KISSWILL LMH-1

Mini Humidifier Instruction Manual

Brand: KISSWILL | Model: LMH-1

INTRODUCTION

Thank you for purchasing the KISSWILL Mini Humidifier. This compact and quiet humidifier is designed to provide soothing mist and a warm night light, perfect for small spaces like bedrooms, offices, or RVs. Please read this manual thoroughly before use to ensure proper operation and maintenance. Retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

- Do not immerse the humidifier in water or any other liquid.
- Use only the provided USB-C cable and a compatible power source (5V).
- Keep the device out of reach of children and pets.
- Do not block the mist outlet.
- Ensure the water level is always above the minimum mark and below the maximum fill line.
- Unplug the humidifier before cleaning or refilling.
- Do not add essential oils directly into the water tank unless specified for aromatherapy humidifiers. Use the designated aromatherapy function if available.
- If the device emits unusual sounds, smells, or smoke, unplug it immediately and discontinue use.

PACKAGE CONTENTS

- KISSWILL Mini Humidifier Body (White)
- USB-C Cable
- Instruction Book
- Cotton Swab

PRODUCT OVERVIEW

The KISSWILL Mini Humidifier features a compact design with intuitive controls.

Front view of the KISSWILL Mini Humidifier, highlighting its sleek white design and the mist outlet at the top.

Key Components:

- **Mist Outlet:** Where the humidified mist is released.
- **Water Tank:** Holds the water for humidification.
- **Control Button:** Manages mist modes and night light.
- **USB-C Port:** For power connection.
- **Night Light:** Integrated LED light for ambiance.
- **Cotton Swab:** Essential for mist generation.

SETUP INSTRUCTIONS

Initial Setup:

1. **Add Water:** Disassemble the top cover from the humidifier body. Fill the water tank with an appropriate amount of clean tap water. Do not overfill.

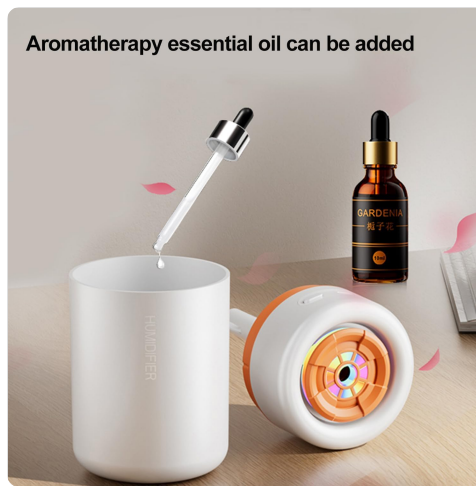

Step 1: Filling the humidifier water tank.

2. **Wet Cotton Swab:** Remove the cotton swab from its housing. Completely soak the cotton swab in water until it is fully saturated. This is crucial for quick mist generation.

Step 2: Soaking the cotton swab.

3. **Install Cotton Swab:** Carefully reinsert the wet cotton swab into its housing in the top cover. Ensure it is installed correctly and that the small spring inside is not lost or dislodged.

Step 3: Installing the cotton swab into the top cover.

4. **Connect Power:** Place the top cover back onto the humidifier body. Connect the USB-C cable to the humidifier's USB-C port and plug the other end into a compatible USB power source (e.g., computer, power bank, wall adapter).

Step 4: Connecting the USB-C power cable.

OPERATING INSTRUCTIONS

Mist Modes:

The humidifier features a single control button for all functions.

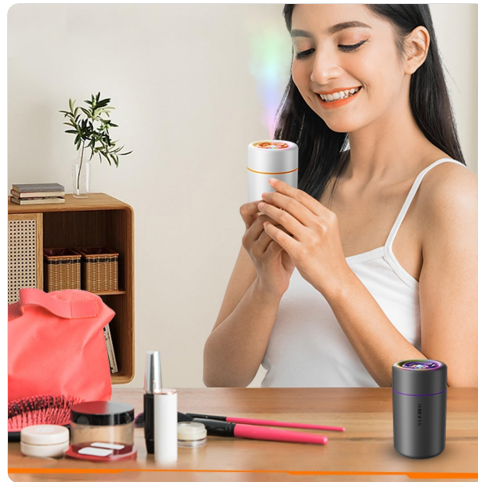

- **First Press:** Activates **Continuous Spray Mode**. The humidifier will continuously emit mist and automatically shut off after 4 hours.
- **Second Press:** Switches to **Intermittent Spray Mode**. The humidifier will spray mist intermittently (e.g., 3 seconds on, 3 seconds off) and automatically shut off after 8 hours.
- **Third Press:** Turns off the mist function.

Night Light Function:

- **Long Press (1.5 seconds):** Turns on the night light. The light will cycle through various colors.
- **Long Press (another 1.5 seconds):** Fixes the night light to a specific color.
- **Long Press (a third 1.5 seconds):** Turns off the night light.

Aromatherapy Function:

This humidifier supports the addition of aromatherapy essential oils. Add a few drops of water-soluble essential oil directly into the water tank. Do not use oil-based essential oils as they can clog the misting mechanism.

Adding essential oil for aromatherapy. Use water-soluble oils only.

MAINTENANCE AND CARE

Regular cleaning ensures optimal performance and extends the lifespan of your humidifier.

- **Daily Maintenance:** Empty any remaining water from the tank and wipe it dry with a clean cloth.
- **Weekly Cleaning:**
 - a. Unplug the humidifier and disassemble the top cover.
 - b. Clean the water tank with a soft brush or cloth and mild detergent. Rinse thoroughly.
 - c. Wipe the mist outlet and the inside of the top cover with a damp cloth.
 - d. If the cotton swab appears dirty or mist output decreases, replace it with a new one.
- **Descaling (Monthly or as needed):** If mineral deposits build up, fill the tank with a 1:1 mixture of white vinegar and water. Let it sit for 30 minutes, then rinse thoroughly. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use for an extended period, clean and dry the humidifier completely. Store it in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	Lack of water Cotton swab not fully wet or installed incorrectly Cotton swab clogged Mist outlet blocked	Refill water tank Ensure cotton swab is fully saturated and correctly installed Replace cotton swab Clean mist outlet
Humidifier not turning on	No power connection Faulty USB cable or power source	Check USB-C cable connection Try a different USB cable or power source

Problem	Possible Cause	Solution
Unusual odor from mist	Stagnant water Mineral buildup	Change water daily Clean the water tank and perform descaling
Night light not working	Not activated correctly	Long press the control button for 1.5 seconds to activate.
Automatic shut-off too soon	Low water level Operating mode duration reached	Refill water tank This is a normal function (4 hours for continuous, 8 hours for intermittent)
