air Filter Cleaning:

The ZAFRO Portable Air Conditioner is equipped with removable and washable double-layer filters to ensure fresh air. It is highly recommended to clean the air filter every two weeks of operation to maintain optimal performance and air quality.

Continuous Drainage (for Dehumidifier Mode):

When operating in Dehumidifier mode, continuous drainage may be required, especially in environments with high humidity. To set up continuous drainage:

1. Unscrew the main drain outlet cap located at the bottom rear of the unit.
2. Connect the provided water pipe (drain hose) to the main outlet.
3. Lead the other end of the hose into a suitable drain or container that is lower than the unit to allow for gravity drainage.

6. Troubleshooting

If you encounter issues with your ZAFRO Portable Air Conditioner, consider the following common solutions:

- **Unit not turning on:** Ensure the power cord is securely plugged into a working outlet and the overload protection switch on the plug is reset.
- **Insufficient cooling:** Check if the exhaust hose is properly installed and not kinked. Ensure windows and doors are closed to prevent warm air from entering the room. Clean the air filter if it's dirty. Verify the room size is within the unit's cooling capacity (up to 350 sq.ft).
- **Water leakage:** In dehumidifier mode, ensure the continuous drainage hose is properly connected and positioned lower than the unit, or check if the internal water tank is full and needs to be emptied.
- **Unusual noise:** Ensure the unit is placed on a flat, stable surface. Check for any obstructions in the air intake or exhaust vents.
- **Display not working:** Try unplugging the unit for a few minutes and then plugging it back in to reset.

For more detailed troubleshooting or persistent issues, please refer to the full user manual or contact customer support.

7. Specifications

Feature	Specification
Product Dimensions	11.9 x 27.2 x 11.6 inches (11.6"D x 11.9"W x 27.2"H)
Item Weight	46.2 pounds
Manufacturer	ZAFRO
Item Model Number	A4216A-8K
Country of Origin	China
Form Factor	Portable
Capacity	46.2 Pounds
Voltage	115 Volts (AC)
Noise Level	45 dB
Cooling Power	8000 British Thermal Units
Refrigerant	R-32
Power Source	Corded Electric
Color	White
