LIANJOY XDM-3600

LIANJOY Foldable Fast Drying Ionic Hair Dryer with Diffuser

Model: XDM-3600

INTRODUCTION

This manual provides essential instructions for the safe and effective use of your LIANJOY Foldable Fast Drying Ionic Hair Dryer. Please read thoroughly before first use to ensure proper operation and longevity of your device.

IMPORTANT SAFETY INFORMATION

- Keep out of reach of children.
- Do not rinse or submerge in water.
- Keep the power plug and cord away from heated surfaces.
- Do not use a hair dryer while bathing.
- Contact customer service for any safety concerns.

PACKAGE CONTENTS

- LIANJOY Foldable Fast Drying Ionic Hair Dryer
- Diffuser Attachment
- Concentrator Nozzle Attachment
- Storage Bag
- Small Cleaning Brush

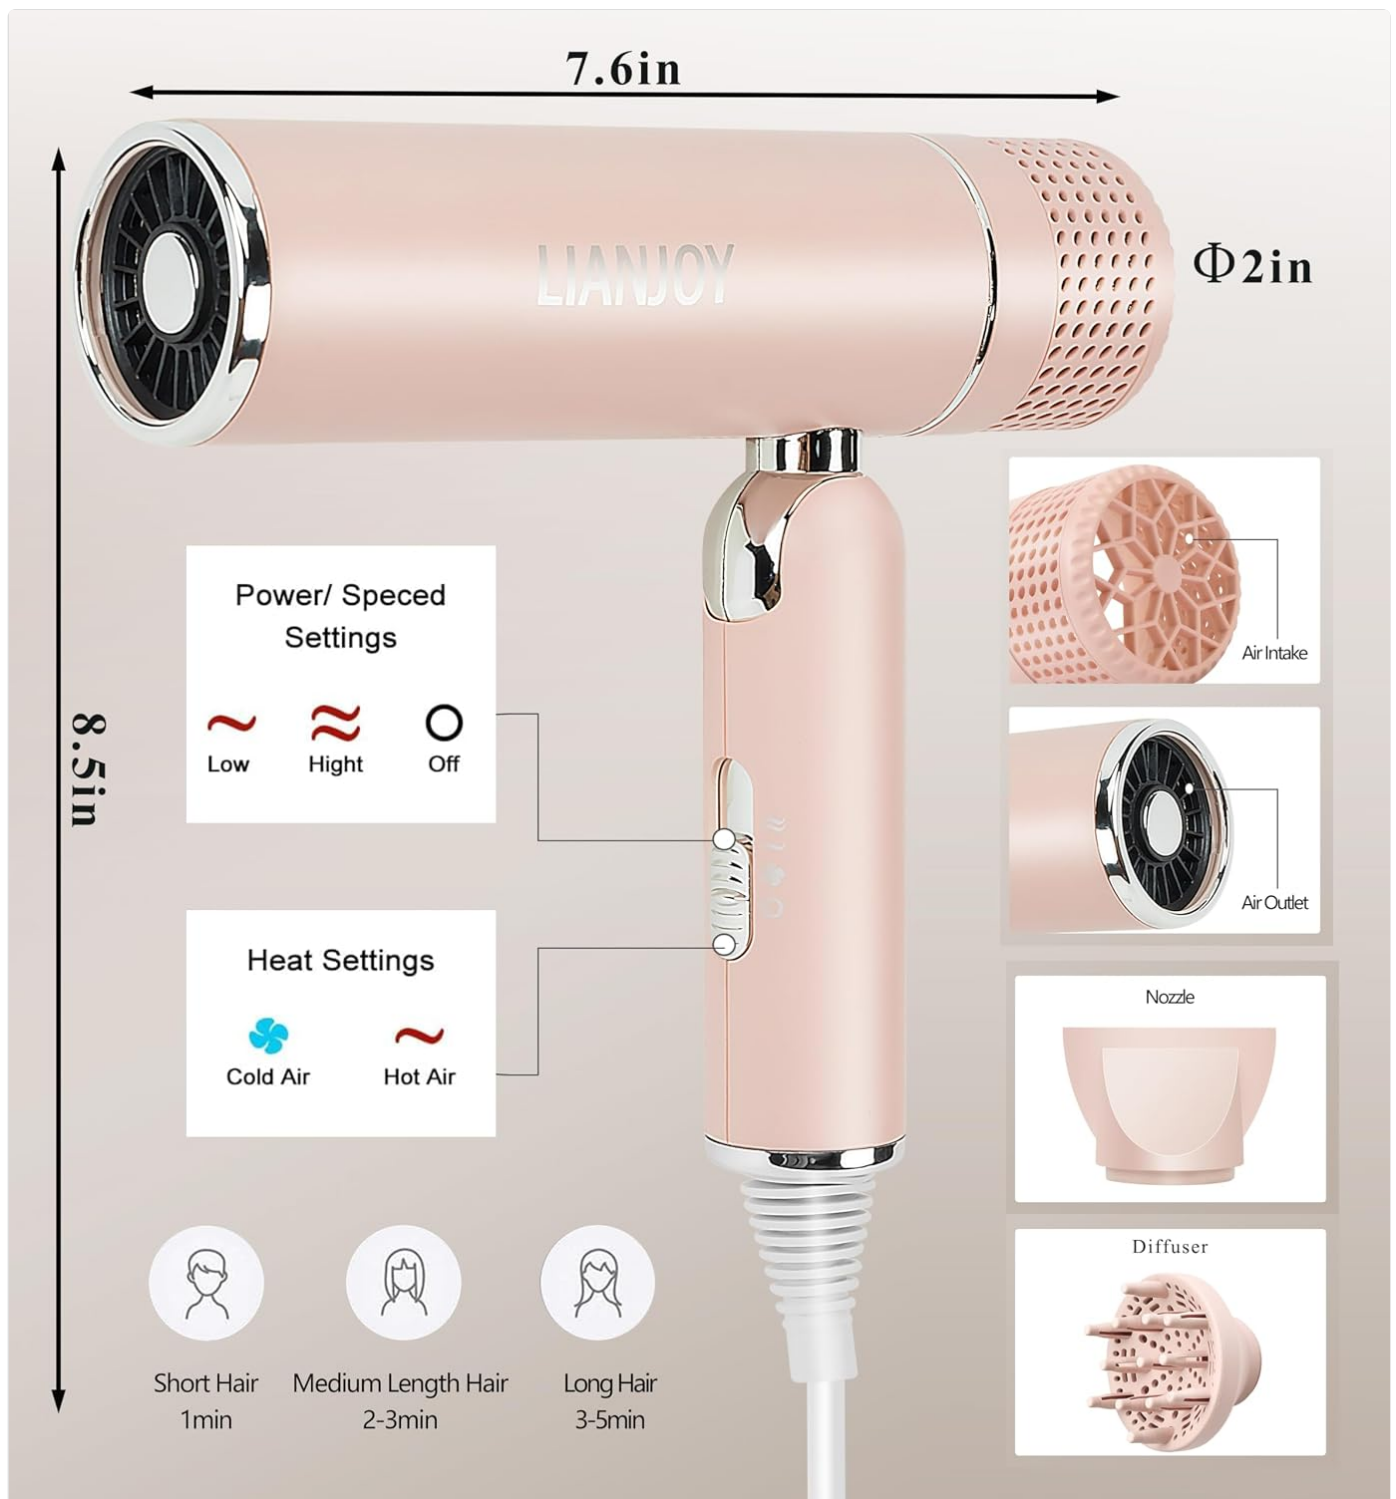

The image displays all items included in the package: the main hair dryer unit, a diffuser, a concentrator nozzle, a black storage bag, and a small white cleaning brush.

PRODUCT OVERVIEW & FEATURES

Foldable Design

The LIANJOY hair dryer features a foldable handle for convenient storage and portability. Its lightweight (0.9 lbs) and compact (7.6 x 8.5 x 2 inches) design makes it ideal for travel.

The hair dryer's handle folds down, reducing its size for easy storage in a bag, as shown in the image.

Fast Drying Technology

Equipped with a 1600W high-speed brushless motor, this hair dryer delivers a wind speed of up to 15m/s, significantly reducing drying time.

- Short hair: Approximately 1 minute
- Medium-length hair: Approximately 2-3 minutes
- Thick and long hair: Approximately 3-5 minutes

This graphic illustrates the rapid drying capabilities for various hair lengths, from 1 minute for short hair to 3-5 minutes for long, thick hair.

