ONBRILL OB-MP-001

ONBRILL OB-MP-001 6-Tier Farmhouse Shoe Cabinet with Cross Molding Doors - Instruction Manual

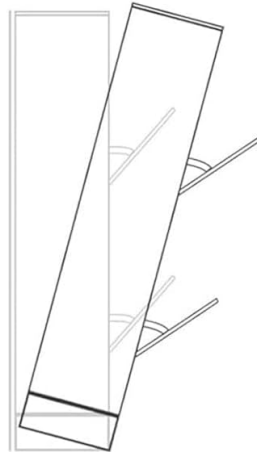

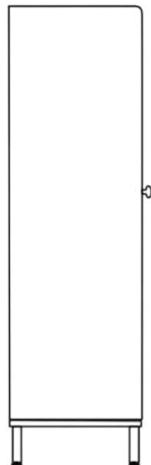

Model: OB-MP-001

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Always assemble the cabinet with at least 2 people to ensure stability and prevent injury.
- Do not overload the shelves or top panel to maintain balance and prevent tipping. The maximum weight limit for the cabinet is 66 pounds.
- Keep the area around the cabinet clear to prevent tripping hazards.
- Utilize the included wall anchors to secure the cabinet to a wall, especially in households with children or pets, to prevent tip-over incidents.

Prevent Tip-over Incidents

2. PRODUCT OVERVIEW

The ONBRILL OB-MP-001 Shoe Cabinet is designed for organized shoe storage in entryways, living rooms, or closets. It features a farmhouse style with cross molding doors and a white finish.

- **Dimensions:** 13.8"D x 29.5"W x 45.3"H
- **Capacity:** Stores approximately 18-24 pairs of shoes.
- **Shelves:** 5 hidden shelves and 1 open shelf. 3 shelves are adjustable.
- **Material:** Engineered wood frame, metal legs, metal handles.
- **Features:** Cross molding doors, adjustable metal feet, closed back design for dust protection, magnetic door closures, rounded corners.

3. SETUP AND ASSEMBLY

Assembly is required for this product. The package includes clearly numbered parts and easy-to-follow instructions. It is recommended that 2-3 people assemble the cabinet to ensure safety and efficiency.

3.1 Unpacking and Preparation

1. Open the package carefully and remove all components.
2. Verify that all parts and hardware listed in the included instruction manual are present.
3. Lay out all pieces on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches during assembly.

3.2 Assembly Steps

Follow the detailed, step-by-step instructions provided in the separate assembly manual included with your product. Key steps typically involve:

- Attaching the metal legs to the base.
- Constructing the main cabinet frame.

- Installing the fixed and adjustable shelves.
- Attaching the cross molding doors and black knobs.
- Securing the back panels.
- Mounting the cabinet to the wall using the anti-tip hardware.

4. OPERATING INSTRUCTIONS

4.1 Storing Shoes

The cabinet offers versatile storage for various shoe types. The 3 adjustable shelves allow customization of compartment heights.

- **Adjustable Shelves:** To adjust a shelf, remove the shelf and reposition the shelf pins into the desired holes. Ensure all four pins are securely inserted before placing the shelf.
- **Shoe Types:** Accommodates slippers, flat shoes, sneakers, high heels, boots, and even shoeboxes. Adjust shelves as needed for taller items like boots or high heels.
- **Open Shelf:** The bottom open shelf provides convenient access for frequently used shoes or slippers.

5. MAINTENANCE

Proper care will extend the life and appearance of your shoe cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dust Protection:** The closed back design helps protect shoes from dust accumulation. Regularly wipe down the interior and exterior surfaces.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Adjustable Feet:** The metal legs feature adjustable feet. Use these to level the cabinet on uneven floors and protect your flooring from scratches.

6. TROUBLESHOOTING

If you encounter any issues with your ONBRILL shoe cabinet, refer to the following common solutions:

- **Doors Not Aligning:** Ensure the cabinet is on a level surface. Check that all assembly screws,

especially those for the hinges and magnetic closures, are properly tightened. The adjustable feet can also help in leveling the cabinet to correct door alignment.

- **Cabinet Wobbles:** Verify that all assembly hardware is securely fastened. Ensure the cabinet is placed on a flat, stable surface. Use the adjustable feet to stabilize the cabinet. If applicable, ensure the anti-tip hardware is correctly installed and secured to the wall.
- **Difficulty Adjusting Shelves:** Ensure shelf pins are fully inserted into the desired holes. Do not force shelves into place.

For issues not covered here or if problems persist, please contact ONBRILL customer service for assistance.

7. SPECIFICATIONS
