6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Flamaker Modular Sectional Sofa Couch.

General Care:

- **Regular Cleaning:** Vacuum the sofa regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner following the product instructions and test on an inconspicuous area first.
- **Cushion Care:** The seat cushion covers are removable for easier cleaning. Follow the care instructions on the fabric label. Fluff and rotate cushions periodically to maintain their shape and even out wear.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sunlight or use curtains/blinds.

- **Avoid Harsh Chemicals:** Do not use harsh detergents, bleach, or abrasive cleaners, as these can damage the fabric.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your sofa.

- **Sofa feels wobbly:** Check all leg attachments and module connectors. Tighten any loose bolts or screws. Ensure the sofa is on a level surface.
- **Cushions appear flat:** Fluff and rotate cushions regularly. Over time, cushion fill may compress; additional cotton fill can be added if desired.
- **Sofa height is too low:** The sofa comes with standard legs. If a higher seating position is preferred, consider purchasing and installing taller, compatible furniture legs.
- **Difficulty connecting modules:** Ensure modules are aligned correctly. If connectors are stiff, apply gentle pressure or slightly adjust module positions.