Ionic Technology for Healthy Hair

The hair dryer generates millions of negative ions to help smooth hair, reduce frizz, and enhance shine, promoting overall hair health.

Dual temperature protection

Smart constant temperature technology

1600W

The heat blows out
the hair dry and frizzy

VS

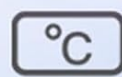

Warm and healthy hair
comes out soft and shiny

32000rpm

35% faster than other traditional hair dryers

Intelligent
temperature
controller

Flame retardant and
heat insulating liner

Constant temperature
nourishes hair

A visual comparison highlights the effect of ionic technology, showing hair that is soft and shiny after use, contrasting with dry and frizzy hair.

Intelligent Temperature & Speed Control

Customize your drying experience with 3 temperature settings (Cool, Warm, Hot) and 2-speed settings (Low, High).

Folding Handle

0.91lb weight take it on a trip or put it away

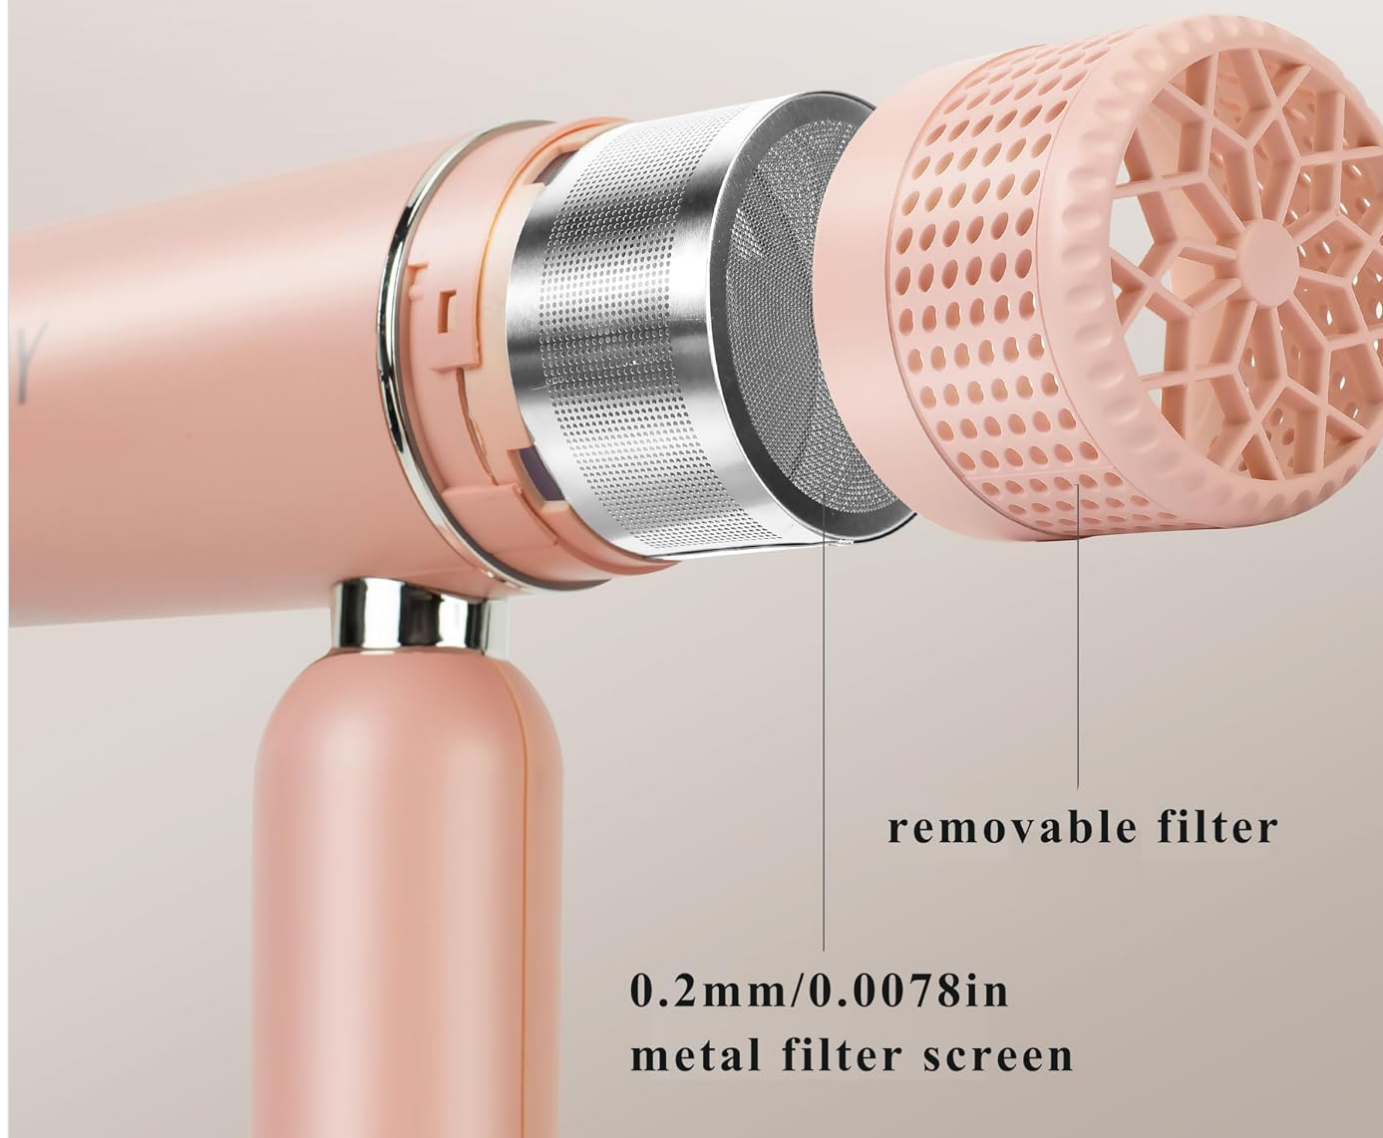

The control panel features distinct buttons for adjusting power/speed (Low, High, Off) and heat settings (Cold Air, Hot Air).

Detachable Air Filter

The rear air filter is detachable for easy cleaning, preventing hair from being sucked into the dryer and maintaining optimal performance.

Detachable Air Filter

99% of your hair does not get sucked into the dryer

This image demonstrates the removable filter and the 0.2mm metal filter screen, designed to prevent hair from entering the dryer.

SETUP

1. Unfold the handle until it locks securely into place.
2. Select the desired attachment (concentrator nozzle or diffuser).
3. Align the attachment with the front of the dryer and attach it magnetically. Ensure it is firmly in place.
4. Plug the power cord into a suitable electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Slide the power switch located on the handle to the "I" position to turn on, and "O" to turn off.
