KEY FEATURES

The Philips Norelco Portable Shaver PQ888/81 is designed for convenience and performance, offering several key features:

- **Compact and Portable Design:** Ideal for travel and on-the-go touch-ups, fitting easily into bags.
- **Wet and Dry Shaving:** Use for a comfortable dry shave or a refreshing wet shave with gel or foam, even in the shower.
- **ComfortCut Blade System:** Features 18 self-sharpening stainless steel blades delivering 37,000 cutting actions per minute for a smooth finish.
- **3D Floating Heads:** Heads move in 3 directions to follow facial contours, ensuring a clean shave in all areas.
- **Powerful Battery:** Provides up to 2 months of shaving on a single charge, with a quick 5-minute charge for one shave.
- **Fully Washable:** Water-resistant design allows for easy cleaning under tap water.
- **Travel Lock:** Prevents accidental activation during transport.

IMPORTANT SAFETY INFORMATION

For safe and optimal use of this electric shaver, please observe the following guidelines:

- **Risk of Cuts:** Always turn off and unplug the shaver before handling the blades. Exercise caution when operating the shaver close to your skin.
- **Skin Irritation:** If you have sensitive skin, consider using shaving gel or foam.
- **Cleaning:** Rinse the shaver head under running water after each use. Avoid fully submerging the shaver unless specifically instructed. Ensure the shaver is completely dry before storing.
- **Waterproofing:** This shaver is waterproof and suitable for use in the shower. However, do not use it near other water sources to prevent accidental exposure. The IPX7 rating indicates it can be submerged in up to 3 feet of water for up to 30 minutes.
- **Charging:** Only charge the shaver using the provided USB-A cable. Do not leave it plugged in for extended periods after it is fully charged. Do not operate the shaver while it is charging.

PACKAGE CONTENTS

The Philips Norelco Portable Shaver PQ888/81 package includes:

- 1x Philips Norelco Portable Shaver
- 1x Protective Cap (p-cap)
- 1x Deluxe Travel Case
- 1x USB-A Charging Cable (power adapter not included)

SETUP AND INITIAL USE

1. **Unpacking:** Carefully remove all components from the packaging.
2. **Initial Charge:** Before first use, fully charge the shaver. Connect the USB-A charging cable to the shaver and a compatible USB power source (e.g., laptop, wall adapter). A full charge provides approximately 2 months of shaving based on average use. A 5-minute quick charge provides enough power for one shave.
3. **Travel Lock:** The shaver features a built-in travel lock to prevent accidental activation. To activate or deactivate, press and hold the power button for 3 seconds. The lock indicator will illuminate.

Easy to charge anywhere

OPERATING INSTRUCTIONS

The Philips Norelco Portable Shaver is designed for a close and comfortable shave, whether dry or wet.

Shaving Technique

- **Power On:** Press the power button to turn on the shaver.
- **Dry Shave:** For a quick dry shave, ensure your skin is clean and dry. Move the shaver in small, circular motions over your face and neck.
- **Wet Shave:** For a refreshing wet shave, apply shaving gel or foam to your skin. The shaver is fully waterproof and can be used in the shower. Move the shaver in small, circular motions.
- **Contour Following:** The 3D Floating Heads adjust to your facial contours, ensuring consistent contact and a clean shave even in difficult areas.
- **ComfortCut Blades:** The 18 self-sharpening stainless steel ComfortCut blades provide 37,000 cutting

actions per minute for an efficient and smooth result.

- **Power Off:** Press the power button to turn off the shaver.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene of your shaver.

1. **After Each Use:** Turn off the shaver. Open the shaver head unit and rinse it thoroughly under running tap water. The built-in chamber collects cut hair for easy, mess-free cleaning.
2. **Deep Cleaning:** Periodically, you may detach the shaving heads for a more thorough cleaning. Refer to the illustrations in the full product manual for detailed instructions on detaching and reattaching the heads.
3. **Drying:** After cleaning, shake off excess water and allow the shaver head to air dry completely before reattaching the protective cap or storing it in the travel case.

4. **Storage:** Store the shaver in its deluxe travel case to protect it from damage and keep it tidy, especially when traveling.

Showerproof and **fully washable**

TROUBLESHOOTING

If you encounter issues with your Philips Norelco Portable Shaver, refer to the following common solutions:

- **Shaver not turning on:**

- Ensure the travel lock is deactivated. Press and hold the power button for 3 seconds to toggle.
- Check battery level. If low, charge the shaver using the provided USB-A cable.

- **Poor shaving performance:**

- Clean the shaver heads thoroughly. Accumulated hair or debris can affect performance.
- Ensure the shaver is fully charged for optimal motor speed.
- For sensitive skin or tougher beards, try a wet shave with gel or foam.

- **Skin irritation or discomfort:**

- Ensure your skin is clean before shaving.
- Use a gentle touch; excessive pressure is not required.
- Consider using shaving gel or foam, especially if you have sensitive skin.
