5. CARE AND MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Clean the mirror surface with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror to prevent liquid from entering the electrical components.
- **Spills:** Promptly wipe up any spills to prevent staining or damage to the wood finish.
- **Environmental Conditions:** Avoid placing the vanity in direct sunlight or near heat sources to prevent warping or discoloration. Maintain a stable room temperature and humidity.
- **Material:** The vanity is constructed from double-sided melamine paint-free board, which is high quality, environmentally friendly, healthy, odorless, moisture-proof, wear-resistant, and stable.

6. TROUBLESHOOTING

Common Issues and Solutions

Problem	Possible Cause	Solution
LED Mirror Lights Not Working	Power cable not connected; power outlet issue; touch sensor malfunction.	Ensure power cable is securely plugged in. Test the outlet with another device. Gently clean the touch sensor area.
Drawers Stick or Don't Close Smoothly	Drawer slides misaligned; debris in slides; overloaded drawer.	Check alignment of drawer slides and re-adjust if necessary. Clean slides of any obstructions. Reduce weight in the drawer.
Vanity Feels Unstable	Loose assembly screws; uneven floor.	Tighten all assembly screws. Place shims under the legs if the floor is uneven.

Problem	Possible Cause	Solution
Minor Scratches or Dents	Accidental impact during use or assembly.	For minor blemishes, touch-up paint matching the white finish may be used. Consult a professional for significant damage.
