

MEGAWISE HHHD0005

MEGAWISE Ultrasonic Cool Mist Humidifier

MODEL: HHHD0005

Introduction

Thank you for choosing the MEGAWISE Ultrasonic Cool Mist Humidifier. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new humidifier. Please read it thoroughly before use and retain it for future reference.

Important Safeguards

To reduce the risk of fire, electric shock, or injury, please follow these instructions:

- Always unplug the humidifier before cleaning, filling, or moving it.
- Do not overfill the water tank. Ensure water level is below the MAX line.
- Use only clean, cool tap water or distilled water. Do not use hot water.
- Keep the humidifier on a firm, flat, and waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not place the humidifier directly on carpet, towels, or other absorbent surfaces.
- Keep out of reach of children and pets.
- Do not add essential oils directly into the water tank. Use the designated aromatherapy tray.
- Do not block the mist outlet.
- If the unit is damaged, do not operate it. Contact customer support.

Package Contents

- MEGAWISE Ultrasonic Cool Mist Humidifier (Model HHHD0005)
- User Manual

Specifications

Brand	MEGAWISE
Model Name	HHHD0005
Capacity	3.5 Liters (0.5 Gallons)
Product Dimensions	7.02"D x 9.75"W x 7.02"H
Item Weight	1.48 pounds (0.67 Kilograms)
Floor Area Coverage	Up to 500 Square Feet
Special Feature	Adjustable Humidity Control, 7-Color Night Light, Aromatherapy Tray, Auto Shut-Off
Noise Level	24dB (Ultra-Quiet)

Setup

- Unpack:** Carefully remove the humidifier and all accessories from the packaging.
- Placement:** Place the humidifier on a flat, stable, and water-resistant surface. Ensure it is away from direct sunlight, heat sources, and electronic devices.
- Fill Water Tank:** Remove the top cover. Fill the water tank with clean, cool tap water or distilled water. Do not exceed the maximum fill line indicated inside the tank.

Image: Easy Top Fill Design. The humidifier features a wide top opening for convenient water refilling directly from the top, simplifying the process and reducing spills.

For a visual guide on unboxing and initial setup, please watch the video below:

Video: Humidifier Unboxing & First Look. This video demonstrates the unboxing process and provides a first look at the MEGAWISE humidifier, showing its components and how to prepare it for use.

4. **Replace Cover:** Place the top cover back onto the water tank securely.
5. **Plug In:** Plug the power cord into a suitable electrical outlet. The humidifier is now ready for operation.

Operating Instructions

1. **Power On/Off:** Rotate the dial knob clockwise to turn on the humidifier. Continue rotating to adjust the mist output. Rotate counter-clockwise to turn off.
2. **Adjust Mist Output:** The dial knob allows for stepless adjustment of mist intensity from minimum to maximum.

Detail–Oriented Designs

360° Rotate Spout

Direct the mist anywhere you like

Easy Dial Knob

Adjust the output from zero to max

Base without Nooks

Easily clean all the parts

*Note: The float is detachable.

3. **360° Rotatable Nozzle:** The mist outlet nozzle can be rotated 360 degrees to direct the mist in any desired direction.
4. **Night Light Function:** Press the 'Light' button to cycle through 7 different LED colors or select a single color to create a soothing ambiance. Press again to turn off the light.

A Colorful Night Companion for Kids

7-COLOR LIGHT

Image: Colorful Night Companion for Kids. The humidifier features a 7-color LED night light, providing a gentle glow that can be cycled through various colors or set to a favorite hue, ideal for children's rooms.

5. **Aromatherapy:** Locate the essential oil tray at the base of the humidifier. Add a few drops of your favorite essential oil onto the aroma pad. Do not add essential oils directly into the water tank.

Put Aroma Directly In

Let All-Day Stress Out

Image: Put Aroma Directly In. This image shows how to add essential oils to the dedicated tray, allowing for aromatherapy benefits without mixing oils directly into the water tank.

Maintenance

Regular cleaning is crucial for optimal performance and hygiene. The top-fill design and simple base make cleaning easy.

1. **Daily Cleaning:** Empty any remaining water from the tank and base. Wipe down the inside of the tank and base with a soft, damp cloth.
2. **Weekly Cleaning:** For thorough cleaning, remove the top cover and the mist tube. Fill the tank with a mixture of equal parts white vinegar and water. Let it soak for 30 minutes, then scrub with a soft brush or cloth. Rinse

thoroughly with clean water.

- 3. **Base Cleaning:** Clean the nebulizer and the area around it in the base with a soft brush or cotton swab. Do not immerse the base in water.
- 4. **Aroma Pad:** Replace the aroma pad in the essential oil tray regularly or when changing essential oil scents.

Image: Easy to Clean Base. The humidifier's base is designed without intricate nooks, allowing for easy access and thorough cleaning of all parts to prevent mineral buildup.

Troubleshooting

Problem	Possible Cause	Solution
No mist or low mist output	Lack of water in tank; mineral buildup on nebulizer; mist outlet blocked.	Refill water tank; clean the nebulizer and base; ensure mist outlet is clear.

Unusual odor	Dirty water or tank; new unit smell.	Clean the water tank and replace with fresh water; run the unit in a well-ventilated area for a few days.
Water leakage	Tank not properly seated; overfilled tank; damaged tank.	Ensure tank is correctly placed; do not overfill; contact support if damaged.
Humidifier not turning on	Not plugged in; no power; water tank empty.	Check power connection; ensure outlet is working; refill water tank.
