

JEKCA ST19DM09

JEKCA Dachshund Mini 01S Plastic Building Blocks Instruction Manual

Model: ST19DM09

INTRODUCTION

This instruction manual provides comprehensive guidance for assembling your JEKCA Dachshund Mini 01S plastic building block set. JEKCA products feature a unique patented interlocking technology designed to create sturdy, glue-free sculptures. Follow these instructions carefully to ensure a successful and enjoyable building experience.

SAFETY INFORMATION

Warning: Small parts inside. Not suitable for children under 14 years of age due to choking hazards.

This product is recommended for individuals 14 years and above. Keep all small components away from young children and pets.

WHAT'S IN THE BOX

Your JEKCA Dachshund Mini 01S package should contain the following items:

- Instruction Manual
- Plastic Building Bricks (various shapes and colors)
- Interlocking Pins
- Pin Driver Tool
- Quick Guide

SETUP AND ASSEMBLY

The JEKCA building system utilizes a patented interlocking brick-through system to create robust models. A detailed step-by-step manual is included in your package to guide you through the assembly process.

General Assembly Steps:

1. **Unpack Components:** Carefully remove all bricks, pins, and the pin driver from the packaging.
2. **Consult Manual:** Refer to the included instruction manual for specific step-by-step diagrams and brick placement.
3. **Interlocking System:** For enhanced stability, JEKCA models use interlocking pins. After placing a brick, insert a pin through the top stud of the brick and into the corresponding hole of the brick below.
4. **Secure with Pin Driver:** Use the provided pin driver tool to turn the pin 90 degrees, locking the bricks securely in place. This ensures the model remains sturdy and prevents accidental disassembly.
5. **Layer by Layer:** Build your model layer by layer, following the manual's sequence for brick and pin placement.

Below is an illustration of the interlocking pin system:

OPERATING (USAGE)

The JEKCA Dachshund Mini 01S is designed as a decorative display model. Once assembled, it can be placed on shelves, desks, or any flat surface as an artistic sculpture. It is not intended for active play or rough handling, as excessive force may cause components to detach.

MAINTENANCE

To maintain the appearance of your JEKCA model:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.

- **Storage:** If disassembling for storage, keep all bricks and pins organized to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation or color fading.
- **Handling:** Handle the model by its base or sturdy sections to avoid putting stress on individual components.

TROUBLESHOOTING

Bricks Not Staying Together:

If you find that bricks are not holding together securely, ensure the following:

- **Pin Insertion:** Verify that the interlocking pins are fully inserted through the top brick and into the lower brick.
- **Pin Orientation:** Confirm that the pin driver has been used to turn each pin 90 degrees after insertion. This rotation expands the pin within the brick, creating the secure lock.
- **Correct Bricks:** Double-check that you are using the correct bricks as indicated in the instruction manual for each step.
- **Missing Pins:** Ensure all required pins are used for the sections specified in the manual.

If issues persist, carefully review the assembly steps in the included manual, paying close attention to the pin placement and locking mechanism.

SPECIFICATIONS

Feature	Detail
Product Model Number	ST19DM09
Product Dimensions	10.08 x 1.97 x 5.39 inches (25.6 x 5.0 x 13.7 cm)
Item Weight	4.4 pounds
Number of Pieces	>390 pieces
Recommended Age	14 years and up
Manufacturer	JEKCA Limited