2. **Adjust Speed:** Use the speed control switch to select "LOW" or "HIGH" airflow.
3. **Adjust Temperature:** Use the temperature control switch to select "COOL", "WARM", or "HOT" air.

4. **Using the Concentrator Nozzle:** Direct the airflow to specific sections of hair for precise styling and smoothing.
5. **Using the Diffuser:** For curly or wavy hair, attach the diffuser. Gently cup sections of hair with the diffuser and lift towards the scalp to enhance natural curls and add volume.

This video provides a visual guide on how to operate the LIANJOY hair dryer, including folding, attaching accessories, and using different settings for various hair types.

MAINTENANCE

Cleaning the Air Filter

1. Ensure the hair dryer is unplugged and completely cool before cleaning.
2. Gently twist and remove the detachable rear air filter cover.
3. Use the provided small cleaning brush to remove any accumulated dust or hair from the filter screen.
4. Reattach the filter cover by aligning it and twisting until secure.

Regular cleaning ensures optimal performance and extends the lifespan of your hair dryer.

TROUBLESHOOTING

No Power

- Check if the power cord is securely plugged into a working outlet.
- Ensure the power switch on the handle is in the "I" (On) position.
- Verify that the outlet is functional by plugging in another appliance.

Weak Airflow

- Check if the air filter is clean and free from obstructions. Clean if necessary.
- Ensure no hair or debris is blocking the air intake or outlet.

Overheating

- The hair dryer has an overheating protection feature. If it shuts off, unplug it and allow it to cool down for several minutes.
- Check and clean the air filter to ensure proper airflow.

If issues persist, please refer to the Warranty and Support section.
