3. Maintenance and Care

To ensure the longevity and beauty of your caixi Black Gold Super Beads Mahogany Bracelet, please follow these care guidelines:

- **Keep Dry:** Avoid prolonged exposure to water. Remove the bracelet before bathing, swimming, or engaging in activities that involve heavy sweating.
- **Avoid Scratches:** Store the bracelet separately from other jewelry to prevent scratching the beads or metal components.
- **Away from Chemicals:** Keep the bracelet away from harsh chemicals, perfumes, lotions, and cleaning agents, as these can damage the natural beads and metal.
- **Seal and Preserve:** When not in use, store the bracelet in a sealed bag or jewelry box to protect it from air and moisture.
- **Avoid Wearing While Sleeping:** Remove the bracelet before sleeping to prevent accidental damage or entanglement.

4. Troubleshooting

While the caixi bracelet is designed for durability, minor issues may occasionally arise:

- **Elastic Rope Breakage:** If the elastic rope breaks, the beads can be restrung. It is recommended to seek professional jewelry repair for this to ensure proper tension and knotting.
- **Dullness of Beads/Metal:** Over time, natural beads and metal components may lose some of their luster. Gently wipe the beads with a soft, dry cloth. For metal components, a specialized jewelry polishing cloth can be used, avoiding contact with the beads.
- **Loose Charms:** If a charm becomes loose, inspect its attachment point. If it appears to be detaching, professional repair may be necessary to prevent loss.
