Bestier 63 Inch Gaming Desk with LED Lights & Power Outlets Instruction Manual

Model: WDCF | Brand: Bestier

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Bestier 63 Inch Gaming Desk. Designed for optimal functionality and comfort, this desk features integrated LED lighting, convenient power outlets, a pull-out keyboard tray, a moveable monitor stand, and dedicated holders for headsets and cups. Please read this manual thoroughly before assembly and use to ensure proper setup and longevity of your product.

IMPORTANT SAFETY INFORMATION

- Do not exceed the maximum weight limit of 100 lbs (45.36 kg) to ensure stability and safety.
- Always follow proper electrical safety precautions when using the built-in power outlet.
- Ensure all screws and fasteners are securely tightened before use. Periodically check for loose connections.
- Keep small parts away from children during assembly.

ASSEMBLY INSTRUCTIONS

Assembly of the Bestier Gaming Desk is designed to be straightforward. It is recommended to have at least one person for assembly. All necessary tools are included.

Before You Begin

- Unpack all components and verify against the parts list.
- Lay out all parts on a soft, clean surface to prevent scratches.
- Do not fully tighten screws until all components are loosely assembled. This allows for easier alignment.

Assembly Overview

For a visual guide to the assembly process, please refer to the official unboxing and assembly videos provided

by Bestier Direct.

Key Assembly Steps

1. Attach the main frame components using the provided screws and tools.
2. Secure the desktop panels to the frame.
3. Install the keyboard tray rails and the tray itself.
4. Mount the monitor stand to the desktop.
5. Install the LED light strip and connect it to the power outlet unit.
6. Attach the headset hook and cup holder to the desired locations.
7. Connect the built-in power outlet unit to the desktop and plug in the power cord.
8. Adjust the leveling feet to ensure desk stability.

OPERATING YOUR BESTIER GAMING DESK

LED Lighting System

The desk features integrated LED lights with 7 color options and 22 dynamic modes. Use the included remote control to customize your lighting experience.

- **Power On/Off:** Use the power button on the remote.
- **Color Selection:** Choose from 7 main colors using the color buttons.
- **Dynamic Modes:** Select from 22 dynamic modes for various lighting effects.
- **Speed/Brightness Adjustment:** Adjust the speed of dynamic modes and the brightness of static colors using the dedicated buttons.

Integrated Power Outlets

The desk is equipped with a built-in charging station for convenience.

- **AC Outlets:** 4 standard AC outlets for powering monitors, computers, and other devices.
- **USB Ports:** 2 USB ports (5V/2A) for charging mobile phones, tablets, and other USB-powered devices.
- **Power Cord:** A 6.5ft long power supply cord is provided for connection to a wall outlet.

Pull-out Keyboard Tray

The keyboard tray provides a dedicated space for comfortable typing and can accommodate full-size 108-key or 87-key keyboards, plus a mouse. It can also serve as a storage drawer to save desktop space.

Moveable Monitor Stand

The monitor stand is designed for ergonomic viewing and can be repositioned as needed to suit your setup.

Headset Hook and Cup Holder

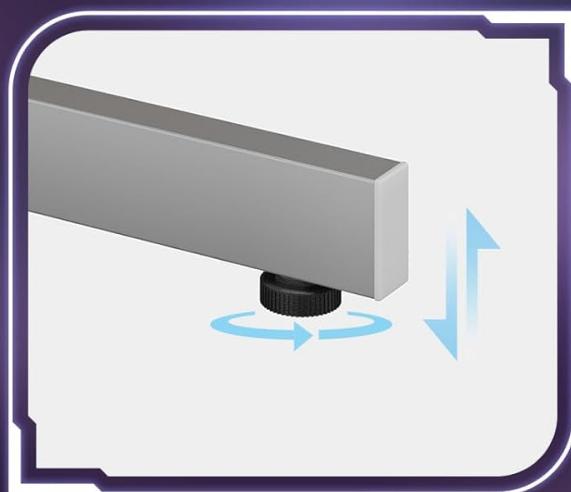

Conveniently located, the headset hook keeps your headphones within reach and off the desktop, while the cup holder prevents spills.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the desk surface with a damp cloth for general cleaning. For deeper cleaning, use a dry cloth.
- **Surface Protection:** The carbon fiber coating and marble splicing are waterproof and scratch-resistant. Avoid abrasive cleaners or sharp objects that could damage the finish.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight.

TROUBLESHOOTING

Holes Not Aligning During Assembly

If you encounter issues with holes not aligning, particularly with side wings or frame components, it is often due to incorrect orientation or premature tightening of screws. Ensure all parts are oriented correctly as per the assembly diagrams before tightening any screws fully. Loosen all screws, adjust the components, and then

gradually tighten them.
