IMPORTANT SAFETY INFORMATION

To ensure your safety and prolong the life of your chair, please adhere to the following guidelines:

- Do not exceed the maximum weight recommendation of 350 pounds (158 kg).
- Ensure all components are securely assembled before use.
- Keep children and pets away from the chair during assembly and operation of the reclining mechanism.
- Avoid standing on the chair or using it as a step stool.
- Do not place hot items directly on the fabric.
- Regularly inspect the chair for any loose parts or damage. Discontinue use if damage is found.

PRODUCT FEATURES

The RoyalCraft Swivel Recliner Chair is designed for comfort and versatility, offering several key features:

- **Gently Rock & 360 Swivel:** Features a gentle rocking function and 360-degree rotation for easy movement and access.
- **Recliner & Footrest Combo:** Integrated footrest and adjustable backrest for enhanced comfort.
- **Enhanced Comfort:** High-density, resilient PU foam in the cushion and backrest, with a wide curved armrest and soothing lumbar pillow.
- **Rugged Material:** Robust metal base, solid wood, and P2 grade engineered wood internal structure.
- **Easily Assembled:** No tools required, quick setup in approximately 5 minutes.

SETUP AND ASSEMBLY

Your RoyalCraft Swivel Recliner Chair is designed for quick and easy assembly, requiring no tools. Follow these simple steps:

Step-by-Step Guide

1. **Step 1:** Insert the backrest (A) into the base (D) by aligning the metal brackets. Ensure it clicks securely into place.
2. **Step 2:** Slide the side wings (B) onto the corresponding slots on the backrest until they are firmly attached.
3. **Step 3:** Attach the lumbar pillow (C) for added comfort.

Verify all connections are secure before using the chair.

OPERATING INSTRUCTIONS

Swivel Function

The chair features a 360-degree swivel base. Simply rotate the chair in any direction to adjust your viewing angle or engage in conversation without moving the entire unit.

Rocking Function

To engage the gentle rocking motion, simply lean back and forth. The chair is designed to provide a smooth, soothing glide.

Reclining and Footrest Operation

To recline the chair and extend the footrest:

1. Locate the concealed lever on the side of the chair (typically on the right side when seated).
2. Pull the lever to release the footrest mechanism.
3. Apply gentle body pressure to the backrest to recline to your desired angle. The chair allows for multiple reclining positions.
4. To return to the upright position, push back with your legs to retract the footrest, and lean forward to bring the backrest upright. The lever will lock the footrest in place.

MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your RoyalCraft Swivel Recliner Chair:

- **Cleaning:** The manufacturer recommends dry cleaning for the fabric. For minor spills, blot immediately with a clean, dry cloth. Do not rub.
- **Vacuuming:** Regularly vacuum the upholstery using a soft brush attachment to remove dust and debris.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your chair away from direct sunlight if possible.
- **Mechanism Lubrication:** Periodically check the reclining and swivel mechanisms. If they become stiff, a small amount of silicone-based lubricant can be applied to moving parts (avoiding fabric).

TROUBLESHOOTING

If you encounter any issues with your RoyalCraft Swivel Recliner Chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not rock smoothly.	Obstruction under the base; mechanism needs lubrication.	Check for objects under the chair. Apply silicone lubricant to the rocking mechanism.
Reclining mechanism is stiff or stuck.	Lever not fully engaged; mechanism needs lubrication; internal obstruction.	Ensure the lever is pulled completely. Apply silicone lubricant to the reclining joints. Check for any fabric or debris obstructing the mechanism.
Chair feels wobbly after assembly.	Components not fully secured; brackets misaligned.	Re-check all assembly points, especially the backrest and side wings, ensuring they are fully clicked into place. If brackets appear misaligned, contact customer support.
Color appears different than expected.	Lighting conditions; slight variations in dye lots.	Note that lighting in your room can affect perceived color. Minor variations are normal.

If the problem persists after attempting these solutions, please contact RoyalCraft customer support.
